## MINUTES

The Vice-Chancellor invited suggestions for changes in the order of business, and there being no motion to that effect the business was taken up for consideration in the order of the agenda paper.

### I. Business brought forward by the Vice-Chancellor

1. The Academic Council, at its meeting held on the 19th September, 1931, adopted a motion referring to the Boards of Studies concerned for consideration and report certain amendments given notice of by members proposing alterations by way of substitution of or addition to the text-books recommended by the Boards of Studies for the several examinations of the University.

The Vice-Chancellor placed before the Council for consideration the recommendations of the Boards of Studies on the proposed amendments. (For amendments and recommendations thereon of the Boards of Studies *vide* Appendix A.)

Mr. A. Mendeloff moved that the recommendations of the Boards of Studies be accepted.

In doing so, he said that the Board of Studies in English felt that the amendments referred back to it by the Academic Council involving the substitution of certain text-books were unnecessary as the books suggested did not come up to the standard required for the examination, while those involving the addition of certain books would make an already heavy syllabus much too over-crowded. With regard to the book suggested to be added to the list of books for the Honours Course in Economics he said that the book was rather out-of-date and not suitable for study under present day conditions.

Dr. B. V. Narayanaswami Naidu seconded the motion which was then put to the vote and CARRIED.

2. At its meeting held on the 19th September, 1931, the Academic Council referred back to the Board of Studies in History its recommendations regarding the special subjects offered for the B.A. (Honours) Degree Examinations of 1934 and 1935 in Branch II—History.

The Board of Studies in History accordingly submitted its revised recommendations on the subject which were placed before the Council for consideration (For revised recommendations *vide* Appendix B.)

Mr. C. S. Srinivasachariar moved that the revised recommendations of the Board of Studies in History be accepted.

In doing so he said that the Board of Studies in History had recommended the new list of special subjects in Appendix B in place of the existing list of special subjects. The new list would come into force from the examinations of 1935 and it consisted of 6 subjects, three of which related to Indian History and three to non-Indian History and Politics. The Board also resolved to recommend that the special subjects for 1933 examination be continued for the examination of 1934.

Mr. R. Sathianatha Ayyar seconded the motion.

Mr. K. Rama Pisharoti desired to know why the number of special subjects relating to Indian History had been reduced and whether the principle involved in the discussion of the Council in September 1931 had been kept in mind.

The Vice-Chancellor pointed out that the original list of special subjects was drawn up by the late Prof. P. T. Srinivasa Ayyangar and that, later, on the death of the Professor, Mr. R. Sathianatha Ayyar brought forward a suggestion that Epigraphy and Numismatics should be split up into two subjects and that Economic

History of India should be omitted from the list. It was suggested then that Numismatics could not be taught without proper equipment and Economic History was a subject more suitable for the Economics Honours course than for the History course. So the subjects selected for the Examination of 1933 were Epigraphy and Ancient Indian Administration.

The list of special subjects now recommended for 1935 showed that even Epigraphy had been dropped and an entirely new set of special subjects was recommended which retained only 'Ancient Indian Administration' out of the old list. The other subjects were largely of a political nature and there was only one subject viz., the Cholas, relating to South Indian History. He did not know what considerations had made the Board revise the old list especially because of the opinion expressed at the Council last September that the special subjects should relate, as far as possible, to South Indian History. He was aware, however, that there were some who thought that European History and Modern Political Constitutions should form an essential feature of historical studies. He requested the mover to explain to the House the considerations which had made the Board revise the list of special subjects in such a manner.

Mr. C. S. Srinivasachari in explaining to the House the reasons for the fresh recommendations said that the new list consisted of three subjects bearing on Indian History and three on Politics and European History. The study of Ancient Indian Administration would involve the study of South Indian History and the 'Cholas' was recommended as a special subject because that was the dynasty which had much to do with our own part of the country and which also contained very reliable historical materials for study. The third subject, viz., History of the Relations between the Indian States and the Government of India was

also a very important branch of study as it involved the study of the Indian states of the past and the present and their relation to the new India that is to be.

Regarding the other three subjects, Federalism was a subject that was regarded as one of the most orthodox of special subjects for a History course. The Secession issue in America was put forward as a fifth subject and it might not be possible to offer courses in that subject immediately. The other subject, viz., History of Modern Imperialism was quasi-historical and quasi-political and it was quite essential for an Honours Graduate to have some knowledge of this subject. Even in the latter half of the list, Federalism and the History of Modern Imperialism would largely have reference to India and Indian affairs. These considerations, among others, he said, had made the Board of Studies choose these subjects for special study for the History Honours course.

Mr. A. Narasinga Rao pointed out that in a small University like this, the list of subjects recommended for special study for an honours course should keep in view the special qualifications of the existing staff. He therefore suggested the desirability of including Archaeology in the list of special subjects as a member of the Staff had specialised in it, and he also said that there might be no harm in including it in the list and taking it up later on, if necessary.

Mr. C. S. Srinivasachari said that the subjects already in the list, viz., Ancient Indian Administration and the Cholas would largely involve the study of epigraphical material. But the study of 'Epigraphy' as a special subject would require a knowledge of different languages to study the original inscriptions and this, the Board felt, would be expecting too much of an Honours student. Epigraphy as a special subject might be introduced later, if a department of Ancient History and Archaeology was opened.

The Vice-Chancellor suggested that the recommendations of the Board of Studies might be accepted for the present and that other special subjects might be added to the list later on if necessary.

The motion was then put to the vote and CARRIED.

3. The Vice-Chancellor placed before the Council for consideration the recommendations of the Boards of Studies regarding Text-Books for the several examinations of the University. (For Text-Books *vide* Appendix C.)

Mr. A. Narasinga Rao moved that the recommendations of the Boards of Studies be accepted.

Mr. S. Krishnamurti seconded.

Mr. G. Srinivasa Ayyar invited elucidatory remarks from the Heads of Departments on the text-books recommended for their respective departments.

Mr. R. Ramanujachariar then said that against the names of certain books prescribed for the Honours course in Philosophy there should be asterisks to denote that they were books for study in detail.

Dr. S. Ramachandra Rao said that ordinarily it should be the policy of the Boards of Studies to continue at least half the matter prescribed for a previous year for the succeeding year and the place where the books recommended were available should also be indicated for the benefit of the students. He further suggested that the recommendations of the Boards of Studies should be submitted to the Faculties for report as the recommendations of the Faculties might be helpful to the Academic Council.

The Vice-Chancellor pointed out that under the regulations the text-books were recommended directly to the Academic Council by the Boards of Studies and so the suggestion to refer them to the Faculties would involve an amendment to the regulations.

Swami Vipulanandaji said that the Tamil Board had felt it desirable to change at least one-fourth of the number of books prescribed every year instead of making a wholesale alteration at the end of each year so that at the end of four years there would be a new set of books. Further, the Council had already committed itself to a consideration of certain books suggested by some members of the Council and these books had now been included in the list. He also added that they had to prescribe from the selections published by the Madras University every year. He suggested that if the University undertook the publication of a similar book of selections it should be possible to give effect to the suggestion made by Dr. S. Ramachandra Rao.

Mr. K. Rama Pisharoti observed that there would be no harm done in prescribing the very same text-books for not more than three years.

The Vice-Chancellor said that it would be desirable to see that some of the text-books at least were retained. Under Part II—Tamil, there seemed to be a perfect balance between the ancient classics and modern prose literature. It was desirable to lay more emphasis on modern prose literature than on the ancient classics so far as Part II was concerned as the course under Part II was to a large extent intended to familiarise the student with modern Tamil prose so that he might be able to express his thoughts in the vernacular.

The motion of Mr. A. Narāsinga Rao was thereupon put to the vote and CARRIED.

4. The Vice-Chancellor placed before the Council for consideration the Syllabuses recommended by the Boards of Studies in Mathematics and Physics together with the opinion thereon, of the Faculty of Science. (For Syllabuses and recommendations of the Faculty *vide* Appendix D.)

Mr. A. Narasinga Rao moved that the Syllabuses recommended by the Faculty of Science be approved.

He added that syllabuses in certain special subjects for the B. Sc. (Honours) Mathematics and in General Physics for the B. Sc. (Pass) course had been recommended by the respective Boards of Studies and they had been fully discussed by the Faculty of Science. The Faculty felt that the recommendation of the Board of Studies in Physics was in the nature of a definite addition to the existing syllabus and could not therefore accept it.

Mr. K. Rama Pisharoti seconded the motion which was put to the vote and CARRIED.

5. The Vice-Chancellor placed before the Council for consideration and acceptance the recommendation of the Syndicate, under Law 2 (4) of Chapter X of the Laws of the following persons suitable for appointment to the several Faculties to be reconstituted under Section 33 of the Act.

*Faculty of Arts*

Mr. S. P. Ragland, M.A.

Mr. R. Satyanatha Ayyar, M.A.

*Faculty of Science*

Mr. T. S. Raghavan, M.A.

Mr. R. V. Seshaiya, M.A.

*Faculty of Oriental Studies*

Mr. R. P. Sethu Pillai, B.A., B.L.

Mr. A. Narasinga Rao moved that the recommendation of the Syndicate be accepted.

Dr. S. Ramachandra Rao seconded the motion which was put to the vote and CARRIED.

6. Resumed discussion on the following motion moved at the meeting of the Senate held on the 27th October, 1931, and referred to the Syndicate for consideration and placed before the Council for opinion.

“That it be a recommendation to the Syndicate and the Academic Council that the necessary regulations be passed, prescribing suitable dress, alike distinctive, graceful and cheap to be worn by the students of the University in their classes, in the library, at the meetings of their Union, on ceremonial occasions and during retreats and Inter-University functions and also requiring the teachers of the University to wear their distinctive academic robes on such occasions.”

During the debate on this question, members of the Council expressed the opinion that it was desirable to ascertain the views of the members of the Staff and of the Students. The above resolution was accordingly discussed at a meeting of the University Students' Union and of the Staff Club of which most of the members of the Teaching Staff were members. The resolutions passed at the meetings were placed before the Council for information. (For resolutions *vide* Appendix E.)

The Vice-Chancellor observed that it was too early to legislate on the subject of academic robes and that it would be better to allow time for things to settle down.

Dr. B. V. Narayanaswami Naidu then moved that the Council do pass on to the next item on the Agenda. Mr. L. K. Govindarajulu, seconded the motion which was put to the vote and CARRIED.

7. The Vice-Chancellor placed before the Council for consideration the following draft Regulations approved by the Syndicate governing the course of

Study and Examination for the Pandits' Training Certificate. (For draft Regulations *vide* **Appendix F.**)

Swami Vipulanandaji moved that the draft Regulations recommended by the Syndicate be adopted.

In doing so he said that the draft regulations were framed on the recommendations of an expert committee appointed to design the courses. He was for emphasis being laid on physical training in a residential University like this.

Mr. K. Rama Pisharoti seconded.

In para 5 of Appendix F, instead of "The candidate's facility . . . . . practical Test." *substitute the following :—*

"The candidate's knowledge of Methods of Physical Training and his ability to conduct classes in it as well as his facility at Black-board work and illustrations, shall be tested as part of the written and practical examination."

Mr. L. K. Govindarajulu, in moving the above amendment, said that for a professional course like the one under consideration, an examination in physical training had hitherto been made compulsory. He would agree to the examination being made as light as possible if that were necessary.

Mr. R. Ramanujachariar seconded.

Mr. E. S. Sunda said that it would be better to have a written test and<sup>o</sup> not a practical test at the end of the course.

Mr. S. Krishnamurti said that a diploma course in physical training might be instituted if necessary rather than make an examination in physical training compulsory for the Pandits who might not be expected to be called upon in later life to take up the duties of Physical Training instructors.

The Vice-Chancellor said that as it was a professional course, it would be in the best interest of the student to have an examination in Physical Training at the end of the course.

Mr. A. Narasinga Rao said that as there would be applicants of different ages seeking admission to the course and that as the course was not available elsewhere, it would be better to wait for some more time to institute an examination in physical training and conduct of games also.

Mr. G. Srinivasa Ayyar said that as the pandits would never be asked to act as physical training instructors, the proposal would be neither good for physical training nor good for the pandits.

After some discussion, the amendment of Mr. L. K. Govindarajulu was put to the vote and CARRIED.

As the following amendments of Mr. G. Srinivasa Ayyar had already been carried, Mr. Srinivasa Ayyar did not move them.

#### Draft Regulations, Appendix F.

- (1) Leave out 'Training Teachers' and insert 'Pandits' Training' before 'certificate' in the title.
- (2) In (1) line 2, leave out 'Teachers' and insert 'Pandits' Training.'

Mr. G. Srinivasa Ayyar then moved the following amendment No. 3, which fell through for want of a seconder.

- (3) In (1) line 7, leave out 'an additional' and insert 'a preferential' before 'qualification.'

In moving the following amendment, Mr. G. Srinivasa Ayyar said that the head of an institution should be given the power to give the certificate.

- (4) In (2) (c) leave out 'in which he was last employed.'

Dr. S. Ramachandra Rao seconded.

The Vice-Chancellor observed that it was thought desirable to insist on a certificate from the administrative head of the institution in which the applicant was last employed in the case of those who had previous teaching experience.

After some discussion, draft regulation 2(c) was adopted in the following amended form:

- (c) A certificate of conduct signed by the manager or the administrative head of a recognised institution in which he was last employed or in case he has had no previous teaching experience, a certificate from the president of a local board or the chairman of a Municipal Council or the District Educational Officer or the Head of a recognised high school or College.

Amendment No. 5 dropped in view of the Amendment moved by Mr. L. K. Govindarajulu having been passed:

- (5) In (4) omit 'd. Physical Training and the conduct of Games.'

Mr. G. Srinivasa Ayyar, with the permission of the House withdrew the following amendment:

- (6) In (6) substitute 35 for 30.

Thereupon the original motion as amended was put to the vote and CARRIED.

8. The Academic Council at its meeting held in March, 1932, referred back to the Syndicate the revised draft Regulations governing fees to Paper-Setters and Examiners for the University Examinations together with the amendments thereto given notice of by a member.

The Vice-Chancellor placed before the Council the revised Regulations as modified by the Syndicate for consideration and adoption. (For draft Regulations as modified *vide* Appendix G.)

The Finance Committee had already expressed its opinion in favour of the proposed changes.

Mr. A. Narasinga Rao moved that the draft Regulations as modified and recommended by the Syndicate be adopted and given effect to from the examinations of 1933 *et seq.*

He added that as the University was going to have new examinations like the examinations in Music and the practical examinations for the Intermediate, and as there was a need for economy, it was thought desirable to revise the rules relating to remuneration to paper-setters and examiners. He also suggested certain verbal alterations which were agreed to.

Mr. K. Rama Pisharoti seconded the motion which was put to the vote and CARRIED.

9. The Syndicate considered the desirability of amending the Laws governing the Departments of Studies comprised in the several Faculties with a view to bringing them into line with Section 19 (3) of the Act relating to the Headship of Departments and resolved to recommend that Laws 1 and 2 (Regulations of Chapter XI of the Laws) (pp. 109 and 110 of the University Calendar 1931-32) be amended as follows so that Departments of Studies might be so regrouped that each department would have a Professor or a Reader as its head and that it might include sections having teachers below the rank of a Reader

That Laws 1 and 2 of Chapter XI be modified to read as follows :—

1. Each Faculty shall comprise such departments of study as may be prescribed by the Regulations and each department of study may include such sections as may be attached to it.
2. (a) The following shall be the Departments of Study comprised in the Faculty of Arts :—

- (1) English.

Section (a) Modern European Languages other than English.

- (2) History and Politics.

- (3) Economics.

- (4) Philosophy.

- (b) The following shall be the departments of study comprised in the Faculty of Science :

1. Mathematics ;

2. Physics ;

3. Chemistry.

Section (a) Natural Science.

- (c) The following shall be the Departments of Study comprised in the Faculty of Oriental Studies :

1. Tamil.

Section (a) Indian Music.

(b) Pandits' Training Section.

2. Sanskrit.

Section (a) Dravidian Languages other than Tamil.

#### *Consequential Amendment.*

In Statute 2 of Chapter XII, Section 13 ' Ancient Indian History and Archaeology ' be deleted and the subsequent section renumbered.

Mr. A. Narasinga Rao moved (i) that the draft amendments to the Laws (Regulations) recommended by the Syndicate be accepted and given effect to from the 1st September, 1932.

(ii) that the draft amendment to the Statute be approved and recommended to the Senate for adoption.

Mr. A. Mendeloff seconded the motion.

The Vice-Chancellor observed that the institution of new courses of study had necessitated the regrouping of the departments in view of the special provision in the Act that the Head of a Department should be a Professor or a Reader.

Mr. E. S. Sunda said that as the Act did not provide for sections of a Department, he was not sure whether the Academic Council was right in passing such a resolution and that it would be better to take legal advice on the matter.

The Vice-Chancellor pointed out that the Academic Council had the power under Section 18 (d) of the Act to reconstitute Departments of Studies and that there was nothing inconsistent with the Act in the Regulations placed before the House. He however assured Mr. Sunda that the suggestion of the member re: legal advice would be borne in mind.

The motion of Mr. A. Narasinga Rao was then put to the vote and CARRIED.

10. The Vice-Chancellor placed before the Academic Council for consideration and adoption the following draft Transitory Regulation approved by the Syndicate framed for the benefit of students who failed in the Intermediate Examination of March 1932 permitting them to take the subsequent examinations under the Old Regulations in force prior to 1931-32.

“Candidates for the Intermediate Examination who commenced their courses of study for that examination under the regulations in force prior to the academic year 1931-32 shall be permitted to complete the Intermediate Examination under the above mentioned regulations, subject to the proviso that after the examination of the year 1934 no candidate will be permitted to avail himself of this benefit and all candidates for Intermediate examination will thereafter be required to take the examination under the regulations then in force.”

Mr. A. Narasinga Rao moved that the draft Transitory Regulation recommended by the Syndicate be adopted.

Mr. R. Ramanujachariar seconded the motion which was put to the vote and CARRIED.

11. The Syndicate considered the desirability of making a transitory provision for the benefit of the Students of The Rajah Annamalai Music College who commenced their course of studies prior to the academic year 1932-33 permitting them to take the Sangita Bhushana Title Preliminary and Final Examinations of the University to be held in March 1933 under certain conditions and resolved to recommend the following draft transitory Regulation for consideration and adoption by the Academic Council.

*Transitory Regulation.*

Notwithstanding anything to the contrary in the Regulations governing the Sangita Bhushana Title Examination, the Annamalai University shall, for the benefit of the students of the Rajah Annamalai Music College, Chidambaram, who have entered upon a course of study for an examination in Music prior to

the academic year 1932-33, arrange to conduct classes to complete the course and shall permit them to take the Preliminary and Final Examinations for the Sangita Bhushana Title to be held in 1933 under the following conditions :

1. Students who are in the second year of the course of studies during 1932-33 shall, on the successful completion of the course, be admitted to the Preliminary examination of March 1933 and exempted from the Examination in English ;
2. Students of the fourth and the third year course during the academic year 1932-33 who shall have successfully completed the course in accordance with the new syllabus shall be admitted to the Final Examination for the Sangita Bhushana Title to be held in 1933 and 1934 respectively ;
3. Students who completed their fourth year course in March 1932 shall be admitted to the Final Examination for the Sangita Bhushana Title to be held in 1933 on the strength of their attendance at the Rajah Annamalai Music College in the years 1929-32 provided they take instruction in the theory of Music during the third term of the academic year 1932-33.

Swami Vipulanandaji moved that the draft transitory regulation recommended by the Syndicate be adopted.

Mr. K. Rama Pisharoti seconded the motion which was put to the vote and CARRIED.

12. The Vice-Chancellor placed before the Academic Council under Law 32 of Chapter IV of the

Lays the reports of the Deans of the Faculties on the working of the several Faculties during the Academic year 1931-32. (For reports *vide* **Appendix H.**)

13. The Syndicate considered the recommendation of the Board of Examiners in English for the Intermediate Examination of 1932 suggesting the desirability of reducing the minimum percentage of marks for a distinction and a pass in the first class in the Intermediate Examination prescribed by the Regulations and resolved to recommend the following draft amendments to the Regulations with a view to giving effect to the suggestion.

The Faculties and the Boards of Studies were consulted and they have expressed their opinion in favour of the proposed changes.

(a) In Regulation 8 of Chapter XXXI (Page 183 of the Calendar 1931—32) line 3 substitute '50' for '60'

(b) In line 8 of the same Regulation substitute '60' for '75'

Mr. A. Mendeloff moved that the draft amendments to the Regulations be adopted and given effect to from the examinations of 1933 *et seq.*

Mr. S. Krishnamurti seconded the motion which was put to the vote and CARRIED.

14. The Vice-Chancellor reported that on the recommendation of the Board of Studies in English, the scheme of marks for the several papers in the B. A. (Hons.) Degree Examination in Branch IV-English Language and Literature, had been revised by the Syndicate so as to secure an even distribution of marks between Literature and Language papers. (For the revised scheme *vide* **Appendix I.**)

15. The Vice-Chancellor placed before the Council for consideration and adoption the proposal of the

Board of Studies in Sanskrit approved by the Syndicate recommending the inclusion of Archaeology in the list of special subjects offered for the B. A. (Hons.) Degree Examination in Branch V—Sanskrit Language and Literature. (For recommendations of the Board and Text-books *vide* Appendix J.)

Mr. K. Rama Pisharoti moved that the recommendations of the Board of Studies in Sanskrit be accepted.

Mr. T. Venkatarama Dikshitar seconded the motion which was put to the vote and CARRIED.

16. The Vice-Chancellor placed before the Council for consideration the following draft amendments to the Regulations governing the Siromani Preliminary Examination (page 215 of the University Calendar, 1931-32) recommended by the Board of Studies in Sanskrit and approved by the Syndicate.

Regulation 7 (ii) (a) and (b) of Chapter XXXV (p. 215 of the Calendar 31-32) be amended as follows :—

In (a) delete “Tarka, Mimamsa and ” before ‘Vyakarana,’ add a comma after “Vyakarana ” and after comma add “Alamkara and the systems of Indian Philosophy ”.

In (b) read “or ” in place of “and ” before the “Smritis ”.

Mr. K. Rama Pisharoti moved that the draft amendments recommended by the Syndicate be adopted.

Mr. T. Venkatarama Dikshitar seconded the motion which was put to the vote and CARRIED.

17. The Syndicate considered the desirability of making arrangements for holding a second examination for the B. A. Degree in September of each year

for the benefit of candidates failing in the March examination and resolved to refer the matter to the Faculties and the Academic Council for opinion. The Syndicate, having considered the reports of the Faculties and the replies on the subject so far received from the members of the Academic Council expressing the opinion in favour of holding a second examination, recommended to the Academic Council the adoption of the proposal.

Mr. A. Narasinga Rao moved that the Academic Council express the opinion in favour of holding the B. A. Degree Examination in September and recommended that the Syndicate be requested to give effect to the proposal.

Dr. B. V. Narayanaswami Naidu seconded.

The Vice-Chancellor observed that as it was rather late in the year, the September examinations would be arranged for from next year, i.e., September, 1933.

The motion was then put to the vote and CARRIED.

18. The Vice-Chancellor placed before the Council for an expression of its opinion the following recommendation of the Syndicate with a view to reducing the value of Research Studentship from Rs. 60 to Rs. 40 per mensem. The Boards of Studies and the Faculties were consulted in the matter and they had expressed the opinion in favour of the proposed reduction.

‘That it be recommended to the Senate that the value of the Studentship be reduced from Rs. 60 to Rs. 40 per month.’

Mr. K. Rama Pisharoti moved that the Academic Council approve of the proposal and recommend it to the Senate for adoption.

Mr. A. Narasinga Rao seconded.

The Vice-Chancellor said that it was the intention of the Syndicate not to reduce the total amount set apart for studentships but to distribute the amount among a larger number of departments of study.

The motion was then put to the vote and CARRIED.

## II. Resolution given notice of by a member.

MR. E. S. SUNDA.

19. That this Academic Council recommends to the Syndicate that steps be taken to institute a Diploma Course in Fine Arts at an early date in this University.

Mr. Sunda, in moving the above resolution, said that this University should mark something new in its development and the institution of a diploma as proposed would be a distinguishing feature of this University.

Mr. A. Narasinga Rao, in seconding the motion said now that Indian Music had been introduced and lady students were being admitted, the introduction of a Faculty of Fine Arts and the introduction of subjects like painting might be considered.

Swami Vipulanandaji suggested that as a beginning the subject of Painting might be included as an optional subject for the Intermediate.

The motion was then put to the vote and CARRIED.

Mr. E. S. Sunda then moved

"that the Academic Council congratulate the Founder Pro-Chancellor on the distinction which had been conferred on him by the Madras University and that a copy of the resolution be sent to the Founder."

The same was unanimously CARRIED.

Mr. Sunda then thanked the Vice-Chancellor on behalf of the members of the Academic Council for all the kindness he had shown them during the past three years.

The Vice-Chancellor thanked the members of the Academic Council for their kind words and also expressed his gratitude to them for their very cordial co-operation with him during the past three years. He said that the Council could look back with very great satisfaction on the work that had been done during the period. The members would recall that practically every course of study at the University had been subjected to a most careful examination and had been revised. Starting with the Intermediate, new languages and new subjects of study e.g., Natural Science, had been added during these three years in Parts II and III and very important alterations and additions had been made in the examinations relating to Mathematics, Physics and Chemistry. The whole of the B.A. and B.Sc. courses had been remodelled leading to the introduction of a second language and the strengthening of the optional part of the course by the inclusion of two subjects of equal standard. The first examination under the new scheme would be held in the ensuing March and it would be premature to express an opinion about the success of the new scheme. But it seemed to him that from the point of view of general culture, the new course was better than most B.A. Pass courses in Indian Universities. Then in regard to the Honours schools the Council might congratulate itself on the institution of new courses in Tamil, Physics and Chemistry. The Honours courses of study in Mathematics and Sanskrit had also been revised and the revised regulations came into force in July, 1931. Then again a *viva voce* test had been made a part of all the Honours examinations and regulations had been passed for the institution and award of the research degrees of Master of Literature and of Master of Science. The course of study for the Certificate of Proficiency in Oriental Learning had been revised and courses of study in South Indian Music and for

Pandits' Training Certificates had been instituted. Members were aware, however, that the devising of curricula of studies was one thing, and making them effective instruments of education was another. Fortunately the majority of the members of the House were themselves teachers of the University and the Council might look confidently to them to work the new courses with enthusiasm and success. It had been rightly said that teaching was much more than a technique and an art, it was a life and an example. The most important part of a teacher's work was the example which he personally set. It was by personal contact and by personal example that enthusiasm for scholarship and knowledge was kindled in the student. He hoped therefore that in this University where every endeavour was being made to promote personal intercourse between the teachers and the taught, the students would be stimulated to seek knowledge diligently, to apply that knowledge and to make contributions to knowledge.

He then thanked the members for the very valuable help and co-operation they had given him during the past three years and wished them good-bye.

There being no other business on the Agenda Paper, the meeting terminated at 2-30 P. M.

## APPENDIX D

### SYLLABUSES

#### B. Sc. (Honours)

##### (1) *Statistics including probabilities and Errors of Observation*

Same as under the Old Regulations

##### (2) *Differential Geometry*

1. *Curves in Space*.—The tangent, osculating plane principal normal, binormal and formulæ connected with them; Curvature and torsion of a space curve; Frenet's Formulæ—the osculating sphere and the locus of the Centres of Spherical Curvature; intrinsic equation of a curve; a curve is uniquely determined except as to position and orientation in space when its two curvatures are given as functions of its arc.

Developables associated with a space curve.

2. *Special Space Curves*.—The main properties of Circular and Cylindrical helices; Curves of constant curvature or torsion; Bertrand Curves; Minimal Curves; etc.

3. *Geometry of Surfaces*.—Curvilinear co-ordinates on a surface; the fundamental magnitudes of the first order; angle between curves etc. conformal representation and applicability; fundamental magnitudes of the second order; curvature of a normal section; principal directions and curvatures.

Organic curves on a surface such as Asymptotic lines, Minimal lines, lines of curvature, conjugate curves;

Geodesics and Geodesic Curvature; Geodesic parallels; Beltrami's differential parameters.

Gauss' Characteristic equation; the equations of Mainardi and Codazzi; Bonnet's theorem that a surface is determined uniquely except for orientation and position by the three fundamental magnitudes of the first order and three of the second order.

4. *Special surfaces*.—A study of developable and skew ruled surfaces; Quadrics, surfaces of constant total or mean curvature, minimal surfaces, surfaces of revolution, etc.

### GENERAL

5. *Riemannian Geometry*.—Covariant and contravariant transformations in linear  $n$ -dimensional space; Vector and tensor components in different co-ordinate systems; multiplication and contraction of tensors; Quadratic differential forms; the fundamental metrical tensor; covariant differentiation; the curvature tensor and the Riemann Christoffel tensor.

Application of the theory for the study of

(1) Euclidean Geometry with Curvilinear Co-ordinates and

(2) Geometry on a surface immersed in Euclidean 3-space, including parallel displacement on a surface and its relation to the Riemann tensor.

*Books recommended for study:*

*The relevant parts of:*

Weatherburn: *Differential Geometry of three dimensions*;  
Cambridge University Press.

Eisenhart: *Differential Geometry*

Eisenhart: *Riemannian Geometry*, Princeton University Press.

*Books recommended for reference.*

Forsyth: *Lectures on the differential Geometry of Curves and surfaces*; Cambridge University Press.

Duschek Mayer: *Lehrbuch der Differential Geometrie*;  
Bd. I and II.

Veblen: *Invariants of quadratic differential forms*.

McConnel: *Applications of the absolute differential Calculus*.

Blaschke: *Vorlesungen Über Differential Geometrie*,  
Bd. I.

*Syllabus:—*

Same as for 1934 with the following correction: under General Physics in the last paragraph, insert 'Equilibrium of floating bodies and metacentre' between 'Thrust of fluid on plane surfaces' and 'Determination of height by barometer'.

*Recommendations of the Faculty of Science.*

(1) The Faculty resolves to recommend the Syllabuses and Text-Books in 'Differential Geometry' and 'Statistics, to the Academic Council for acceptance.

(2) The Faculty is not in favour of any modification of the Regulations dealing with the Syllabuses and Examinations of the B. Sc. Pass Course just at present.

## APPENDIX E

Resolution passed by the University Union at its meeting held on the 26th January, 1932.

'That this House approves of the motion placed before the Academic Council on the 18th December 1931, . . . . .

The following is the suggestion that has received the largest number of votes.

*Head Dress :* Cap with 'Varsity' crest.

*Dress :* A full long white shirt or Kurtha.

A full Dhoti, An Angavastram or upper cloth.

*Footwear :* Sandals or Slippers or Shoes.

The following supplementary suggestions have also been passed.

1. The uniform should be made of either handspun Indian Khaddar or cloth manufactured by indigenous Indian Mills, preferably the former.

2. Other articles of dress besides cloth, should be of such material as can be procured from Swadeshi Markets.

---

At a meeting of the Staff Club held on the 17th March 1932 the motion that specific dress or robes should be worn by members of the Staff at lectures was unanimously rejected.

## APPENDIX F

### Pandits' Training Certificate

1. No candidate shall be permitted to enter upon a course of study for the Pandits' Training Certificate unless he has passed either the Vidwan or Siromani Examination of this University or the S.S.L.C. Examination of the Department of Education in Madras or other examinations accepted by this University as equivalent thereto; previous experience as a teacher of languages in a recognised school shall be an additional qualification for admission to the course.

2. Every candidate for admission shall submit an application in the prescribed form. His age must be not less than 18 and must not exceed 25 years; or in the case of a candidate who has been employed as a teacher in a recognised school for not less than 5 years, 35 years, provided however that it shall be in the power of the Vice-Chancellor, in very special circumstances, to admit a candidate whose age does not fall within the above limits. He shall also produce before admission the following certificates :—

(a) Certificate of Health from the University Medical Officer, or other medical authority approved by the Vice-Chancellor certifying that the candidate is physically fit to perform efficiently the duties of a teacher.

(b) A certificate of general educational qualifications.

(c) A certificate of conduct signed by the manager or the administrative head of a recognised institution in which he was last employed or the President of a Local Board or the—Chairman of a Municipal Council or the District Educational Officer.

3. No candidate shall be eligible for the certificate unless he has completed the course of study prescribed and passed an examination in the subjects laid down.

4. The course of study shall extend over a period of one year consisting of three terms and shall comprise instruction in the following subjects according to a syllabus to be prescribed from time to time.

(a) Principles and methods of Teaching.

(b) The teaching of Tamil or Sanskrit.

(c) Drawing with special reference to black-board hand-writing.

(d) Physical Training and the conduct of games.

5. The examination shall be by means of written papers and there shall be two papers each of three hours duration, one on Principles and Methods of Teaching and the other on the Teaching of Tamil or Sanskrit. There shall also be a practical test. The candidate's facility at Black-board work and illustrations shall also be tested as part of the written and practical test.

6. A candidate shall be declared to have passed the examination if he obtains not less than 30% of the marks in the written part and 30% of the marks in the practical test and not less than 40% of the total marks in the whole examination. All other candidates shall be deemed to have failed in the examination. A certificate of having passed the examination shall be issued to each successful candidate.

7. The names of all successful candidates shall be published in the Fort St. George Gazette, and they shall be

arranged in three classes, the first consisting of those who obtain not less than 60%, the second of those who obtain not less than 50% and the third of those who obtain less than fifty per cent of the total marks.

### CHAPTER XXVI

#### BOARD OF EXAMINERS, ETC.

##### *Regulations*

That Regulation 15 (2) of Chapter XXVI (pp. 164 to 163 of Calendar 1931-32) be modified to read as follows :—

##### (2) *Practical and Oral Examinations :*

Prescribing the work to be done for each examination separately arranged irrespective of the number of examiners engaged therein :—

Rs. 15 for each batch arranged for the examination subject to a minimum fee of Rs. 50 for each test.

Conducting, superintending the examination, judging the merits of the candidates, and examining the Laboratory note-books per subject :—

Intermediate or Preliminary Rs. 2 per candidate.

B.A. or B.Sc. or Vidwan or Bhushana Rs. 4 per candidate.

B.Sc. (Honours) Rs. 12 per candidate.

For each practical test for the Bhushana Title a fee of Rs. 10 will be paid for prescribing the work.

##### *Viva Voce and Oral Examinations*

For judging the merits of the candidates if the examination is held not in conjunction with the Practical Examination if any, Rs. 2 per candidate.

This payment will be distributed equally among all the members of the Examining Board.

Attenders whose services may be availed of during the conduct of practical examinations may be paid at the following rates :—

Laboratory Attender—Re. 1 each for a day.

Skilled assistants engaged by examiners for special work may on the recommendation of the Examiners concerned be paid a fee as follows :—

As. 8 per candidate per test.

(3) *Allowance to Chairman and Chief Examiners.*

(a) Chairman of Boards of Question Paper Setters will be paid the following allowances :—

- |  |          |
|--|----------|
| (i) To a Chairman of a Board constituted outside India and is a paper setter           | £ 5      |
| To a Chairman of a board constituted outside India who does not set any question paper | ... £ 10 |

- (ii) To a Chairman of a Board constituted and functioning in India :—

Rs.

If the number of papers set is not less than 30, the fee will be	... 50
---	--------

If the number of papers set is less than 30, the fee will be	... 25
---	--------

(b) To each Chairman of a conducting Board for the B.A. (Hons.), B.Sc. (Hons.), B.A. or B.Sc. Degree or Intermediate Examination or for all the examinations an allowance will be paid at the rate of Re. 1 for each complete 100 entries or each part thereof made in the course of tabulating the marks.

*Note :—*The above allowance mentioned in (a) will be paid to the Chairman of the Boards of Paper Setters and also to the Chairman of the Boards who set question papers and value the answer papers in addition to the ordinary Chairmen's fee under (b) and the payment of the same to the Chairmen is conditional on the Syndicate being satisfied that

the papers set have been on the lines laid down or prescribed by the syllabuses and text-books. This amount will therefore be paid after the Examinations.

A Chief Examiner for the B.A. Degree or Intermediate Examination will be paid a remuneration of Rs. 50 for issuing instructions to Additional or Assistant Examiners in his subject necessary for securing uniformity of standard in valuing.

A Chief Examiner will also be entitled for payment at the ordinary rate of valuation, for re-valuation of answer books of his Assistants, up to a maximum of 5 per cent. of the total number of answer books valued by his Assistant Examiner.

(2) The Syndicate shall have power to enter into agreement with any other university for holding conjoint examinations either for setting question papers or for conducting the examination or for both. Such arrangements shall be reported to the Academic Council.

## APPENDIX H

### Reports of Faculties on their working during 1931-32.

#### FACULTY OF ARTS.

The composition of the Faculty as it was on the 1st of July 1931 underwent a few changes viz. I was added on to the Faculty on 1-1-32 consequent on my appointment as the Professor of History and elected Dean on 15-1-32 in the place of Professor K. M. Khadye resigned. Mr. A. Mendeloff became a member of the Faculty in November 1931 consequent on his appointment as Reader in English. Dr. S. Sen ceased to be a member of the Faculty on 31-5-32 as he resigned his post in the University.

Three meetings of the Faculty were held on the 31st August 1931, on the 2nd November 1931 and on the 15th February 1932; besides there was a joint meeting of all the Faculties under the Chairmanship of the Vice-Chancellor on the 23rd March 1932.

The Faculty approved the syllabus in the History of India course for the B.A. degree (New Regulations) as modified by the Board of Studies in History and Politics and also the recommendations re: paper-setters etc., made by the various Boards of Studies. It made a recommendation to the Syndicate that internal paper-setters and examiners be associated with external paper-setters and examiners in every department of study in the University.

It was further of opinion that the seminar classes of small batches of students be held once a fortnight for full and free discussion of topics connected with the courses of study and that each student be enabled to attend at least 4 such seminar classes in each subject in the course of the Academic year.

---

## FACULTY OF SCIENCE

### I. *Personnel*

At the beginning of the academic year the Faculty was composed of the following *Ex-Officio Members*.

1. A. Narasinga Row Esq., M.A., L.T., Head of the Mathematics Department and Dean of the Faculty ;
2. G. V. Krishnaswami Ayyangar Esq., M.A., Reader in Mathematics ;
3. S. Ramachandra Rao Esq., M.A., PH. D., Head of the Department of Physics ;
4. S. N. Chakravarti Esq., M. SC., D. PHIL., Head of the Department of Chemistry ;

and the following *Members appointed by the Academic Council*

5. N. S. Subba Rao Esq., M.A., Lecturer in Physics ;
6. M. L. Sitaraman Esq., M. SC., Lecturer in Chemistry.

Messrs. Subba Rao and Sitaraman resigned their membership during the year and the Academic Council appointed.

- 5 (a) T. S. Raghavan Esq., M.A., Lecturer in Botany ;
- 6 (a) R. V. Seshaiyah Esq., M.A., Assistant Lecturer in Zoology, to the vacant seats.

2. The inclusion of the Natural Science Group among the courses offered for the Intermediate Examination, and the opening of Post Graduate Honours Class for Physics and the Honours Class in Chemistry, mark the year under review as an eventful one from the point of view of the subjects included in the Faculty of Science. These newly introduced courses have proved very popular and have attracted a fair number of students.

3. *Meetings.* The Faculty met 5 times during the year and transacted business in circulation on one occasion. The subjects discussed related mainly to the newly introduced courses of study—the examination in the subsidiary subject for the B. Sc. Honours degree examination, the Practical Test in Natural Science, the distribution of marks as between theory papers and practical test, and syllabuses in certain subjects for the B. Sc. Honours. The faculty made recommendations to the Syndicate regarding Paper Setters and Examiners in the Science subjects and recommended the extension of individual instruction through the Tutorial System to the B. Sc. pass classes. The details regarding this were discussed at a Joint meeting of all the Faculties held on the 23rd March 1932 and presided over by the Vice-Chancellor.

4. Research studentships have been awarded in each of the Science subjects taught up to the Honours standard and papers embodying their work have appeared in the Annamalai University Journal and in Scientific periodicals. A good beginning has been made in the matter of laboratory equipment and Library facilities. Perhaps the most important need for the immediate future is the acquisition of sets of the most important Scientific Periodicals for the guidance of research workers and even here a beginning has been made in the case of some subjects.

---

#### FACULTY OF ORIENTAL STUDIES.

The personnel of the Faculty continued as before.

The Faculty met four times during the year when it discussed a variety of topics pertaining to the courses of Study, Syllabuses and Examinations, particularly the recommendation

of the Boards of Studies in Sanskrit, Tamil and Malayalam. It also discussed the methods of tutorial instruction to be given to the students of the Vidwan and Siromani classes. The reorganisation of the Oriental Titles course so as to lead to a Degree Examination is still under consideration.

## MINUTES

Before the business on the agenda was taken up for consideration, the Vice-Chancellor moved the following resolution :—

“ That the Senate offers its hearty felicitations to the Founder Pro-Chancellor of the Annamalai University the Hon'ble Diwan Bahadur Rajah Sir S. R. M. Annamalai Chettiar of Chettinad, Kt., on the honour of the Honorary Degree of LL.D. conferred on him by the University of Madras ”.

In doing so, he said that no words were needed to commend the resolution to the acceptance of the House. It was given to very few indeed to start an educational institution, to nurse its growth and development assiduously and finally to endow it worthily in order to enable it to become a University. The Madras University had done a graceful act in conferring the highest academic distinction in its gift on the Founder Pro-Chancellor of this University for his signal services in the cause of education in South India.

Mr. T. Sivaramasethu Pillai seconded the motion which was then put to the vote and CARRIED unanimously.

There being no change in the order of business, the items were taken up in the order of the Agenda Paper.

### I. Business brought forward by the Syndicate

1. The Syndicate reported that, under statute 12 of Chapter XIV of the Laws, (p. 119 of the Calendar 1931-32) it had, with the consent of the Finance Committee, incurred expenditure in excess of the budget allotment for the year 1932-33 sanctioned by the Senate in respect of (a) 'Establishment-Temporary' under University Library (b) 'Salaries-Establishment' under Buildings consequent on the decision

of the Syndicate to continue certain temporary posts during the latter half of this year with a view to coping efficiently with the increasing work of the respective departments and requested the sanction of the Senate for the expenditure of Rs. 750 in excess of the original budget allotment.

Mr. T. Sivaramasetu Pillai moved that the additional expenditure of Rs. 750 be sanctioned.

In doing so, he said that it was found necessary to incur Rs. 750 in excess of the budgetted figure and to approach the Senate for sanction of the same.

Mr. A. Narasinga Rao seconded the motion which was then put to the vote and CARRIED.

2. The Syndicate reported that, under statute 12 of Chapter XIV of the Laws, expenditure in regard to certain items under the General Fund Account having exceeded the sanctioned allotment for the year 1932-33 by the amount noted against each, it had sanctioned the necessary reappropriations as detailed in the statement printed as **Appendix A**.

3. The Syndicate reported that, under Rule 56 of the Financial and Account Rules, it had sanctioned payment of an arrear claim of Rs. 17-10-0 to K. Thamotharam Pillai, Contractor, for repairs done to the Lecturers' Quarters in July 1931, not preferred within six months of its becoming due.

4. The Syndicate considered the desirability of reducing the value of Research Studentships and in consultation with the Faculties and the Boards of Studies, resolved to recommend to the Senate that the value of the Studentship be reduced from Rs. 60 to Rs. 40 per mensem. The Finance Committee and the Academic Council had also approved of the proposal. The Syndicate accordingly placed before the Senate the following draft amendment to Statutes for

consideration and adoption with a view to giving effect to the proposal.

In Statute 7 of Chapter XL (p. 254 of the Calendar 31-32) for '60' substitute '40'

Mr. T. Sivaramasetu Pillai moved that the draft amendment to the Statute be adopted.

In doing so, he explained that, while reducing the value of the studentship from Rs. 60 to Rs. 40 which was quite adequate considering the economic conditions of a place like Chidambaram, the measure taken would make it possible for the University, with its slender resources at its disposal, to award more studentships. The Academic Council and the Finance Committee were also in favour of the proposal and hence he commended the draft amendment to the Statute to the acceptance of the House.

Mr. T. V. Umamaheswaram Pillai seconded the resolution which was then put to the vote and CARRIED.

5. The Senate at its meeting held on the 29th March 1932 adopted a motion referring back to the Syndicate the amendment to the Law placed before it relating to the headship of Departments of Studies. The Syndicate reconsidered the matter and resolved that Regulations 1 and 2 of Chapter XI of the Laws governing Departments of Studies be so modified that they might be regrouped in such a way that each Department shall have a Professor or a Reader at its head and that such Departments might include sections having teachers of grades below the rank of a Professor or Reader. The necessary draft amendments to the Regulations were placed before the Academic Council and adopted at its meeting held on the 27th August 1932 (*vide* item 7 *infra*). These modifications to the Laws involved a consequential amendment to Statute 2 of Chapter XII of the Laws which had been

approved by the Academic Council and was placed before the Senate for adoption.

In Statute 2 of Chapter XII (p. 111 of the Calendar 1931-32).

Section 13. 'Ancient Indian History and Archaeology' be deleted and the subsequent section renumbered.

Mr. A. Narasinga Rao moved that the draft amendment to the Statute be adopted.

In moving the resolution, Mr. Narasinga Rao said that the proposed draft amendment was only consequential on certain modifications in the Regulations governing the departments of studies adopted at the last meeting of the Academic Council. As it was felt that every department should have a Professor or a Reader at its Head, the existing departments had to be so regrouped that some of the minor departments which had no Professor or Reader had to be attached as sections of the Major Departments with Professors or Readers as Heads of Departments. While so regrouping the several departments, it was found there was no need for retaining the department of "Ancient Indian History and Archaeology" which was non-existent and hence it was deleted from the list of Departments of Studies. Consequently there was no necessity for a separate Board of Studies relating to that branch of knowledge and hence the proposed amendment was placed before the Senate for acceptance.

Mr. T. Sivaramasethu Pillai seconded the motion which was then put to the vote and CARRIED.

6. The Senate, at its meeting held on the 27th October 1931 adopted a resolution referring the following motion to the Syndicate for consideration and such action as it might deem suitable:—

“That it be a recommendation to the Syndicate and the Academic Council that the necessary regulations be passed, prescribing suitable dress, alike distinctive, graceful and cheap to be worn by the students of the University in their classes, in the Library, at the meetings of their Union, on ceremonial occasions and during retreats and Inter-University functions and also requiring the teachers of the University to wear their distinctive academic robes on such occasions.”

The Syndicate placed before the Senate the following report:—

With a view to obtain the considered opinion of the Academic Council before taking action in the matter, the motion was placed before the Council at its meeting held in December 1931 and during the debate on this question the members expressed the opinion that it was desirable to obtain the views of the staff and of the students. Accordingly the matter was referred to the University Students' Union of which all the students are members and to the Staff Club. The following resolutions passed at the meetings of the Students' Union and of the Staff Club were placed before the Academic Council at its meeting held on the 27th August 1932. The Council felt that it was too premature to consider this question with a view to any legislative action in the matter at present and the Syndicate accordingly resolved to report to the Senate that it did not consider it desirable to give effect to the recommendations embodied in the motion of the Senate.

*By the Union :*

That this House approves of the motion placed before the Academic Council on the 18th December 1931.

The following is the suggestion that has received the largest number of votes:—

Head dress : Cap with 'Varsity' Crest.  
 Dress : A full long white shirt or Kurtha.  
 A full dhoti, an angavastram or upper cloth.  
 Footwear : Sandals or Slippers or Shoes.

The Staff Club, at its meeting held on the 17th March 1932 unanimously rejected the motion that specific dress or robes should be worn by members of the staff, at lectures.

Mr. Minna Nuruddin moved under law 35 (7) of Chapter VIII that the report of the Syndicate be lodged and that the original motion of the Senate be referred back to the Syndicate and the Academic Council for reconsideration. The motion fell through for want of a seconder.

## II. Business brought forward by the Academic Council

7. The Syndicate placed before the Senate under Section 32 of the Act, the Regulations passed by the Academic Council at its meetings held on the 28th March and the 27th August 1932. (For Regulations *vide* Appendix B.)

### *I. Amendments by Mr. C. Vedachalam.*

Examination of the Department of Education in Madras," the words "the Bala Panditha and Panditha Examinations of the Madura Tamil Sangham or appeared for the Intermediate Examination of the University of Madras and passed in Tamil or Sanskrit as the candidate's optional subject".

The Vice-Chancellor pointed out that the regulations were placed before the Senate in the first instance under Section 32 of the Act, and that as there was no

motion before the House, the amendments could not be moved at that stage, but had to be given notice of in the form of resolutions at a subsequent meeting of the Senate. The amendments were therefore ruled out of order.

### III. Resolutions given notice of by Members.

BY MR. MINNA NURUDDIN.

8. That Statute 73 of Chapter VIII of the Laws be amended to read as follows:—

73. The draft minutes of all proceedings of each meeting of the Senate shall be prepared by the Registrar under the direction of the Chairman of the meeting. The Registrar shall within three days after a meeting send a typewritten copy of the draft minutes of that meeting to each member of the Senate who was present at the meeting. Any member who was present at the meeting may within three days after the receipt of the copy of the draft minutes communicate to the Registrar such corrections as he desires to be made in the draft minutes. The communications so received shall be placed forthwith by the Registrar before the Chairman and the Chairman shall finally settle the minutes of the proceedings and sign the same, accepting or rejecting, either wholly, or partly, the corrections desired by the members, if any. The Registrar shall within thirty days after a meeting send a printed copy of the minutes of that meeting so signed by the Chairman to each member of the Senate.

*Opinion of the Syndicate under Section 30 (2) of the Act.*

Extract from the proceedings of the meeting of the Syndicate dated 16-7-32:—

Read letter dated 30th June 1932 from Mr. Minna Nuruddin, giving notice of his intention to move at the next meeting of the Senate an amendment to Law

73 of Chapter VIII of the Laws of the University relating to the preparation and publication of minutes of meetings of Senate and Academic Council.

Resolved that the letter be recorded.

---

In moving the resolution, Mr. Minna Nuruddin said that the amendment was put forward so that accurate recording of minutes of meetings might be ensured.

The Vice-Chancellor observed that the present system was quite satisfactory and that all possible care was taken in the preparation of the minutes of the meetings. He pointed out that the procedure suggested by the mover was not only unnecessary, but that, if adopted, would entail considerable expense and delay in the preparation and printing of the minutes which, according to the Statutes, had to be issued within a month after a meeting of the Senate.

Rao Sahib V. I. Muniswami Pillai in seconding the motion, said that the system adopted in reporting the proceedings of Public Bodies like the Legislative Council and the Local Boards might be introduced here.

Mr. T. Sivaramasethu Pillai pointed out that the nature of the business done in the Senate of a University was fundamentally different from that done in a public body like the Legislative Council. Further, he pointed out, the statutes provided for the correction of the minutes if an occasional error did creep into the minutes.

After a discussion in which Messrs. C. Veda-chalam, E. S. Sunda and V. T. Arasu took part, Mr. Sivarama Menon moved that "the question be now put".

Dr. B. V. Narayanaswami Naidu seconded the motion of Mr. Sivarama Menon which was put to the vote and CARRIED.

The motion of Mr. Minna Nuruddin was thereupon put to the vote and LOST.

9. That Laws 3 and 4 (Statutes) of Chapter XXIII of the Laws be amended as follows :—

(a) Add the words 'or a fez' after the word 'turban' occurring in Law 3.

(b) Add the words 'or a fez' after the word 'turban' occurring in Law 4.

In moving the above motion, Mr. Minna Nuruddin said that "a fez" was proposed only as an alternative form of head-dress relating to the academic robes to be worn by the Vice-Chancellor and the Registrar.

Rao Sahib V. I. Muniswami Pillai seconded.

Mr. A. Narasinga Rao supported the motion as this alternative had been provided in other cases.

The motion was then put to the vote and CARRIED.

10. That the Senate resolves to recommend to the several authorities of the University the desirability of providing at a very early date for instruction in Arabic, Persian and Urdu as Language subjects for study in the University Courses and as subjects for study in the courses for the grant of titles, certificates of proficiency and degree in Oriental learning.

In moving the resolution, Mr. Minna Nuruddin said that a small beginning might be made to start courses in Persian, Arabic and Urdu as the Annamalai University catered for most of the people of the Tamil Nadu which included a small proportion of Mohammedans also. The absence of any provision for instruction in those languages possibly accounted for the fact that the University did not attract a sufficient number of Mohammedan students for admission to its courses.

The motion fell through for want of a seconder.

The following amendment consequently dropped.

*Amendment by Mr. E. S. Sunda.*

Line No. 4. Omit the words "Arabic and Persian" and insert "Hindi" instead.

*By Rao Bahadur R. Krishna Rao Bhonsle :*

11. That it be a recommendation to the Syndicate that the Academic Gown prescribed by the Madras University to the recipients of Oriental Titles be adopted by the Annamalai University.

In the absence of Rao Bahadur R. Krishna Rao Bhonsle, Prof. C. S. Srinivasachariar moved the above motion.

Prof. Swami Vipulanandaji seconded the motion.

The motion was then put to the vote and CARRIED.

*By Mr. E. S. Sunda.*

12. In view of the fact that the Academic Authorities of the University have decided upon running September-October Examinations for B. A. and B. Sc. (Courses) students, this Senate resolves that in their interests and those of the residential University, by-term courses of studies beginning in October in all arts courses be offered and September-October Examinations be run for Intermediate students also and request the bodies concerned to make provision for the same as early as possible.

*Amendment by Mr. E. S. Sunda.*

Line No. 4. Insert these words between "resolves" and "that": "to recommend to the Syndicate."

The Vice-Chancellor pointed out that the resolution in item No. 12 was not properly worded and that mover himself had sought to amend it.

The Right Rev. E. H. M. Waller suggested that if permitted by the Vice-Chancellor the resolution as

amended by the mover might be moved, though strictly speaking, the motion and the amendment could be ruled out.

The Vice-Chancellor agreed to accept the amendment as a purely verbal one and permitted Mr. Sunda to move the resolution.

Mr. Sunda then moved the resolution in its amended form and in doing so said that the recommendations might be first considered by the Syndicate and its opinion submitted to the Senate for consideration. He added that the provision of by-term courses for the B.A. and B.Sc. students and of the September Examination for the Intermediate students as in the case of the Madras and Andhra Universities would considerably increase the strength of classes in this University.

Dr. S. N. Chakravarti seconded the motion.

Mr. C. Vedachalam in moving the following amendments said that they were mainly intended to make the motion clearer as the idea was to start September courses only for the benefit of students seeking admission to the B.A. and B.Sc. Degree courses immediately after passing their Intermediate Examination in September.

- (a) Delete 'Authorities of the University have' and insert 'Council, has, with the concurrence of the Syndicate and the Faculties'.
- (b) Substitute for the words 'upon running September, October Examinations for B.A. and B.Sc. (Courses) students,' the words, 'to hold B.A. and B.Sc. degree examinations in September or October of every year in addition to those held in March or April'
- (c) For 'this' substitute 'the'.
- (d) Delete 'in their interests and those of the residential University by term'.
- (e) Insert the word 'annual' before 'Course of Studies'.

- (f) Delete 'in all arts courses'.
- (g) For 'offered' substitute 'instituted for the benefit of students qualifying themselves for those degrees'.
- (h) Insert after 'and' the word 'that.'
- (i) Delete 'September-October'.
- (j) For 'run' substitute 'held in September or October'.
- (k) For 'Intermediate Students' substitute 'students of the Intermediate Class'.
- (l) Delete all the rest of the resolution.

*N.B.*—The resolution as amended would read thus:—

"In view of the fact that the Academic Council has, with the concurrence of Syndicate and the Faculties decided to hold B.A. and B.Sc. degree examinations in September or October of every year, in addition to those held in March or April, the Senate resolves that annual courses of studies beginning in October be instituted for the benefit of students qualifying themselves for these degrees and that examinations be held in September or October for students of the Intermediate Class as well".

Mr. T. V. Umamaheswaram Pillai seconded.

Mr. E. S. Sunda accepted the amendments.

Mr. Minna Nuruddin opposed the motion since a September Examination would put a premium on inefficiency and the financial commitments involved in a September Course running concurrently with the regular course would be very considerable.

Mr. E. S. Sunda said that at least a second chance might be given to the Intermediate candidates as in the case of those for B.A. and B.Sc. Degree Examinations and that he would not press that part of his motion dealing with the by-term courses if financial considerations could not permit them.

Mr. T. Sivaramasethu Pillai pointed out that a second examination alone would not be advisable for the younger students of a residential University where the students were expected to live in a University atmosphere and not merely attend examinations.

The Rt. Rev. Bishop Waller pointed out that while the holding of a second examination for the B.A. and B.Sc. degrees might be justified on certain grounds, it would be absolutely fatal to the interests of University education to extend the privilege to the Intermediate candidates also.

After a discussion in which Dr. S. N. Chakravarti, Mr. A. Sivarama Menon, Mr. C. Vedachalam and others had spoken in favour of a second examination for the Intermediates, the Vice-Chancellor explained to the House that the case for granting a second chance to the Intermediate student was not on the same footing as for the B.A. student, who, being older and having to enter life sooner, might be considerably benefitted by the privilege, while the former might with advantage study for another year.

The motion of Mr. Sunda relating to the holding of two examinations for the Intermediate students was then put to the vote and LOST, 7 voting for and 11 against the motion.

The Vice-Chancellor then thanked the members of the Senate who had met there for the last time during the period of their office, for their kind and hearty co-operation with him during the past three years.

The meeting then terminated at 4-45 p.m.

## APPENDIX B

Regulations passed by the Academic Council at its meetings held on 28th March and 27th August 1932.

### (I) Title of 'Sangita Bhushana'

1. The course for the Title shall extend over a period of four years, each consisting of three terms and shall be taken at the University in accordance with the regulations hereinafter laid down.

2. The Examination for the Title shall be divided into two parts (*viz.*) Preliminary and Final—the Preliminary Examination in a specified portion of the course at the end of the second year and the final in the remaining portion of the course at the end of the fourth year. No candidate shall be admitted to the Final Examination till he has passed the Preliminary Examination.

3. No candidate shall be qualified for admission to the Title Course unless he shall have completed the age of 15 on the first day of the commencement of the course and shall have passed the Entrance Examination conducted in accordance with a prescribed syllabus or books recommended for study.

4. The Entrance examination shall consist of two tests—(i) a written test in Elementary Mathematics, Tamil, Telugu, Canarese, Malayalam or Urdu and History and Geography of India and (ii) a practical test in Music. No candidate shall be permitted to enter upon a course of study for the Title unless he has passed both the tests provided however, that students who have been declared eligible for admission to a University Course of Study shall be exempted from Examination in the written test.

5. The course for the Title shall comprise instruction in the following subjects according to syllabuses or text-books to be prescribed from time to time.

#### i. Theory of Music.

- ii. Vocal or instrumental music.
- iii. Telugu.
- iv. English.

The aim of the course in Telugu is to facilitate proper pronunciation, and full comprehension of the true import of the songs taught and other easy passages in Telugu.

The course in English is intended to give a working knowledge of the language. The examination shall be taken at the end of the second year of the course.

6. No candidate shall be eligible for the Title until he has completed the course of study prescribed and passed an examination in the subjects comprised in Regulation 5 *supra*.

7. For the Preliminary Examination there shall be three written papers and two practical tests as hereunder. There shall be an additional practical test in Veena which shall be taken by students offering vocal music.

- i. One paper in English of two hours duration ;
- ii. One paper in Telugu of two hours duration ;
- iii. One paper in Theory of Music of three hours duration ;
- iv. Two practical tests one in singing pieces of composition and one in ragas and swaras ;
- v. One practical test in Veena. (Only for students offering Vocal Music).

For the Final examination, there shall be three written papers, three practical tests and a *viva voce* as hereunder.

- i. One paper in Telugu of two hours duration ;
- ii. Two papers in theory of music each of three hours duration ;
- iii. Three practical tests, one on kirthanams, one on miscellaneous ragas, and one on raga alapana ;
- iv. A *viva voce*.

8. All the papers in the examination shall be set in Tamil and answered in Tamil or Telugu.

9. A candidate shall be declared to have passed the Preliminary examination if he obtains not less than 30 per cent of the total marks of all the language papers put together and not less than 35 per cent of the total marks of all the other papers and practical tests and not less than 40 per cent of the aggregate marks. All other candidates shall be deemed to have failed in the examination. A certificate of having passed the Preliminary examination shall be issued to each successful candidate.

10. A candidate shall be declared to have passed the Final examination if he obtains not less than 35 per cent of the total marks of all the practical tests and not less than 40 per cent of the aggregate marks. All other candidates shall be deemed to have failed in the examination. A diploma shall be issued to each successful candidate at the Final examination.

11. Successful candidates in the Final Examination shall be arranged in two classes, the first consisting of those who obtain not less than 60 per cent and the second of those obtaining not less than 40 per cent of the aggregate marks.

---

## MINUTES

Before the commencement of the business on the agenda paper, the Vice-Chancellor offered a cordial welcome to the members of the newly constituted Council. As there was no motion for any change in the order of business, the items were taken up in the order of the Agenda paper.

### I. Business brought forward by the Vice-Chancellor

1. Considered the recommendations of the Board of Studies in History and Politics regarding text-books for the several University Examinations and in special subjects offered in Branch II—History for the B.A. (Hons.) Degree Examination. (For the recommendations of the Board *vide* **Appendix A.**)

Mr. C. S. Srinivasachariar moved that the text-books recommended by the Board of Studies in History be approved.

In doing so he said that the text-books for five out of the six special subjects for the Honours course already prescribed by the Academic Council were now recommended by the Board of Studies in History and placed before the House for acceptance.

Mr. R. Srinivasa Ayyangar seconded.

The motion was put to the vote and  
CARRIED.

2. The Vice-Chancellor placed before the Council for consideration the following draft amendments to the Regulations approved by the Syndicate with a view to giving effect to the recommendation of the Faculty of Oriental Studies suggesting that the Tamil papers for the Entrance Test to the Vidwan Course might be the same as those set for the Intermediate Examination under Part II with the difference that the questions on translation in the three hour paper

be replaced by questions on grammar instead of questions on paraphrase or composition as at present.

In Chapter XXXV, Regulation 10, line 19 (Page 220 of the Calendar for 1931-32) make the following alteration:

*Substitute 'questions on grammar according to a prescribed syllabus' for 'questions on paraphrase or composition in Tamil.'*

Swami Vipulananda moved that the draft amendment to the Regulation recommended by the Syndicate be adopted.

He also added that as the entrants to the Vidwan course were to study an advanced course in Grammar, it was felt desirable that they should have a good grounding in the elements of grammar and hence questions on grammar were sought to be substituted for those on paraphrase or composition in the second paper for the Entrance Test.

Mr. T. V. Umamaheswaram Pillai seconded.

Dr. S. Ramachandra Rao remarked that ability to paraphrase was more important than knowledge of grammar.

Mr. G. V. Krishnaswami Ayyangar pointed out that there was provision for questions on grammar in the first paper and asked if the Board of Studies in Tamil had approved of the change.

Mr. K. Rama Pisharoti asked if it was intended to delete questions on grammar from the 2nd paper.

Prof. Swami Vipulanandaji explained that the advanced course in grammar intended to be covered during the Vidwan course would justify the provision for questions on grammar in both the papers.

The Vice-Chancellor pointed out that the modification proposed had been accepted by the Syndicate and the new Syllabus on grammar had been approved by the

members of the Board of Studies in Tamil in circulation.

The motion was then put to the vote and CARRIED.

3. The Vice-Chancellor placed for consideration and adoption draft syllabuses in (1) Tamil Grammar for the Entrance Test to the Vidwan Title Course, and (2) Physical Training for the Pandits' Training Certificate course approved by the Faculty of Oriental Studies. (For draft syllabuses *vide* Appendix B).

Swami Vipulananda moved that the draft syllabuses recommended by the Oriental Faculty be adopted.

Mr. K. Rama Pisharoti seconded the motion which was put to the vote and CARRIED.

4. The Vice-Chancellor placed before the Council for consideration the following draft amendments to the Regulations approved by the Syndicate giving effect to the decision of the Academic Council to hold a second B. A. Degree Examination in September of each year for the benefit of candidates failing in the March examination.

(a) Regulations 2 and 3 of Chapter XXXII of the Laws of the University (Page 184 of the University Calendar for 31-32) be modified to read as follows:—

2. The examination for the Degrees of Bachelor of Arts and Bachelor of Arts (Honours) shall be held at Annamalainagar, Chidambaram, at such time and on such dates as the Syndicate may prescribe.

3. The Bachelor of Arts and the Bachelor of Arts (Honours) Preliminary Examinations shall be held twice a year ordinarily in March and in September.

(b) In Regulation 2 of Chapter XXXIII of the Laws of the University (P. 200 of the

University Calendar for 1931-32) governing Degrees of Bachelor of Science and Bachelor of Science (Honours), the following modifications be made:—

- A. In line three, *delete* the words 'once a year'
- B. *Add* the following at the end of the Regulation:—

The examination for the degree of Bachelor of Science shall be held twice a year, ordinarily in March and in September.

- (c) That lines 10 and 12 of Regulation 1 of Chapter XXIX of the Regulations (P. 176 of the Calendar for 1931-32) governing the dates for payment of examination fees etc, be modified as follows:—

Examinations	Last date for payment of fees and for submitting applications	Last day for submitting certificates	Dates of commencement of Examinations	Dates of publication of results
B.Sc. or B.A. Parts I and II	January 15 or July 15	March 15	4th Monday in (March or September)	May 15 or Nov. 1st
B.Sc. or B.A. Part III	Do.	do.	Thursday following the 4th Monday in (March or September)	do.

Dr. B. V. Narayanaswami Naidu moved that the draft amendments to the Regulations recommended by the Syndicate be adopted.

In doing so, Dr. B. V. Narayanaswami Naidu pointed out that these amendments were consequential on the resolution of the Academic Council passed at its previous meeting to hold two examinations a year for the B. A. and B. Sc. Degrees.

Mr. R. Srinivasa Ayyangar seconded the motion.

Mr. T. V. Umamaheswaram Pillai pointed out that the examination and dates for the B. A. (Hons.) and B. Sc. (Hons.) had been omitted.

Rao Bahadur R. V. Krishna Ayyar pointed out that the B. A. (Hons.) and B. Sc. (Hons.) Degree candidates had only one examination every year and the B. A. and B. Sc. Degree Pass and B. A. (Hons.) and B. Sc. (Hons.) Degree Preliminary Examinations would be held twice a year.

With the permission of the Vice-Chancellor the following verbal alterations were made in the regulations to make clear the meaning (viz.) to hold the examinations for the B. A. and B. Sc. Degree and the B. A. (Hons.) and B. Sc. (Hons.) Degree (Preliminary) twice a year and for the B. A. (Hons.) and B. Sc. (Hons.) Degree once a year :—

(a) Regulations 2 and 3 of Chapter XXXII of the Laws of the University (Page 184 of the University Calendar for 1931-32) be modified to read as follows :—

2. The Examination for the Degree of Bachelor of Arts Honours shall be held once a year at Annamalai-nagar, Chidambaram, at such time and on such dates as the Syndicate may prescribe.

3. The Bachelor of Arts and the Bachelor of Arts (Hons.) Preliminary Examinations shall be held twice a year, ordinarily in March and in September, at such time and on such dates as the Syndicate may prescribe.

(b) Regulation 2 of Chapter XXXIII of the Laws of the University (Page 200 of the University Calendar for 1931-32) be modified as follows:

(i) The examination for the degree of Bachelor of Science (Hons.) shall be held once a year at Annamalai-nagar, Chidambaram, at such time and on such dates as the Syndicate may prescribe.

Add the following at the end of the Regulation:—

(ii) The Examination for the Degree of Bachelor of Science and the Bachelor of Science (Honours) Preliminary Examination shall be held twice a year ordinarily in March and in September at such time and on such dates as the Syndicate may prescribe.

(c) . That lines 10 and 12 of Regulation 1 of Chapter XXIX of the Regulations (P. 176 of the Calendar for 1931-32) governing the dates for payment of examination fees etc., be modified as follows:—

Examinations	Last date for payment of fees and for submitting applications	Last day for submitting certificates	Dates of commencement of Examinations	Dates of publication of results
B.Sc. or B.A. Parts I and II	January 15 or July 15	March 15	4th Monday in (March or September)	May 15 or Nov. 1st
B.Sc. or B.A. Part III	Do.	do.	Thursday following the 4th Monday in (March or September)	do.

The regulations as amended were then put to the vote and CARRIED.

5. The Vice-Chancellor placed for consideration the following amendments to the Regulations approved by the Syndicate, governing the fees, attendance certificates and publication of results in respect of Sangita Bhushana Title and Pandits' Training Certificate Examinations.

I. In Regulation 10 of Chapter XXVII (p. 171 of the Calendar for (1931-32.)

(a) For 'Oriental Title Examination' read 'Oriental Titles (Vidwan, Siromani and Sangita Bhushana) Examinations.'

- (b) *Add* the following at the end of the same Regulation.

Pandits' Training Certificate...15.

II. In the Tabular Statement subjoined to the Regulation in Chapter XXIX of the Laws (pp. 177-78 of the University Calendar 1931-32.)

- (a) For 'Oriental Titles' *read* 'Oriental Titles (Vidwan, Siromani and Sangita Bhushana)'

- (b) At the end of the statement *add* the following :—

Pandits' Training Certificate	December 15	March 15	4th Monday in March	May 10
Certificate of Proficiency in French and German	January 15	do	Same day on which the Intermediate Part II Second Language (French and German) is held.	May 15

III. In Regulation 15 (1) (a) Sub-section (iv) (P. 163 of the Calendar for 31-32) at the end of the word 'Examinations' change the full-stop into a comma and *add* the following :—

Certificate of Proficiency in French and German, Sangita Bhushana Title and Pandits' Training Certificate Examinations.

Swami Vipulananda moved that the draft amendments to the Regulations recommended by the Syndicate be adopted.

Mr. T. V. Umamaheswaram Pillai seconded the motion which was put to the vote and CARRIED.

6. The Vice-Chancellor reported that the Syndicate under Statute 5 of Chapter XIII of the Laws,

has (i) shifted in advance the date of the commencement of the University Examinations of March, 1933 fixing the 20th March instead of the 28th March prescribed by the Regulations so that most of the written examinations might be finished by the end of March, 1933; and (ii) extended the last date for payment of examination fees to the 1st February instead of the 15th January, with a view to enabling some of the private students who had already paid their membership fee, to pay their examination fees.

7. The Vice-Chancellor placed the following alterations in the Regulations approved by the Syndicate consequent on the arrangements made for offering instruction in Telugu as a second language under Part II of the Intermediate and B. A. and B. Sc. degree courses.

1. In Regulation 4 (ii) (c) of the Regulations governing the Intermediate Examination in Arts and Science (p. 180 of the Calendar for 1931-32) *add* the word 'Telugu' *after* the word 'Malayalam.'
2. (a) In Regulation 7, under Part II—a second language, of the Regulations governing Bachelor of Arts Degree Examination (p. 186 of the Calendar for 1931-32) *add* the word 'Telugu' *after* the word 'Malayalam.'
- (b) *Consequential alteration:*  
In line 15 of page 186 of the Calendar *read* 'In Tamil, Malayalam or Telugu' *for* 'In Tamil or Malayalam.'
3. (a) In Regulation 6, under Part II a second language, of the Regulations governing Bachelor of Science Degree Examination, (p. 202 of the Calendar for 1931-32) *add* the word 'Telugu' *after* the word 'Malayalam.'

(b) *Consequential alteration :*

In line 13 of page 202 of the Calendar  
read 'In Tamil, Malayalam or Telugu'  
for 'In Tamil or Malayalam.'

4. *Consequential alteration :*

Regulation 2 of Chapter XXVI re: Boards of Examiners, etc., (p. 160 of the Calendar) be modified to read as follows:—

## 2. Boards of Question Paper Setters and Examiners shall, if necessary, be appointed annually by the Syndicate in the following subjects:—

- |                 |                           |
|-----------------|---------------------------|
| 1. English;     | 9. Physics;               |
| 2. Sanskrit;    | 10. Chemistry;            |
| 3. Tamil;       | 11. Natural Science;      |
| 4. Malayalam;   | 12. Philosophy;           |
| 5. Telugu;      | 13. History and Politics; |
| 6. French;      | 14. Economics;            |
| 7. German;      | 15. Indian Music;         |
| 8. Mathematics; | 16. Teaching.             |

Dr. B. V. Narayanaswami Naidu moved that the draft amendments to the Regulations recommended by the Syndicate be adopted.

In doing so he pointed out that these amendments were consequential on the introduction of Telugu as a second language for the Intermediate and B.A. Degree courses.

Mr. A. Narasinga Rao seconded the resolution which was then put to the vote and CARRIED.

8. The Vice-Chancellor placed the following alterations in the Regulations approved by the Syndicate giving effect to the recommendation of the Board of Studies in Tamil suggesting that History of the Tamil Language under Division (c) be transferred to Division (a) of the special divisions laid down for the B.A. (Honours) Degree Examination in Branch VI—Tamil Language and Literature.

MINUTES OF MEETING OF ACADEMIC COUNCIL 113

Under Chapter XXXII (P. 200 of the University Calendar) Regulation 20, Branch VI, History of Tamil Language and Literature.

(a) *Insert* the words 'History of Tamil Language,' in Section (a) after the word 'Languages.'

(b) *Delete* the words 'History of Tamil Language' under Section (c).

Swami Vipulananda moved that the draft alterations in the regulation recommended by the Syndicate be adopted.

Professor Swami Vipulanandaji said that the History of the Tamil Language should be grouped with Comparative Grammar and Philology under Section A so that papers on language studies might go together for purposes of the special minimum required by the Regulations.

Mr. A. Mendeloff seconded the motion which was then put to the vote and CARRIED.

(9) The Vice-Chancellor placed before the council for consideration the following recommendations of the Syndicate regarding the teaching posts in the University with reference to the financial provision to be made in the Budget Estimates for the year 1933-34.

(1) That provision be made for a Professor of Economics, that the Readership be suspended and the present lectureship be continued on a temporary basis till 31-3-34.

(2) That provision be made for the following teaching posts.

(a) A pandit in Telugu ;

(b) An Assistant to the Director of Physical Education.

(c) A part-time lecturer in Pedagogy ;

(d) A part-time instructor in Drawing.

(3) That the following posts be abolished :

- (a) Modern European 1 part-time lecturer in Languages German ;
- (b) Economics ... 1 Assistant Lecturer ;
- (c) Mathematics ... 1 Assistant Lecturer ;
- (d) Sanskrit ... 1 Assistant Lecturer ;  
... 1 Pandit.

Mr. S. Satyamurthi moved that the recommendations of the Syndicate be approved.

In doing so, Mr. S. Satyamurthi pointed out that the creation of an additional Telugu Pandit's post was found necessary in view of the inclusion of Telugu as a second Language for the Intermediate and B. A. Degree Courses and as a language to be compulsorily studied in all four years of the Sangita Bushana course. An additional assistant to the Director of Physical Education was also needed as the students of the Oriental Faculty and the Music Section also had compulsory Physical Instruction and the Pandits under training were given in addition an examination in Physical training at the end of the course. A part-time lecturer in pedagogy and an instructor in Drawing were also found necessary for the Pandits' Training Course in accordance with the recommendations of the Champion Committee already accepted by the Council. As regards the first item, viz., the provision for a Professor of Economics, he explained that there was provision both for a Professor and a Reader for the Economics Department during the years 1929-30 and 1930-31 along with 3 Assistant lectureships, and as the Board of Selection felt that there was no suitable candidate for the Professor's place during the year 1931-32, the place was not filled up during the year 1931-32 and was kept vacant during the year 1932-33 as a measure of retrenchment. It was found, however, that the Honours course in Economics was becoming increasingly popular in the

University and the Syndicate felt that, in view of the considerable importance of the subject and the possibilities of creating a good school of Economics in the University, it was desirable to put the Department under the able direction of a man holding the office of a Professor. Further, it was felt that, much as it might be desired, it was not possible at that stage to have both a Professor and a Reader for the Economics Department. Hence the permission of the Academic Council was sought for the suspension of the Readership. The continuation of the temporary arrangements for a lecturer till 31st March, 1934 was considered desirable as otherwise the department would have a Professor at its head and three assistant lecturers only.

Regarding item (3), the abolition of certain posts, he said that, as there was no demand for German classes, the post of a part-time lecturer in German had to be abolished. Regarding Economics and Mathematics, the Syndicate, after taking into account the actual number of hours of work of lecturing and tutorial and practical classes, was satisfied that the staff left for each of these departments was quite adequate and that the post of one Assistant Lecturer could be reduced without impairing efficiency. As for the Sanskrit Department, the strength in certain branches, viz., Nyaya and Mimamsa, was very low during the previous two years and there was actually little demand for certain branches of the Siromani courses. The abolition of these two posts would still enable the remaining staff, both from the point of view of number and qualifications, to teach all the courses both on the arts and the oriental side.

Regarding the amendment to create a Reader's post in Tamil, the Syndicate had carefully considered the matter and come to the conclusion that there was no need for it. The Syndicate particularly felt that when there was a necessity to retrench in all possible

directions it would not be wise or proper to increase the staff in a particular department.

Mr. Satyamurti concluded by hoping that the Academic Council would accept the considered decision of the Syndicate on this matter.

Rao Bahadur R. V. Krishna Ayyar seconded the motion.

Mr. K. Rama Pisharoti asked if these proposals were to be given effect to only for one year.

The Vice-Chancellor informed the house that an *ad hoc* Committee had been appointed to go into all these questions and its recommendations would be placed before the Academic Council in so far as they affected the teaching staff.

Mr. S. Satyamurti pointed out that all these proposals were governed by the words "with reference to the financial provision to be made in the Budget Estimate for 1933-34" in the resolution.

Dr. S. N. Chakravarti suggested that the whole question might lie over till the *ad hoc* Committee made its proposals.

The Vice-Chancellor pointed out that the financial estimates had been prepared on the basis of these proposals, which were decided by the Syndicate after very careful consideration and after duly ascertaining the needs and views of the Heads of Departments.

The Vice-Chancellor permitted Mr. Vedachalam to move his first amendment:—

Substitute for clause (1), the following:—

"That the present arrangements in the Economics Department viz., the suspension of the Professorship and the substitution of a Lecturership be continued on a temporary basis till 31st March, 1934."

In moving his amendment, Mr. C. Vedachalam said that the result of the proposals made by the

Syndicate did not appear to indicate any saving in expenditure. While four posts below the Lecturer's grade were abolished, there was, side by side, the creation of a Professor's place on a higher salary. His amendment was that along with the suspension of the Professor's place a Tamil Reader's place might be created and this would not involve any excess expenditure over the Budget provision already made. The mover of the original motion had not made out a case for the change in the staff of the Economics Department or that the present arrangement was not satisfactory in the present financial conditions. The Department had been managed by an able Reader at its Head for two years and it should be possible for the University to continue that arrangement for one more year. The needs of the other departments also should be carefully considered.

Dr. S. N. Chakravarti seconded the amendment. He pointed out that if any department needed a Professor on the basis of the strength of its students, it was the Physics Department.

Mr. T. V. Umamaheswaram Pillai pointed out that the original proposal did not appear to achieve any economy in expenditure so far as the Economics Department was concerned. The object of the proposal would be the suspension of the Readership and the creation of a Professorship and lecturship both on a temporary basis for one year and this arrangement could not be continued for any length of time. The question of reorganisation of all the departments was being referred to an *ad hoc* Committee whose report was awaited. Hence in view of these proposals being purely temporary and the existing arrangements being quite satisfactory and of the fact that it was not possible to expect the post of a Professor on a temporary basis for one year to attract competent men, the new proposal did not appear to be satisfactory either from the academic or the financial point of view,

Mr. R. Srinivasa Ayyangar, in supporting the amendment, said that no satisfactory reason had been adduced for the suggested change.

Mr. E. S. Sunda moved that both the amendments be referred back to the Syndicate for consideration.

Mr. S. Satyamurti said that the teaching posts could not be abolished unless the Academic Council was in favour of it.

Mr. E. S. Sunda said item (1) and the first amendment of Mr. Vedachalam might both be referred to the Syndicate for reconsideration.

Mr. A. Mendeloff seconded the motion of Mr. E. S. Sunda.

The motion of Mr. E. S. Sunda was then put to the vote and CARRIED.

Mr. C. Vedachalam moved his second amendment:

Insert the following in clause (2) before "(a) A Pandit in Telugu"—"(a) A Reader in Tamil" and alter the alphabets denoting the four sub-clauses (a) to (d) on the agenda paper as (b) to (e).

In doing so, he said that the University was specially intended to cater to the needs of the Tamils and to develop the study of Tamil literature and culture. That object was clear from the speeches made at the inauguration of the Senate in March, 1930. It was but proper that Tamil should be specially provided for in this University, which was the only one of its kind in the Tamil land. When the question of opening of Honours course was discussed at the Madras University, it was there pointed out that there was provision for a Tamil Honours course in this University. He understood that without a Reader it would not be possible to run the Department efficiently.

Mr. T. V. Umamaheswaram Pillai seconded the above amendment. The Honours course was newly

started; and the Professor's work would be considerably taxing. During the next year, there would be the 4th and 5th Honours classes and there was the question of admission to the 3rd Honours class. The Department consisted mostly of pandits who could give lessons in classical prose or poetry; but might not be expected to teach literary criticism or any other subject to the requirements of the B.A. (Hons.) standard. An ordinary B.A. who had passed with Tamil as his optional subject might not be quite eligible for the place either. The Professor had other duties to perform as the Head of the Music and Training Departments, which required a lot of administrative and other work. Considering the number of hours he had to devote to teaching work, it was obvious he would have normally no time for other work. The lecturer was no doubt a competent man, able to handle honours classes. But with the opening of another honours class (3rd), two people might not at all find the time needed to handle all the three classes and to attend to the other calls upon their time. Hence there was an absolute need for an addition by way of a Reader. In the absence of the appointment of an additional competent man, it might not be possible to admit students to the 3rd Honours class next year. Hence considerations of economy ought not to weigh against the efficiency of the department.

Mr. A. Narasinga Rao, on a point of information, asked whether admission to 3rd Honours could not be made next year in the absence of a new Reader in the staff.

The Vice-Chancellor requested Prof. Swami Vipulanandaji to state whether admission to the 3rd Honours class could not be made next year if the Reader in Tamil was not appointed. Further, he assured him that he would press this point of view before the *ad hoc* Committee.

Prof. Swami Vipulanandaji said that the Tamil Honours course was a new venture and in this respect the department stood on an entirely different footing from the other departments. There were Honours courses in other departments and suitable men were easily available to teach those other subjects. The advanced study of other subjects had developed in many places, e.g. Sanskrit in Berlin and Great Britain. Tamil had been neglected by the Madras University for the past two decades and the result of this neglect was felt today. The new Honours course had been started in this University and it should be built on solid foundations; for this purpose every consideration should be shown to ensure adequacy of staff. An assistant lecturer would be, at his best, a graduate with 6th group Tamil as his optional subject and he would be no better than a post-graduate student seeking admission into the Honours classes. However, he was aware that but for the need for retrenchment and financial difficulties, this claim of the Tamil department would have been long ago satisfied. Again, the Professor of Tamil had multifarious duties to perform. It had already been pointed out that if the staff should be limited only to two who are at present competent to handle Honours classes, it might not be possible to cope with the Honours Teaching next year with the three classes. If the academic necessity for the staffing of the department was accepted, it would not be very difficult to find the means. He was sure that the *ad hoc* Committee would consider all aspects of the case and give its support.

Mr. R. Srinivasa Ayyangar moved that the amendment be referred to the Syndicate for consideration.

Dr. S. Ramachandra Rao seconded the above motion.

The motion to refer the amendment to the Syndicate was then put to the vote and CARRIED.

Items 2 and 3 were then put to the vote and CARRIED.

## II. Resolutions given notice of by Members

10. This Council resolves to recommend to the Syndicate that steps be taken to include Elements of Economics as one of the optionals in Part III of the Intermediate in Arts and Science Courses of our University.

In moving the above resolution, Mr. E. S. Sunda said that a knowledge of the elements of Economics would be necessary for students taking up Economics in their Honours courses and that there would surely be a demand for this subject in the Intermediate in view of the growing popularity of the subject.

Dr. S. N. Chakravarti seconded the motion.

The Vice-Chancellor pointed out that the subject had already been introduced in some of the Indian Universities and added that the subject would be referred to the Board of studies for consideration and report.

The motion was then put to the vote and CARRIED.

11. This Council recommends to the Syndicate that 'Hindi' be included as one of the Languages to be taken at the option of the candidate in Part II of the Intermediate in Arts and Science Courses.

In moving this resolution, Mr. E. S. Sunda said that as Hindi had been included as one of the languages for the S. S. L. C. Examinations and as the demand for the study of the language was increasing, it was desirable that Hindi was included as one of the languages under Part II of the Intermediate.

Dr. S. N. Chakravarti seconded the motion.

Mr. A. Narasinga Rao said as Hindi was becoming popular and as students of other Universities were given facilities for learning the language, it was but

proper that this University also made provision for the learning of the language.

Mr. T. V. Umamaheswaram Pillai said as the house was already faced with the question of retrenchment in every department and the problem of meeting the demands of the existing departments, the commitments in including another language for study should be carefully considered.

Mr. A. Narasinga Rao said that the inclusion of Hindi as one of the languages to be studied at the option of the student under Part II would not commit the University in any way.

Mr. C. Vedachalam said that the proposal was rather premature and that the existing private institutions might be expected to respond to the demand for the study of the language in the country.

Mr. S. Satyamurti pointed out that it was quite in the fitness of things that the University provided for instruction in Hindi as one of the optional languages under Part II of the Intermediate course. It was quite clear that Hindi was the most popular language in India. As for the actual financial commitment, it was very negligible. While Tamil should be fostered here, it was not necessary to do so to the exclusion of other sister languages.

Prof. Swami Vipulanandaji in warmly supporting the motion said it was not intended that Tamil should be given an exclusive prominence here; all that was meant was that this University, situated in the Tamil Nad, was the best place for fostering it.

Mr. Basheer Ahmed, while supporting the motion said Urdu might also be included as one of the languages under Part II. Urdu was also a kindred language, only the script was different, and the introduction of the same would attract Mohamedans also to the University.

Srimati Alamelumangathayarammal suggested in a speech in Tamil that the introduction of these languages might be postponed for a period and that Telugu language which in many respects resembled Tamil should be fostered.

Mr. W. E. Smith, in opposing the motion, said that it seemed only a sentimental gesture and the introduction of Hindi might well wait as very few students, about 5 at the maximum, were taking the S. S. L. C. Examination with Hindi, and the other two Universities in the Presidency had made provision for instruction in Hindi in the Intermediate Class. In fact, he would suggest Urdu might with great advantage be introduced.

Rao Bahadur R. V. Krishna Ayyar pointed out that Hindi was suggested to be included only as an optional language under Part II along with other classical, Modern European and Dravidian Languages. Hindi was at least as useful as any other of the prescribed languages.

After a short discussion, the motion was put to the vote and CARRIED.

12. The Academic Council resolves to alter the rules relating to the admission of candidates for the Pandit Training Certificate Examination by substituting for 'the S. S. L. C. examination of the Department of Education in Madras', 'the Bala Panditha and Panditha Examination of the Madura Tamil Sangam' and 'a pass in Tamil or Sanskrit as the optional subject in the Intermediate Examination of any recognised University'.

In moving this resolution, Mr. C. Vedachalam said that the knowledge of Tamil with which an S. S. L. C. student would be equipped was very meagre and hence the modification. He further added that there were Pandits in several High Schools with a sound knowledge of Tamil and Sanskrit and good

teaching experience requiring to be trained to make themselves sure of their places in the Schools. In order to remove these difficulties it was sought to provide alternative qualifications for entrance to the Training Course.

The Vice-Chancellor pointed out that the applications from students were scrutinised by the Vice-Chancellor and the Head of the Department before making the actual selection to the course; moreover the regulations were quite recently passed and there was provision for the recognition of other equivalent examinations as qualifying for purposes of admission and it seemed to be too early to seek to amend them.

Prof. Swami Vipulanandaji explained that even among S. S. L. C. candidates there were men who had to their credit long experience in teaching Tamil and sound knowledge of Tamil though they were not Vidwans. The selecting authorities would only select the best men for the course and hence he would appeal to the member to withdraw his motion.

Mr. C. Vedachalam then withdrew his motion with the permission of the House.

13. The Academic Council resolves that as Tamil must obviously be the medium of instruction in the Music Faculty of the University, Tamil shall be a compulsory subject for the first two years of the course instead of English as prescribed in the Rules in force.

In moving this resolution, Mr. C. Vedachalam said that the study of Tamil instead of English should be made compulsory for the first two years of the Sangita Bhushana course. The English they would learn during the 2 years would not be very much nor was it going to improve their culture.

Mr. T. V. Umamaheswaram Pillai, in seconding the motion, said that the students were going to answer the questions in Tamil or Telugu, provision had

been made for teaching Telugu during the course, and it would be more advantageous to them to learn Tamil which was more essential than English. Of course a knowledge of English would be useful to them, but a course of two years would be too meagre. Hence a working knowledge of Tamil at least would be necessary, to appreciate the musical composition they sing.

Mr. S. Satyamurti explained that the course was very adequate as a University course of study. The course was short enough, and the test was one of only 2 hours' duration, just to test the capacity of the student to write simple prose. On the other hand there was no neglect of Tamil, since the papers were set in Tamil and the students had to answer in Tamil or Telugu. Again the entrance test presupposed an elementary knowledge of Mathematics, Tamil, or Telugu, etc. In a University scheme such as this, it would not be wise to delete such a modest provision of a working knowledge of English for the course. Further, the regulations were quite recently passed and enthusiasts for Tamil might wait a little and see how the scheme worked. He would therefore move that the resolution be referred to the Syndicate for obtaining the opinion of the Board of Studies in Indian Music and taking such action as it might deem necessary.

Dr. S. N. Chakravarti seconded.

The Vice-Chancellor pointed out that the Academic Council at a previous meeting had considered this matter and had decided to have a course in English so that the students might acquire a working knowledge of English. He was informed by the Lecturer in Music that the Telugu and Kanarese students were able to pick up a working knowledge of Tamil in a short time so as to be able to follow the instruction satisfactorily. But it would be too much to expect them to pass an examination in Tamil at the end of the course. Again, the students were making good

progress in the study of English and there was no urgency to alter the regulations just then.

In view of the Vice-Chancellor's remarks, Mr. S. Satyamurti said that he would withdraw his motion to refer the matter to the Syndicate.

Mr. Mendeloff said that the students who were taking English lessons were very much satisfied with them; in fact students of the Oriental Faculty had voluntarily requested to be given instruction in English and the knowledge they were picking up would be enough for them to improve it in later years. These students of the Oriental Faculty were also found to take active part in the deliberations of the weekly Union meetings.

The motion was then put to the vote and LOST.

14. The Academic Council resolves that the Thevaram, Thiruvagasam and Nalairaprabantham hymns in the orthodox style (தேவாரம்) be included in the syllabus as a compulsory subject for students of Music at the University.

Before Mr. C. Vedachalam moved the resolution, the Vice-Chancellor pointed out that the syllabus for the Sangita Bhushana course did provide for Thevaram, Thiruvagasam and Nalairaprabantham hymns and that a similar resolution passed by the Karanthai Tamil Sangam on this matter was under consideration by the Board of Studies in Tamil and Indian Music.

Mr. C. Vedachalam then withdrew his motion with the permission of the House.

There being no further business on the agenda paper, the meeting terminated at about 10-45 A.M.

## MINUTES

Before proceeding to the business on the agenda paper, the Vice-Chancellor made the following speech :—

Before we proceed to the regular business on the agenda paper this afternoon, I may be permitted to offer to you all, members of the newly constituted Senate, a very hearty welcome. In view of some of the questions which will be asked by the members of this House and of the resolutions which will be moved, I may be permitted to make a few preliminary remarks with regard to our present position with a view to avoiding unnecessary discussion later. This University was intended, as you are all aware, to be a small teaching and residential University—that was to be its distinctive note. It was established not with a view so much to any radical change in the content of higher education as for the provision of suitable educational agencies and suitable educational methods which would

conduce to the proper training of students. The bulk of the financial resources of the University has therefore to be spent on under-graduate teaching and on research. So far as teaching is concerned, as every University worthy of the name should provide for instruction in certain subjects of general study, we have in this University made provision for instruction up to the Honours standard in English, Tamil, Sanskrit, Philosophy, History and Economics, in the Faculty of Arts, in Mathematics, Physics and Chemistry in the Faculty of Science and in Vidwan, Siromani, Indian Music and Pandits' Training Courses in the Faculty of Oriental Studies. It may seem possible, in the opinion of some, that some of these subjects should be cut out or that the standard of instruction in some of them should be lowered. But it seems to me that our studies as at present constituted give just enough variety to meet the different tastes and aptitudes of our honours students and they provide the constituents of a general liberal education so far as our Intermediate and B.A. Pass students are concerned. We have also made provision for post-graduate work and research. The members of the staff are undertaking some research in their subjects and we have made provision for a number of research students working under the guidance of the heads of departments. Lastly, there is the question of specialisation. It is true there is no specific reference to specialisation in the University Act. But it is obvious that every University should, in addition to its ordinary work, specialise in one or more branches of learning for which it has peculiar facilities. As our University is situated in the Tamil country, it has facilities, it seems to me, for subjects like Tamil, Sanskrit, South Indian History and Archaeology, Dravidian Culture and the Economics of South India. It seems to me that we as a University should give every encouragement to the development of these subjects so that the University may be in a position to make a substantial contribution

to knowledge in due course in regard to these subjects. So far as Tamil is concerned, it is obvious that in a University situated in the midst of a Tamil-speaking population of 20 millions, we should encourage and foster Tamil studies to the utmost extent possible. I should in this connection deprecate any sort of competition or rivalry between Tamil and Sanskrit or any other language. While Sanskrit will continue to receive the encouragement that it certainly deserves, special attention will be paid and is being paid, I maintain, to the development of Tamil studies in this University.

In regard to the institution of technological courses in this University, I may point out that our present financial position precludes the possibility of starting any department of technology without very liberal grants from Government. The Committee which was appointed by the Syndicate to go into this question and whose report is awaited, thought that a beginning could be made with sugar technology with a capital expenditure of about 2 lakhs and an annual recurring expenditure of Rs. 50,000. But from subsequent enquiries which I have made, I find that this is an under-estimate. We shall want 3 or 4 or even 5 lakhs for equipping and starting any one branch of technology and an annual sum of at least a lakh of Rupees for keeping it going. In view of the enormous cost of equipping and maintaining a technological department, it is well worth our consideration whether it would not be better with our limited resources, until such time as adequate funds are forthcoming, to offer a number of scholarships to our best science students to enable them to go to technological institutes elsewhere than attempt to open a technological department ourselves. We must remember that our Honours courses in Physics and Chemistry are giving a sound preliminary scientific training to our students. I may mention incidentally in this connection that our students have sought and have secured admission into the Engineering College,

Guindy, and the Mechanical and Electrical Engineering Departments of the Benares Hindu University.

This question is important and I moved at the last Inter-University Board meeting that the Universities of the south, if not of all India, should be requested to co-operate in working out a co-ordinated scheme of technological education so that duplication of effort might be avoided. The Inter-University Board fully recognised the importance of the matter and at the instance of Sir Akbar Hydari, a preliminary meeting of the representatives of Indian Universities is to be convened at Hyderabad in the course of this year. It seems to me therefore that this is a matter in which we should move slowly and cautiously. The present position is that Mysore has decided upon starting the technology of textiles, the Andhra University is shortly starting oils technology, the Bombay University has just sanctioned the starting of a technological department on the report of Sir M. Visvesvaraya's Committee and Nagpur, as a result of a large endowment of 30 and odd lakhs, is going to start an institute of chemical technology. The report on the Sir Harcourt Butler Technological Institute, Cawnpore, built and equipped at a cost of about 80 lakhs, recommends that, in addition to the sugar department at the institute which is an all-India sugar centre, oils and glass technology should be developed at that Institute on an all-India basis. It seems to me that, with practically no funds to spare at present, we would be well advised to wait and see how things develop and see whether our limited financial resources could not be utilised to better advantage. As I have already said, a great portion of our very limited income of about 4½ lakhs a year has to be absorbed in teaching and research. In view of our present financial position, the Finance Committee has made certain large cuts in our budget for 1933-34 and as a result of that and with a view to avoiding similar cuts in future, the Syndicate has appointed an *Ad Hoc* Committee to review

the whole financial position of the University and to recommend retrenchment wherever possible and necessary so that the financial and academic resources of the University might be conserved and used to the best advantage. The recommendations of this Ad Hoc Committee will in due course be placed before the Senate for consideration and members of this house will then have an opportunity of going into the whole question and of making their proposals in regard to the programme of academic work of this University. Meanwhile I would appeal earnestly to the members of this House in the peculiar circumstances in which we find ourselves at present, to accept the proposals which the Syndicate after most careful consideration have decided to place before them.

### **I. Business brought forward by the Syndicate.**

1. Questions asked by members of the Senate and answers thereto by the Syndicate.

*By Mr. S. Totadri Ayyangar*

1. Q. Ref: Page 13, para 35 of the Annual Report:

Will the Syndicate be pleased to state when the final report of the expert Committee on technological courses of study is expected to come into its hands?

A. It is hoped that before the end of March, 1933, the report will be received.

2. Q. Ref: Page 2 of the Annual Report.

In view of the fact that instruction in Technology is one of the main statutory purposes of the University, will the Syndicate be pleased to state when, if not in the 'near future', it will be possible for it 'to embark on any new scheme of expansion' in this direction?

A. It is too soon to express an opinion on this matter.

3. Q. Page 19—Para (c)

In regard to the text-book on Logic in Tamil, will the Syndicate be pleased to state

(a) whether any time-limit has been fixed for the special Board of Judges to send in their report ?

(b) when the report is expected ?

(c) whether the publication of the approved work is likely in the course of the current year (1933) ?

A. (a) and (b) The report has already been received.

(c) Yes.

4. Q. With reference to paras 54 and 55 (Pages 19 and 20) of the Annual Report, will the Syndicate be pleased to give information on the following points :

(a) what are the expenses actually incurred in connection with the special lectures delivered during 1932 on invitation by the Syndicate ?

(b) how many of the courses of special lectures sanctioned for the year 1932-33 have already been delivered ?

(c) in re: to (b) what are the amounts paid by way of travelling allowances and remuneration to the lecturers concerned ?

(d) whether there is a standard rate of remuneration for each 'special lecture' or whether the rates are fixed in each individual case on its merits ?

(e) whether there is any arrangement for the publication of these lectures in the University Journal or in book form ?

(f) what is the object underlying 'extension lectures by members of the teaching staff of the University itself'?

A. (a) and (c) A statement is placed on the table.

(b) All the four.

(d) The rates vary from Rs. 150/- to Rs. 300/- and are fixed in each individual case on its merits.

(e) If found suitable, the whole matter or a compressed form of it will be published either as a book or in the University Journal.

(f) The dissemination of knowledge.

*Supplementary question by Mr. S. Totadri Ayyangar.*

Q. With reference to section (f) of question 4, may I know whether the members of the teaching staff of the University are compelled to contribute to the dissemination of knowledge or whether it is a purely voluntary arrangement in which they may or may not participate?

A. No element of compulsion can possibly enter in a purely academic matter of this kind.

*By Mr. V. I. Muniswami Pillai*

Q. May I know, who selects these lecturers?

A. The Vice-Chancellor in consultation with the Heads of Departments selects these lecturers.

*By Mr. K. S. Venkataramani*

Q. Any remuneration for these lectures?

A. No.

*By Mr. S. Totadri Ayyangar*

5. Q. Will the syndicate be pleased to consider the desirability of framing statutes with a view to regularising the practice of arranging for special lectures from year to year ?

A. The suggestion will be considered.

*By Mr. K. R. R. Sastri*

6. Q. (a) Why was the resolution of the Senate not followed in the fixing of the starting salary of Mr. D. V. Bhushanam Naidu, Electrical Engineer ?

(b) What were the special reasons, if any, which influenced the unauthorised starting scale ?

A. (a) His services could not be had for anything less than the start actually offered.

(b) His salary at the Madras Corporation and the prospects he had there.

*Supplementary Questions: By Mr. V. T. Arasu*

Q. Whether applications were called for and if so, whether any candidate was offered the place on Rs. 100, the minimum fixed by the Senate ?

A. Applications were called for when the appointment was first created, but afterwards, Mr. Appadurai Mudali who was with us had to leave suddenly; we sent up the list of applications to the Electrical Engineer to the Corporation of Madras for his recommendations; and it was on his recommendation that Mr. D. Vakulabhushanam Naidu was appointed.

*By Mr. A. Sivarama Menon*

Q. In the recommendation by the Corporation Engineer, was there anything said about the starting salary ?

A. Yes,

*By Mr. K. R. R. Sastri*

7. Q. (a) Under what authority were the Registrar, the Librarian, and the Warden granted concessions re: free quarters etc.?

(b) Were there any special circumstances which necessitated such a grant of concessions without getting the requisite sanction from the Senate?

A. (a) Under the authority vested in the Vice-Chancellor in Section 45 (1) of the Act, he sanctioned the concession in the case of the Registrar and the Warden. The Syndicate sanctioned the concession in the case of the Librarian at its meeting held on 6-9-1930.

(b) The Syndicate felt that the nature of their duties required these concessions. The sanction of the Senate was not thought necessary.

*Supplementary question by Mr. K. R. R. Sastri*

Q. May I know how section 45 (1) of the Act is applicable to the present case?

A. At the time when the University was started, the Vice-Chancellor was vested with transitory powers and these concessions were granted then.

*By Mr. K. R. R. Sastri*

8. Q. (a) When is the report of the special Committee on the starting of technological courses expected?

(b) Will the Syndicate take immediate action on the receipt of the report?

A. (a) Please see answer to question 1 by Mr. S. Totadri Ayyangar.

(b) Please see answer to question 2 by Mr. S. Totadri Ayyangar.

*By Mr. C. Vedachalam*

9. Q. Is it not a fact that one of the principal objects of the Annamalai University is 'to nurture a centre of learning to give to the world the value of Tamil learning, literature and culture'?

A. The objects of the University are mentioned in the preamble to the Act.

*Supplementary question by Mr. C. Vedachalam*

Q. With reference to question 9, the words are quoted from the address of the Chancellor while inaugurating the Senate of this University. I want to ask if that statement binds the policy of the University or only the preamble to the Act will bind it.

A. This is not a supplementary question. There is the answer to the question given by the Syndicate.

10. Q. If the reply to interpellation No. 9 be in the affirmative, will the Vice-Chancellor kindly state what the University authorities have done so far in that direction and what special facilities have been provided or arrangements made in the University for fulfilling that object?

A. The question does not arise.

11. Q. Is it not a fact that the Senate of the University has resolved at one of its early meetings to adopt the Tamil language as the medium of instruction in the University at a future date, and with that end in view, to have suitable text-books in all subjects prepared in Tamil?

A. A copy of the resolution of the Senate to which the member presumably refers is placed on the table.

12. Q. If the answer to interpellation No. 11 be in the affirmative, will the Vice-Chancellor kindly state,

(a) what steps have been taken by the University authorities up to date beyond offering a prize for a text-book in Logic ;

(b) if the authorities have drawn up a programme for giving effect to that resolution within any definite period ?

A. (a) A special Committee is considering the question of the publication of text-books on Indian Music.

(b) No.

13. Q. Will the Vice-Chancellor kindly place on the table the replies to the audit report of the University for the year 1931-32 and, in future, annex a copy of the replies to the copy of the report sent to the members of the Senate ?

A. A copy of the Audit Report with the replies thereto is being sent to the members of the Senate. The audit of the accounts of 1931-1932 was finished on 24-12-1932 and the report and objections were received on 14-2-33 ; the draft replies were considered at the meeting of the Syndicate on the 4th March, 1933.

14. Q. Will the Vice-Chancellor kindly state,

(a) the qualifications of the University Civil Engineer ;

(b) whether his explanation regarding the irregularities pointed out in the Audit Report was obtained, and

(c) if so, how the explanation has been finally disposed of ?

A. (a) B.A., A.C.E.

(b) and (c) The explanations received from the Engineer were considered by the Syndicat

and have been taken into account in the answers to the Audit Report relating to works.

15. Q. Will the Vice-Chancellor kindly state if he has arranged for important estimates being scrutinised and approved by the Superintending Engineer, and if necessary, the Chief Engineer of the Public Works Department, as suggested by the Audit Department?

A. Please see Syndicate's reply to paragraph 5 of the Audit Report.

There being no motion for a change in the order of business, the items in the order of the agenda paper were taken up for consideration.

2. The Syndicate presented to the Senate under Statute 4 (5) of Chapter XIII of the Laws of the University, the Annual Report on the working and progress of the University for the period from the 1st January, 1932, to the 31st December, 1932.

Mr. S. Satyamurti moved that the Annual Report for the Calendar year 1932 be adopted.

In doing so, Mr. S. Satyamurti said that within the limits prescribed by the statutes and by the finances, the University had been doing its very best to achieve the objects for which it was established. Two most notable developments in the year were the incorporation of the Rajah Annamalai Music College and the Oriental Training College into the University. This was the first time in the history of any Indian University that a music course extending over four years had been made an integral part of the work of any University and the Oriental Training Section was also a distinctive feature of the work of this University during the year. A Committee was constituted, as the House knew, to see if the University could start instruction in some of the fine arts besides music, such as drawing, painting and

architecture. The Committee had made an interim report and further progress was awaited pending receipt of replies from other Universities as to the provision of instruction in those subjects. He emphasized the great importance of the system of tutorial instruction which was being gradually and steadily introduced into this University. During this year the system confined to the B.A. (Hons.) students was extended to the B.A. and B.Sc. Pass students as well and he expressed the hope that as years passed on, the element of personal contact between the teacher and the taught which the tutorial system alone could guarantee would become the normal feature of life at this University. Six houses for lecturers were built and occupied during the year, increasing the existing provision of residential quarters to 25. The Syndicate recognised, none better, that the accommodation was still inadequate; the ambition of the Syndicate was that all the teachers should reside within Annamalainagar so that the ideal of a residential University might be completely realised and hoped that it would be possible to so realise it within the next few years. During this year the number on the rolls was 630 as against 569 of the previous year, a gratifying increase, and though all the students did not live within the University area, it must be gratifying to the Senate to learn that of this number as many as 440 students resided in the hostel and in other buildings within the University area. With regard to athletics and games, striking progress had been made both in point of the numbers taking part in games and of the number of tournaments played by the students both inside and outside Annamalainagar. The next feature of importance to which he invited the attention of the house was the work of the University Union. He said that it was a very vigorous body and the students took a lively interest in the activities of the Union and the members of the staff generously and willingly helped them in carrying on the work of the Union. The University also participated

in the Inter-University Athletic tournaments. During this year it had an endowment, though under tragic circumstances, from Mr. A. Ramanatha Ayyar, and the Syndicate had accepted the sum of Rs. 1,200 in memory of his son, R. Subrahmanian, who was a student of this University during 1929-30 and who died recently, the interest on which was to be awarded as a scholarship to a deserving student of the B.A. Class under certain conditions.

The University was now in possession of lands to the extent of about 544 acres of which more than half was acquired under the provisions of the Land Acquisition Act and about 10 acres were purchased by private negotiations and in a few years we should be proud to be able to have an estate worthy of this University. Plans and estimates were prepared for the water-supply scheme and it was hoped that by the end of this year the water-supply scheme would be an accomplished fact. The Syndicate was conscious of the fact that drainage also must immediately come in, otherwise there was a chance of this place being water-logged.

For the year 1931-32, the receipts were 4.65 lakhs and the expenditure 4,52,525-9-4, leaving a small balance.

About the University Library, there were two schemes, one for the amalgamation of the departmental libraries with the general library and the other, for the establishment of a bindery. Both of these were very desirable items of reform but had to be postponed pending the shifting of the library to the new buildings. The total number of books loaned in the year was 52,292 as against 27,501 in 1931, an increase of nearly double the number in the previous year in spite of the closing of the Library during the three months of stock-taking. On teaching and research, the report covered more than

15 pages. To refer to them in detail was not possible, but he was glad to be able to state that the several departments of study and the students were doing very good work which he was sure in years to come would bear abundant fruit. Under physical training, he mentioned that in the physical training of the students, indigenous exercises were used a great deal and a new feature of the year was that pandits under training had an examination in physical training along with other subjects. He then mentioned that the general health of the students and other residents of Annamalainagar had been very satisfactory and medical inspection was made on the lines suggested by the Inter-University Board in India. On the whole, the mover stated that there was no doubt that, on the basis of this record of good and useful work done during the year 1932, one could confidently hope an increasingly great and useful future for this University. With these words, he commended the adoption of the Annual Report for the year 1932 to the acceptance of the House.

Rao Bahadur R. V. Krishna Ayyar seconded the motion.

Mr. V. T. Arasu, in supporting the motion, observed that the percentage of passes in English in the Intermediate Examination (48·7 per cent) was very low and said that only those who had an aptitude for a University course should be selected for admission into this University. He also mentioned that he was glad to be able to find from the Report that the Economics Department had done useful research work during the year 1932.

Mr. K. S. Venkataramani said that instead of duplicating the machinery for producing graduates, it would be better if this University were to devote itself purely to advanced and specialised study and research in certain subjects for which this University had special facilities. He suggested subjects like Dravidian culture,

Sociology, Archaeology, Mathematics, etc. He also suggested the desirability of instituting and developing a Publications Department which would ensure a glorious future for this University.

Mr. T. S. Nataraja Pillai, in the course of his observations, said that it was desirable not to have too many grades of Teachers and that security of tenure to the employees of the University should be guaranteed in the interests of efficiency. He further mentioned that the Tamil Department should receive special attention and the encouragement of Tamil Studies more consideration.

Swami Sahajananda strongly pleaded for the encouragement of Tamil studies in the University.

Mr. A. Sivarama Menon said that he was glad to find that, during the year, the University had done good work and he was confident that the authorities would give all possible attention to the development of scientific studies especially subjects like Chemistry and Botany. He further added that the expenditure incurred by the University on the encouragement of Sanskrit studies was not at all excessive and no spirit of competition or rivalry as between subjects should be allowed to enter in academic matters.

Mr. S. Somasundara Bharati put in a strong plea for the special encouragement of Tamil studies along with the development of scientific subjects like Chemistry.

Dr. P. S. Subramanya Sastri said that Tamil and Sanskrit studies should go together and that any real advance of knowledge in them could only be expected by a close co-operation in the study of the two languages.

Mr. V. T. Arasu moved that the question be now put, which was seconded by Mr. C. Vedachalam, and put to the vote and CARRIED.

Thereupon the original motion was put to the vote and CARRIED.

3. The Syndicate reported under Statute 12 of Chapter XIV of the Laws, that certain items of expenditure during 1932-33 under the several accounts having exceeded the sanctioned allotment in the Budget Estimates for the year by the amount noted against each, it had sanctioned the necessary reappropriations as detailed in the statement printed as **Appendix A**.

4. The Syndicate submitted under Section 26 of the Act, the Annual Accounts of the University for the financial year 1931-32 as audited by the Examiner of Local Fund Accounts, Madras, together with the Audit Report on the Accounts of the University for the year 1931-32.

In the absence of Mr. T. Sivaramasetu Pillai Dr. B. V. Narayanaswami Naidu moved that the Annual Accounts of the University for the year 1931-32 as audited be adopted.

In doing so, he referred to the transfer of Rs. 50,000 from the General Funds to the Building Fund in 1931-32 as was done in the previous years and said that the principle of annual transfers from the General Fund by way of additions to the Building Fund had been accepted both by the Finance Committee and the Syndicate, considering the slender resources of the building fund and the modest programme of buildings for a residential University. He also said that the irregularities pointed out in the audit report mostly related to matters of procedure, maintenance of accounts and that several of the suggestions had been accepted.

Mr. S. Satyamurti seconded the motion.

After a short discussion in which Messrs. V. T. Arasu, C. Vedachalam and others took part, the motion was put to the vote and CARRIED.

5. The Syndicate placed before the Senate for consideration and approval the following recommendations regarding the teaching and other staff for the year 1933-34. These recommendations had been placed before the Academic Council and its decision reported at the meeting.

- (1) That provision be made for a Professor of Economics, that the Readership be suspended and the present lecturership be continued on a temporary basis till 31-3-1934.
- (2) That provision be made for an additional Pandit in Telugu and an additional assistant to the Physical Training Director.
- (3) That the following posts be abolished.

<i>Name of the Department</i>		<i>Nature of post</i>
(a) Modern European Languages	1	Part-time lecturer in German
(b) Economics	1	Assistant Lecturer
(c) Mathematics	1	Assistant Lecturer
(d) Sanskrit	1	Assistant Lecturer
	1	Pandit

- (4) That provision be made for revised grades for the Librarian and the Assistant Librarian.

Rao Bahadur R. V. Krishna Ayyar moved that the recommendations of the Syndicate be approved and the necessary provision be made in the Budget Estimates for 33-34.

Before the above resolution was moved, the Vice-Chancellor informed the House that the Academic Council had resolved to refer back recommendation (1) of the resolution to the Syndicate for consideration and that therefore only the other recommendations (2), (3)

and (4) under item 5 were before the Senate for consideration.

Rao Bahadur R. V. Krishna Ayyar, in moving the resolution, explained that an additional Pandit in Telugu and an additional assistant to the Physical Training Director were found necessary to cope with the increased work of teaching Telugu for the additional Intermediate and Music Classes and of additional work in physical training for the Music Section and the Pandits under training who had to take a special course in Physical Instruction. Regarding the abolition of the posts under sub-head (3), he said that as German did not continue to attract many students, it was not found necessary to continue the course. As regards the other teaching posts he said that, as it was found necessary to effect retrenchment in expenditure and husband the resources to the best advantage, the Syndicate had first appointed a small sub-committee to consider the ways in which retrenchment could be effected, and the Committee had arrived at the same conclusions. Later on the Finance Committee which scrutinised the budget made specific suggestions that certain items should be retrenched leaving it, of course, to the Syndicate to decide the details. The Syndicate went over the matter carefully once again and came to the conclusion that in the best interests of the University it was necessary to accept the recommendations of the Committee in order to avoid a clash with the Finance Committee. The whole question was examined carefully, the time-tables for the several classes, the reports on the work of each department, and statistics from other Universities were scrutinised and the Syndicate came to the conclusion that immediately certain posts could be abolished without serious detriment to efficiency. The Syndicate had appointed an *ad hoc* Committee to review the whole situation and find out ways and means of further retrenchment in all possible directions. Pending the decision of the *ad hoc* Committee, the Syndicate could

not go further than the abolition of a few of the posts which were not considered particularly necessary now. As regards recommendation No. (4), the Librarian was getting nearly the maximum of the grade Rs. 150-10-250; considering the qualifications of the present Librarian and in view of the importance of a growing Library in a residential University, it was thought necessary to give him the grade of a Reader. The same arguments would apply for the revision of the grade of the Assistant Librarian also.

Mr. Basheer Ahmed Sayeed seconded the motion.

It was suggested that the recommendations be taken up separately and this was agreed to, and item 2 was taken up.

Amendments by Mr. S. M. K. Beybani :—

1. That provision be made for a Urdu Munshi for the teaching of Urdu in the University.
2. That sub-clause (2) in item 5 be omitted.
3. The sub-clause (4) in item 5 be omitted.

Before Mr. Beybani rose to move his amendments, the Vice-Chancellor said that amendments (2) and (3) were out of order and, as regards amendment No. (1), by means of statistics he pointed out that very few Mohamedan students came to this University and even those few took Tamil as their second language; besides there was a College specially intended for Mohamedans run by the Government at Madras.

After a discussion in which Messrs. A. Mendeloff, A. Sivarama Menon and others took part, Mr. Beybani withdrew his amendment No. (1).

Recommendation (2) was thereupon put to the vote and CARRIED.

Recommendation (3) was then taken up for discussion.

Mr. K. R. R. Sastri said that what was sought to be achieved by item (3) would be undone by passing item (4).

Mr. E. S. Sunda said that the whole matter might be referred back to the Syndicate for further consideration.

Mr. A. Sivarama Menon suggested that the matter might be postponed till the decision of the *ad hoc* Committee was available, as the whole question of adequate staff was before that expert Committee.

Rao Bahadur R. V. Krishna Ayyar pointed out that the question before the House related to the Budget provision for certain posts in the next year and that had nothing to do with the persons concerned. Again, the *ad hoc* Committee was going to decide what staff was going to be permanently abolished. The resolution did not mean that first class men would be sent away; the Syndicate would not arbitrarily act in the matter of sending away persons.

The Vice-Chancellor explained the history of the whole question pointing out how the Syndicate had brought forward its recommendations before the Senate consequent on the action forced on it by the Finance Committee which had made a lump sum cut of Rs. 14,000 under "Departments of Studies" and reduction in the allotments for certain other heads of expenditure, like "Examinations," "Travelling Allowances", etc. The Syndicate considered every possible source of retrenchment to effect the reduction, such as equipment, contingencies, etc. and it was found necessary to abolish certain teaching posts. It was not likely that people on contract with the University would be affected. The Syndicate had done its best in the circumstances. The whole position was explained to the Academic Council and the latter had approved of it.

Mr. V. T. Arasu moved that the question be now put.

Mr. A. Sivarama Menon seconded the closure motion which was then put to the vote and CARRIED. Thereupon item (3) was put to the vote and CARRIED 23 voting for and 6 against the resolution.

Item (4) was then taken up.

Mr. P. A. Ganesa Ayyar said that the motion was inconsistent with the previous recommendation which was purely a measure of retrenchment and moved that it be referred back to the Syndicate for consideration.

Mr. K. R. R. Sastri seconded Mr. P. A. Ganesa Ayyar's motion.

The Vice-Chancellor pointed out that there was no real inconsistency in the Syndicate's recommendations and explained that the Syndicate had provided for a revised grade for the Librarian in the budget even before it was submitted to the Finance Committee and the latter, while it recommended reduction in expenditure under certain other heads, had left the above provision for the Librarian untouched. The question was therefore to be considered and decided on its merits, keeping in view the qualifications of the persons concerned and the nature of the duties attaching to their respective offices in the Library which played an important part in a residential University.

Mr. R. Srinivasa Ayyangar, while granting the reasonableness of the proposal, pointed out that in view of the cry everywhere in the country for retrenchment and in view of considerations of economy it would not be fair to increase expenditure and that the matter could wait for some time more.

After a discussion in which Messrs. S. Somasundara Bharati, S. Satyamurti, Rao Bahadur R. V. Krishna Ayyar and others took part, the motion of

Mr. P. A. Ganesa Ayyar to refer the matter back to the Syndicate was put to the vote and CARRIED.

6. The Syndicate submitted under Section 24 of the Act for consideration the financial estimates of receipts and charges under the several accounts of the University for the year 1933-34 as modified by the Finance Committee.

Mr. Basheer Ahmed Sayeed moved that the Financial Estimates for the year 1933-34 be adopted.

He explained the provision made under the various heads of the Budget estimates for 1933-34. He pointed out that the cost of buildings to be erected was estimated at 20 lakhs of Rupees and the Government grant of  $7\frac{1}{2}$  lakhs was nearly used up. Hence the small savings from the General Funds had to be transferred to the Buildings Fund and only the construction of Buildings immediately needed had to be attended to at first. Lands to the value of Rs. 1,24,000 had been acquired; the electrification scheme had cost Rs. 74,000 and the water-works scheme had cost till then Rs. 5,914. For the year 1933-34 it was proposed to transfer Rs. 1,20,000 to the building fund. This, together with the balance available would be just enough to meet the immediate demands of the building for housing the Library and the Administrative Offices.

Coming to the General Fund, the receipts were only 4.65 lakhs, and the estimated expenditure was Rs. 3.9 lakhs and the closing balance was expected to be Rs. 5,016.

As for the details, he said that it would be seen that the sources of income were not elastic. The fee income could not be expected to increase with any certainty, owing to the general financial depression all over the country. The Government grant of 1.5

lakhs had been fixed and might not increase. Normally, when the maximum of the present grades was reached by the members of the University, the expenditure would come to about 5 lakhs, but in view of the limited resources of the University, the Syndicate had to keep expenditure as low as possible and the Finance Committee had made certain suggestions for retrenchment which the Syndicate accepted as satisfactory consistent with efficiency. It was found that the economies effected in the previous year could be continued during 1933-34 also. An *ad hoc* Committee had been appointed to consider the best ways in which the University could husband its resources and its report would in due course be submitted to the Senate for consideration. Under "Research Expenses", an increased provision of Rs 10,000 had been made while it was only about Rs. 7,000 last year. Thus all possible care had been taken to make adequate provision for research. The mover concluded by saying that he had great pleasure in recommending the adoption of the Budget estimates for the year 1933-34.

Mr. S. Satyamurti seconded the motion.

Mr. K. S. Venkataramani said that the transfer of such a large sum as 1.20 lakhs from the General Funds to the Building Fund could not be justified especially when, as a measure of retrenchment, some of the Teaching posts were abolished and drastic economies effected in all directions.

After a short discussion in which Messrs. V. I. Muniswami Pillai, R. Srinivasa Ayyangar, T. S. Nataraja Pillai and others took part, the motion was put to the vote and CARRIED.

7. The Senate, at its meeting held in October 1932 adopted a motion recommending to the Syndicate that the academic gown prescribed by the Madras University to the recipients of Oriental Titles be adopted by this

University. The Syndicate considered the matter and after an inspection of the sample gown received from the Madras University, resolved to recommend the following amendment to the laws (Statutes) with a view to giving effect to the recommendation of the Senate.

*Substitute* the following for Statute 9 of Chapter XXIII. (p. 151 of the Calendar 1931-32.)

Recipients of Oriental Titles shall wear a robe made of grey stuff with pale blue border reaching down well below the knee.

Prof. Swami Vipulanandaji moved that the draft amendment to the Statute recommended by the Syndicate be adopted.

Mr. E. S. Sunda seconded the motion which was then put to the vote and CARRIED.

8. The Syndicate reported that it had accepted with thanks an endowment by M. R. Ry. A. Ramanatha Ayyar Avl., B.A., B.L., Sub-Judge, Tinnevely, of a sum of Rs. 1200—the interest on which was to be utilised towards the award of a scholarship, styled ‘The Subrahmanyam Memorial Scholarship’ in memory of his late son who was a student of the University during 1929-31, to a deserving student of the B.A. class under certain conditions. (For terms of award *vide* **Appendix B.**)

9. The Syndicate, on the suggestion made by the Audit Department, placed before the Senate for consideration and adoption the following draft amendment to Statute 14 of Chapter IV of the Laws governing travelling allowances payable to the Vice-Chancellor when travelling on University business. (p. 53 of the Calendar for 1931-32).

In line 4 of Statute 14 of Chapter IV of the Laws, read ‘grade’ for ‘class’.

Mr. S. Satyamurti moved that the draft amendment to the Statute recommended by the Syndicate be adopted.

He also pointed out that the amendment was merely a verbal one made with a view to bringing the Statute into conformity with the Madras Travelling Allowance Rules as suggested by the Audit Department.

Mr. R. Srinivasa Ayyangar seconded the motion which was put to the vote and CARRIED.

10. The Syndicate reported that it had granted allowances to the following persons and requested the sanction of the Senate for payment of the allowances :—

(i) Prof. K. M. Khadye, Professor of English, was granted an allowance of Rs. 300 per mensem for the period he was appointed to do the duties of the Vice-Chancellor under Section 12 (3) of the Act during the absence of the Vice-Chancellor in England in connection with the Congress of the Universities of the British Empire.

(ii) Dr. B. V. Narayanaswami Naidu, Reader in Economics, was granted an allowance of Rs. 80 per mensem for the period the post of Professorship was not filled up and later suspended.

In the absence of Mr. H. C. Papworth, Mr. Basheer Ahmed Sayeed moved that the action of the Syndicate be confirmed and the payment of the allowances sanctioned.

Mr. A. Narasinga Rao seconded the motion which was put to the vote and CARRIED.

11. The Syndicate reported that it had instituted the following posts in the University with grades of pay mentioned against each and appointed persons to them on the salaries specified below in the grades fixed for the

respective posts and requested the sanction of the Senate for the same.

Name of post.	Grade.	Name of holder.	Starting salary fixed.
Electrical Engineer.	120-15-150.	Mr. V. Appadurai	
		Mudaliar	120/
do.	100-10-150.	Mr. D. V. Bhu-	
		shanam Naidu	110/
Medical Officer.	100-5-140.	Dr. N. Rajaram	105/

Dr. B. V. Narayanaswami Naidu moved that the institution of the posts in the grades and the starting salaries specified be sanctioned.

Dr. B. V. Narayanaswami Naidu also pointed out that as the incumbents could not accept lower starting salaries they had to be entertained on higher salaries and the Syndicate therefore requested the sanction of the Senate for those items.

Mr. A. Mendeloff seconded and the motion was then put to the vote and CARRIED.

12. The Syndicate reported that in pursuance of the rules passed at its meeting held in July 1930, it had granted concessions to the following persons in respect of rent for quarters and furniture:

	Nature of concession.	Amount per month.
1. Registrar.	House rent.	Rs. 15-0-0
2. i. Warden.	House rent.	37-8-0
ii. Sub-Warden.	House rent.	15-0-0
3. Librarian.	House rent.	22-0-0
4. Director of		
Physical Education.	House rent.	15-0-0
5. Electrical Engineer.	House rent.	12-0-0
6. i. Medical Officer.	do.	nil.
ii. Compounder.	do.	2-0-0

Nature of concession.	Amount per month.
7. Tutors in Residence. Room rent and furniture*	3-0-0 each.
8. Tutor in charge of Top rooms	House rent 3-0-0

\*The total cost of furniture supplied was Rs. 300/-

Prof. C. S. Srinivasachariar moved that the concessions granted by the Syndicate be approved.

Mr. S. Satyamurti seconded the motion which was then put to the vote and CARRIED.

## II. Resolutions given Notice of by Members

*By Mr. S. Totadri Ayyangar.*

13. That Statutes 26 to 28 in Chapter VII of the Laws of the University be so amended as to ensure more effectively the secrecy of the ballot, by directing the Registrar to send to each elector, along with the declaration paper and voting paper, *two envelopes*—a smaller one specially for enclosing the voting paper alone, and a bigger one for enclosing the voting paper cover and the declaration paper.

Mr. S. Totadri Ayyangar moved and Dr. S. Ramachandra Rao seconded the above resolution which was put to the vote and CARRIED.

*By Mr. T. V. Umamaheswaram Pillai.*

14. That the Senate resolves that the Regulations regarding the course of study, etc., for the title of "Sangita Bhushana" passed by the Academic Council and placed before the Senate at its meeting held on 27th October, 1932 be amended as hereunder:—(The relevant Regulations are printed in **Appendix C.**)

## (i) Regulation 5 (iv)

Substitute "Tamil" for "English". Delete the third para.

## (ii) Regulation 7 (i)

Substitute "Tamil" for "English".

15. That the Senate resolves that the Regulations regarding the course of study, etc., for the Pandits' Training Certificate passed by the Academic Council and placed before the Senate at its meeting held on 27th October, 1932 be amended as below :—(The relevant Regulations are printed in **Appendix C.**)

## (2) Pandits' Training Certificate—Rule

Substitute for "the S.S.L.C. Examination of the Department of Education in Madras" the words "the Bala Panditha and Panditha Examinations of the Madura Tamil Sangam or appeared for Intermediate Examination of the University of Madras and secured a pass in Tamil or Sanskrit as the candidate's optional subject".

## Amendments by Dr. P. S. Subrahmanya Sastri

1. Omit 'Bala Panditha and ' in line 3.
2. Substitute 'Examination' for 'Examinations' in line 3.
3. Omit from 'or' in line 4 to 'subject' in line 7.

*By Mr. C. Vedachalam*

16. Regulations re : course of study for the Pandits' Training Certificate.

Regulation 2, 4th line for 'Teacher' substitute 'pandit' Clause (c) for 'Local' substitute the words 'Taluk or District'

Before item No. 14 was moved, Mr. S. Satyamurti pointed out that the matter should have been discussed by the Senate even at its last meeting when the report was made.

Mr. T. V. Umamaheswaram Pillai referred to Section 32 of the Act, under which the regulations passed by the Academic Council should be reported to the Senate which should consider them at its next meeting and in the circumstances he contended that his motion was quite in order.

The Vice-Chancellor pointed out that, apart from the legal aspect of it, it was an academic matter previously considered by the Academic Council and, therefore, it was not desirable to have it discussed again by the Senate and suggested that items 14, 15 and 16 be withdrawn.

Mr. V. T. Arasu suggested that consideration of items 14, 15 and 16 might stand adjourned to the next meeting of the Senate.

Rao Bahadur R. V. Krishna Ayyar pointed out that the matter had been considered at the last meeting of the Senate and should not be adjourned to the next meeting.

After a discussion in which Messrs. A. Sivarama Menon, S. Somasundara Bharati, Rao Bahadur R. V. Krishna Ayyar and others took part, Mr. S. Satyamurti moved that the meeting be dissolved. Mr. W. E. Smith seconded the motion which was put to the vote and CARRIED.

The house dissolved at 5-45 P.M.

## **MINUTES**

1. The Minutes of the Meeting of the Faculty held on the 15th February, 1932, were read and confirmed.

2. Read letter of Registrar re: the desirability of reducing the percentages for distinction and I Class in the Intermediate Examination.

Resolved that it be a recommendation from the Faculty that the percentages of marks required for distinction and first class in the Intermediate Examination be respectively 60 and 50.

3. Read letter of Registrar re: the desirability of reducing the value of Research studentships and Fellowships.

Resolved that the Faculty approves of the suggestion that the value of a Research studentship be reduced to Rs. 40 per mensem for the present, but desires that it may be raised at least to Rs. 50 per mensem as soon as finances should permit; and that the value of a Fellowship be reduced to Rs. 75 per mensem.

4. Read circular letter of the Registrar re: the desirability of holding a second B. A., (Pass) Degree Examination in September.

The Faculty supports the proposal for holding a second examination in September for the benefit of the B. A. candidates and that if possible a second Examination for those who failed in the last B. A. Examination be held this year by December.

The Faculty approves the report of its working during the academic year 1931-32 sent by the Dean to the Registrar on 26th July, 1932.

## FACULTY OF SCIENCE

A meeting of the Faculty of Science was held on Tuesday, the 2nd August, at Annamalainagar, when the following members were present:--

Mr. A. Narasinga Rao, Dean of the Faculty ;  
Mr. G. V. Krishnaswami Ayyangar ;  
Dr S. Ramachandra Rao ;  
Dr. S. N. Chakravarti ;  
Mr. T. S. Raghavan ;  
Mr. R. V. Seshaiya.

## MINUTES

1. The Faculty discussed a reference from the Syndicate regarding the desirability of conducting a second examination in September for the benefit of students who failed in the last B.A. Degree Examination.

It was felt that if finances permitted, it was expedient that a second examination in September be held in the case of all 'Final' examinations except the Honours degree examination. As regards a second examination for the B. A. degree to be held during the current Academic year, the Faculty was not in favour of the proposal.

2. The Faculty considered the suggestion that the value of a research studentship might be reduced to Rs. 40/- per month and that of a research fellowship to Rs. 75/- per month, and resolved that it did not consider these reductions desirable.

3. The reference from the Syndicate regarding the percentage of marks for a first class and for distinction in the Intermediate Examination was read:

It was resolved to recommend that the minimum percentage of marks required for a first class and for distinction be fixed at 50 per cent and 60 per cent respectively.

## FACULTY OF SCIENCE

A meeting of the Faculty of Science was held on Friday, the 12th August, 1932 at 4-30 p.m. at which the following members were present :—

Mr. A. Narasinga Rao, Dean of the Faculty,  
in the Chair.

Mr. G. V. Krishnaswami Ayyangar.

Dr. S. Ramachandra Rao,

Dr. S. N. Chakravarti,

Mr. T. S. Raghavan,

Mr. R. V. Seshayya.

1. The recommendations of the Board of Studies in Mathematics regarding syllabuses and text-books in 'Differential Geometry' and 'Statistics', two of the special subjects for the B. SC. Honours degree examination in Mathematics were read.

The Faculty resolved to recommend them to the Academic Council for acceptance.

2. The recommendations of the Boards of Studies in Mathematics, Physics, Chemistry and Natural Science regarding text-books were considered and the Faculty resolved to recommend them for acceptance.

3. The Faculty considered the lists of persons competent to act as question paper setters and Examiners, recommended by the Boards of Studies in Mathematics, Physics, Chemistry and Natural Science and approved of them.

It was pointed out that in order to maintain a proper standard for the question papers set, it was desirable in all cases to have separate recommendations regarding paper-setters and examiners and that the Boards of Studies might be requested to make recommendations accordingly.

4. The following recommendations of the Boards of Studies in Physics and Chemistry were then discussed :

(i) *Physics: Bachelor of Science.* "Syllabus—same as for 1934 with the following correction: under 'General Physics', in the last paragraph insert 'Equilibrium of floating bodies and metacentre' between 'Thrust of fluid on plane surfaces' and 'determination of height by barometer.'"

(ii) *Chemistry.* "The Board of Studies in Chemistry strongly recommends that the practical examination in Chemistry in B.Sc. (Pass), should include from the Examination in March 1933, an additional three hours test in Organic Chemistry, and that the marks be redistributed as follows :

General Practical Chemistry	... 90
Practical Chemistry—Organic	... 40

(The total marks for Practical Chemistry remaining the same) "

As regards (i) it was pointed out that the correction constituted a definite addition to the existing syllabus ;

Regarding the recommendations (i) and (ii) the Faculty decided by the casting vote of the Chairman

that it was not in favour of any modification of the regulations dealing with the Syllabuses and Examinations of the B. Sc. Pass Course just at present.

Friday the 4th November, 1932

### PRESENT

Mr. A. Narasinga Rao, Dean of the Faculty ;  
„ G. V. Krishnaswami Ayyangar ;  
Dr. S. N. Chakravarti ;  
„ S. Ramachendra Rao ;  
Mr. R. V. Seshayya ;  
„ T. S. Raghavan.

The following resolution was moved by Dr. S. N. Chakravarti and passed unanimously :

‘That it be a recommendation to the Syndicate that provision be made for giving instruction in Botany and Zoology in the B.A. and B.SC. classes from the beginning of the next academic year.’

## FACULTY OF SCIENCE

Friday the 2nd December, 1932

### PRESENT

Mr. A. Narasinga Rao, Dean ;  
„ G. V. Krishnaswami Ayyangar ;

Mr. T. S. Raghavan ;  
Dr. S. Ramachandra Rao ;  
„ S. N. Chakravarti.

A reference from the Syndicate inviting the opinion of the Faculty regarding the deletion of the proviso under Law 2 (4) of Chapter X of the Calendar 1931-32, was the only subject considered.

The Faculty was of opinion that while an increase in the number of members appointed by the Academic Council was desirable, it was in favour of some proviso limiting the number of such members. The Faculty recommends that a Joint meeting of all the Faculties be summoned to discuss the matter.

A. NARASINGA RAO,

## FACULTY OF ORIENTAL STUDIES

A meeting of the Faculty of Oriental Studies was held at 1 p. m. on Tuesday, the 28th November, 1932 in the Room of the Professor of Tamil :—

### PRESENT

K. Rama Pisharoti Esq.,	Dean ;
Prof. Swami Vipulanandaji,	Member.
R. P. Sethu Pillai Esq.,	..

### MINUTES

The Faculty discussed the reference from the Syndicate and resolved to meet again at 4-30 P. M. the next day.

The adjourned meeting was held at 4-30 P. M. in the Quarters of the Professor of Tamil when the following resolutions were adopted :—

Resolved that :—

- (1) No amendment be made to the existing statute governing the constitution of the Faculties ;  
(Two members voted for the resolution and the Chairman dissented).
- (2) The draft alteration to the Regulation in Chapter XXXV, line 19, page 220 of the Calendar for 1931-32 be approved ;
- (3) The draft syllabus for instruction in Physical Training for the Pandits' in Training be approved.

I am also enclosing a copy of the note of dissent to resolution No. 1, by the Dean of the Faculty. .

**DISSENTING NOTE BY THE DEAN**

The trend of the discussion of the subject and the adoption of the Resolution by a majority of 2 in a body of 3 have only tended to convince me of the need for the proposed amendment, and particularly now when some Departments have a section or sections attached to them. When matters pertaining to these sections come up before the Faculty, it is essential to discuss them with experts themselves and not merely with their official Head. Similarly the need for representation of Sanskrit and Tamil which coach up students for the Pass and Honours Degree Examinations in Arts in the Faculty of Arts could easily be granted. The Faculty is an advisory body and nothing is lost by giving it a larger number of members; and if in the Faculty we have also teachers who are not of the Boards of Studies, it would only tend to ensure a fuller and richer discussion. The net result of the proposed amendment is only to widen the field for the Syndicate to choose from. It also rightly leaves the final choice of actual experts to the discretion of the Syndicate, a position to which I heartily and unhesitatingly subscribe. Apart from these general aspects, there is also the personal element: the present constitution makes it impossible for the only Mahamahopadhyaya on the staff of the University to become a member of the Faculty of Oriental Studies. I am therefore of opinion that the proposed amendment is exceedingly desirable.

1. The lecture-lists of the Sanskrit and Tamil Departments and the number and quality of the staff necessary to cope with the work efficiently were considered.

Resolved that with all Honours classes and Part II (second language) alone in Inter., B.A. and B. Sc. working the minimum number on the staff should be five—even after providing for combined lectures in some subjects;

further resolved that of these five, four should be Honours men and in the case of Tamil—for some time to come—graduates with special qualifications in Tamil. This is necessary in view of the fact that the teaching in these classes has to be distinctly on modern lines and different in scope and method from the traditional Panditha methods of teaching adopted in the Oriental Titles course. (*vide* Annexure for details of hours of work).

2. The Scheme prescribed by the Reader in Sanskrit regarding the reorganization of the Oriental Titles Courses was considered.

Resolved that the general principles underlying the scheme be accepted for the Siromani as well as the Vidwan Courses (*Vide* annexure 2).

3. In view of the fact that Archaeology has been introduced as a seventh special subject for Sanskrit.

Honours by the Academic Council in August 1932, the present III Honours students be permitted to offer any two of the seven special subjects—normally students joining the III Honours in 1933 will be eligible to offer Archaeology, hence special sanction is necessary.

## The Reorganisation of the Oriental Titles

### SIROMANI

The course of studies prescribed and the standard aimed at in the various branches for the Siromani Title do not materially differ from what obtains in the Oriental Titles Institutions affiliated to the Madras and Andhra Universities and in the Sanskrit Colleges run by the Governments of Mysore, Travancore and Cochin. Consequently there are no lack of institutions offering facilities for advanced sastric studies; and our

courses form but a mere duplication of the same. Again, in spite of the offer of stipends it is unfortunate that the courses do not show any tendency to become popular; on the other hand, the strength has been falling, except in the sections of Vyakarana and Sahitya.

It may be remembered that the object kept in view in organising the Oriental Titles institutions were originally two-fold: *one* to offer facilities for advanced sastraic institutions and *two*, to give the Pandits some training in modern methods of critical scholarship. In actual working, the second aspect of the course has been completely thrown into the shade and now exists in the Proficiency Course and the M. O. L. Degree, for which adequate facilities are not available anywhere. This aspect may therefore be taken up by our University.

In view therefore of the abundance of facilities available elsewhere for training in the courses now running here, and in view of the lack of facilities for an adequate post-siromani course, equipping the student with the practical knowledge of the modern methods of critical scholarship, it is suggested that the less popular of the branches, if not all of them, may be abolished and in their place a course of post-siromani instruction leading to B. O. L. and M. O. L. Degrees may be instituted.

The proposed new course for B. O. L. may run for three years. The students undergoing this course will submit a thesis in Sanskrit on some aspect of the special subject offered for the Siromani Course and take four papers at the end of the third year, (i) English (Prescribed texts)—(i) paper; (ii) History of Sanskrit Literature—one paper; (iii) Comparative Philology or Comparative Philosophy or Comparative Literary Criticism etc.—two papers. Admission to the course will be restricted to such of the Siromanis or

equivalent title-holders, as would pass an entrance test in English.

After taking the B. O. L. Degree, the candidate can proceed to the M. O. L. Degree on the submission of a thesis in English, whereas the B. A. (Hons.) student can proceed to the same if he offers a thesis in Sanskrit, on an approved subject.

Except for four or five hours instruction in English, the introduction of this course does not entail any extra teaching, since the post-siromani students take their classes in Literature and Philology or Literary Criticism or Philosophy in common with the Honours students.

K. RAMA PISHAROTI,  
*Reader in Sanskrit.*

The B. O. L. course for Vidwans will not be in substitution of but in addition to the existing Vidwan course. In other respects it would closely follow the same scheme.

*Dean, Faculty of Oriental Studies.*

## MINUTES

The Vice-Chancellor explained the need for the meeting and the difficulty that has arisen in one of the Faculties. He pointed out that it was felt that more experts might be welcome to the Faculty and that it was desirable to have the experts chosen from the staff of the University as outside experts had been duly invited to form the Board of Studies and give the benefit of their experience to that body.

Mr. A. Narasinga Rao felt that a difficulty had arisen in the Faculty of Oriental Studies and that if other Faculties had not needed it, provision for addition might be made in those Faculties which might need them. Swami Vipulanandaji doubted if the need had arisen in the Faculty of Oriental Studies.

Dr. S. R. Rao explained it had arisen because of the recent addition of sections to departments and felt the Faculty, an advisory body, should be widely representative of all the subjects included in it.

After a discussion in which Messrs A. Mendeloff, C. S. Srinivasachariar, G. V. Krishnaswami Ayyangar, R. Ramanujachariar and R. P. Sethu Pillai took part the two alternative proposals viz. to increase the number of co-opted members to 50 per cent of the ex-officio ones and to leave the percentage of increase to the discretion of the Syndicate by inserting the word 'not ordinarily' between 'shall' and 'exceed' in law 2 (4) of Chapter X Faculties and removing the words

at no time' were put to the vote as only 3 were in favour of no change at all.

The proposal to insert 'Ordinarily' was favoured by the majority. It was therefore resolved to recommend the amendment of the law by the insertion of the word 'not ordinarily' between 'shall' and 'exceed' in law 2 (4) of Chapter X Faculties after removing the words 'at no time.'

Considered the fixing of the date of the meeting of the Senate to be held in October next ;

also considered the date of the Annual Convocation.

Resolved that the meeting of the Senate be held on a date to be fixed by His Excellency the Chancellor for the Convocation in the latter half of October next.

## II. ACADEMIC COUNCIL

Considered again the resolution of Mr. E. S. Sunda withdrawn at the last meeting of the Academic Council on the assurance given *re* the institution of Technological Courses;

also information obtained from the Andhra University and the Government of Mysore on the subject.

“That this Council resolves to recommend that in accordance with one of the main statutory purposes of the University, some beginnings at least should be made to offer instruction in some branches of technology as optionals in the Intermediate and B.A. Science courses.”

Resolved that a Committee consisting of the Vice-Chancellor as Convener, Mr. S. V. Ramamurti, the Director of Agriculture, Mr. V. Ramakrishna Garu, the Director of Industries, Mr. Adhyantayya, the Principal, Government School of Technology, Madras, Dr. S. Ramachandra Rao and Dr. S. N. Chakravarti be constituted to report on the possibility of starting courses of study in technology together with the details of any scheme proposed and the financial commitments involved therein.

### III. EXAMINERS

Considered the appointment of a Board of Examiners for conducting the B.A. and B.Sc. (Honours) Preliminary Examination of September, 1932.

Resolved that Mr. V. K. Ayyappan Pillai be appointed to conduct the B.A. and B.Sc. (Honours) Preliminary (English) Examination of September, 1932.

### IV. GENERAL UNIVERSITY BUSINESS

The Registrar submitted for approval draft amendments to the Regulations relating to the departments of study comprised in each Faculty in pursuance of the resolutions of the Syndicate passed at its meeting in April last.

Resolved that the draft amendments be approved with the following modifications :—

- 2 (a) 4. Philosophy—to continue to be a Department till July, 1933 with the lecturer to officiate as the Reader ;
- 2 (c) 3. ‘Ancient Indian History and Archaeology’ be deleted ;
- 2 (c) 1(a) ‘Indian Music’ to be a section under the Tamil Department ;
- 2 (c) 2(a) ‘Dravidian Languages other than Tamil’ to be a section under the Sanskrit Department.

Resolved further that the following consequential amendments be made in Statute 2 of Chapter XII: ‘13’ be deleted and the subsequent section renumbered.

Considered draft Regulations governing the award of Teachers' Certificates. (For draft Regulations *vide* Appendix A.)

Resolved that the draft regulations be approved and placed before the Academic Council at its next meeting.

Resolved further that no stipends be awarded to the new entrants of the Teachers' Certificate and the Music courses from 1933 onwards and that this fact be duly notified.

Considered draft Transitory Regulation for the benefit of students who failed in the Intermediate Examination in March 1932 under the Old Regulations permitting them to take the Examination under the same Regulations till 1934. (For draft Transitory Regulation *vide* Appendix B.)

Resolved that the draft Transitory Regulation be approved and placed before the Academic Council at its next meeting.

Considered the draft Transitory Regulation for the benefit of students of the Music College who entered upon a course of study prior to the academic year 1932-33 permitting them to take the Preliminary and Final Examinations for the Sangita Bhushana Title to be held in 1933 and 1935 respectively under certain conditions. (For draft Transitory Regulation *vide* Appendix B.)

Resolved that the Transitory Regulation be approved and placed before the Academic Council at its next meeting.

Considered the question of appointment of Chairmen of Boards of Studies in English, Philosophy and Modern European Languages other than English in place of Mr. Khadye and Dr. Saileswar Sen.

Resolved that Mr. A. Mendeloff do carry on the duties of Head of the Department of English in place of the Professor of the Department and that he also be the Chairman of the Board of Studies in Modern European Languages other than English.

Resolved also that Dr. Saileswar Sen's resignation of both membership and Chairmanship of the Boards of Studies in Philosophy and Modern European Languages other than English be accepted with thanks for the services rendered by him in both the Boards.

Considered the constitution of a Board of Studies in Dravidian Languages other than Tamil.

Resolved that the following persons do constitute the Board of Studies in Dravidian Languages other than Tamil :

1. Mr. K. Rama Pisharoti (Chairman) ;
2. Mr. Achyutha Menon ;
3. Mr. Kochukrishna Kurup ;
4. Mr. Kesavan Nair ;
5. Mr. S. V. Rangacharlu ;
6. Mr. G. V. Somayajulu ;
7. Mr. V. Venkateswara Sastrulu.

Resolved further that as the Malayalam section of the Board has already met for the year, Mr. S. V. Rangacharlu be permitted to write to the members of the Telugu Section of the Board with a view to convening a meeting at an early date in Madras.

Considered the appointment of a part-time lecturer in Pedagogy as recommended by the Champion Committee to be in charge of the Pandits' Training Section and control the teaching connected therewith.

Resolved that Mr. K. S. Venkatarama Ayyar, B.A., L.T., be appointed to teach pedagogy in the Pandits' Training Section under the supervision of Swami Vipulanandaji, Head of the Department, on a salary of Rs. 50/- per mensem for six months temporarily.

Considered the appointment of a Board of Judges to adjudicate on the eleven Manuscripts received *re* Tamil Text-book in Logic for the proposed award of the prize of Rs. 1000/-.

Considered also the remuneration to be paid for the Judges.

Resolved that Messrs. S. S. Suryanarayana Sastri, P. N. Srinivasachariar and Swami Vipulanandaji be requested to constitute the Board to adjudicate on the Manuscripts received and that they be paid an honorarium of Rs. 100/- each.

Considered applications for registration as candidates for the M. Litt. and M.Sc. Degrees ;

Considered in this connection the question of prescribing fees for Post-graduate research students in Science subjects.

Resolved that the applications be registered and that the fee both in the Science and the Arts Faculties be Rs. 25/- per year.

Considered note by the Vice-Chancellor *re* a scheme for the award of research grants.

Resolved that the scheme be approved.

The Registrar reported that, with the approval of the Vice-Chancellor the applications for research studentships received up to the 25th June had been accepted and sent to the Boards of Studies concerned for consideration.

Resolved that the report be recorded and that the action taken be approved.

Read letter dated 30th June, 1932, from Mr. Minna Nuruddin, giving notice of his intention to move at the next meeting of the Senate an amendment to Law 73 of Chapter VIII of the Laws of the University relating to the preparation and publication of minutes of meetings of Senate and Academic Council.

Resolved that the letter be recorded.

Read letter No. D. 792-32 d/24-5-32 from the Director of Agriculture, Madras, requesting that a suitable person be nominated for election to the Committee of Selection proposed to be constituted for the purpose of regulating admission of suitable candidates for post-graduate training in the Research Institute at Pusa.

The Registrar reported that the Vice-Chancellor had nominated Mr. C. Tadulinga Mudaliar as a representative of this University to serve on the Selection Committee and he had expressed his willingness to serve on the Committee.

Resolved that the report be recorded and the action taken confirmed.

Read letter No. 662-677 dated 18-6-32, from the Secretary, Inter-University Board, India, requesting to nominate a representative of this University for elec-

tion by the Inter-University Board to the Imperial Council of Agricultural Research, Simla, as the period of membership of the present representatives of the Board on the Council would expire on the 18th July, 1932.

The Registrar reported that Mr. C. Tadulinga Mudaliar, F. L. S., Principal, Agricultural College, Coimbatore, had been nominated by the Vice-Chancellor, as a representative of this University.

Resolved that the report be recorded and the action taken confirmed.

Read letter dated 27th May, 1932, from the Secretary, Inter-University Board, Mysore, communicating the resolution of the Inter-University Board *re* the possibility and desirability of transferring the Provident Fund Accounts of teachers migrating from one University to another and requesting to communicate the views of this University on the subject.

Resolved that the Secretary, Inter-University Board, be informed that this University has decided to close the accounts of all outgoing teachers.

Read letter No. 3817-3832 dated 31st March, 1932, from the Secretary, Inter-University Board, forwarding the Annual Report of the Inter-University Board for 1931-32 and requesting to communicate the action taken on the resolutions passed by the Board at its meeting in Lahore held in March, last.

Resolved that the Vice-Chancellor and the three Deans do constitute a Committee to consider the action to be taken and place their report at the next meeting of the Syndicate.

Read letter No. 543 dated 16th April, 1932, from the Secretary to Government, Law (Education) Department, Madras, forwarding an extract from the report of the Indian Central Banking Enquiry Committee suggesting the desirability of making arrangements for the training of students at recognised institutions for the degree courses in which Banking should be an important subject of study.

Read also letter from the Secretary, Inter-University Board, Mysore, on the subject.

Resolved that the matter be referred to the Board of Studies in Economics for report.

Considered the Report of the Stock-verifier for the year 1931-32 together with the replies received from the Heads of Departments concerned.

Resolved that the report be recorded and the suggestions made therein be acted upon and that a report be called for from the Heads of Departments as to the action taken by them.

Read letter dated 4-7-32 from Mr. Ananthavaidyanathan, the stock-verifier, requesting in the circumstances stated he might be granted such extra remuneration as the Syndicate might deem fit and recommending a remuneration of Rs. 5 to the peon who assisted him during the stock verification, as was done during the previous years.

Resolved that the letter be recorded and that a remuneration of Rs. 75 to the Stock-verifier and Rs. 5 to the peon be paid.

Considered the question of recommending to the Academic Council suitable persons for appointment as members of different faculties; together with a note thereon.

Resolved that the following names be recommended for appointment as members of the different Faculties:

- i. Arts: Messrs. S. P. Ragland and R. Sathianatha Ayyar.
- ii. Science: Messrs. T. S. Raghavan and R. V. Seshayya.
- iii. Oriental Studies: Mr. R. P. Sethu Pillai.

Read letter dated 4th July, 1932, from the Honorary Secretary, Indian Economic Association, stating that the sixteenth Indian Economic Conference would be held in Delhi in the first week of January, 1933 and requesting that Delegates might be appointed to attend the Conference.

Resolved that the letter be recorded and that such of the members of the Economics Department as attend the Conference be considered to have been on duty during their absence for purposes of attendance at the Conference.

Read letter dated 6th July, 1932, from the President, the Karanthai Tamil Sangam, Tanjore, communicating the resolutions passed by the 21st Annual Conference of the Sangam for consideration by the authorities of the University.

Resolved that the letter be recorded and the resolutions Nos. 13 and 14 be referred to the Board of Studies in Tamil for consideration and report.

Read letter dated 24th June, 1932, from Prof. Wickramasinghe offering his services for any suitable post in the University soon after his retirement in July next and requesting to communicate the decision by cable; together with the remarks of the Vice-Chancellor.

Resolved that the letter be recorded.

Read correspondence relating to the recognition of the degree examinations of this University by the Calcutta University.

Resolved that the correspondence be recorded.

Considered the question of inclusion in the electoral roll for the election of ten members to the Academic Council by the Teachers other than Professors and Readers, the following persons :—

Mr. M. S. Duraiswami, Lecturer in English who  
was on Medical leave;

Mr. K. Nagaraja Rao, the Assistant Librarian;

Mr. C. N. Sadasivaiah, Assistant to the Director  
of Physical Education;

Dr. W. Graefe, Part-time Lecturer in German;

Mr. V. Subbaraya Ayyar, Part-time instructor in  
Drawing.

Resolved that the names of the following be included in the Electoral Roll.

1. Mr. M. S. Duraiswami;
2. Mr. C. N. Sadasivayya;
3. Dr. W. Graefe;

4. Mr. V. Subbaraya Ayyar ;
5. Mr. K. S. Venkatarama Ayyar and
6. Mr. C. Ayyaru.

Considered the question of including the name of Prof. Otto Stein of Prague in the Free Distribution list of the Publications of this University.

Resolved that the Prague University be supplied with a copy of the Publications of this University in the Departments of History and Culture.

Considered Memorandum No. 874 F/32-34, dated the 2nd July 1932, from the Government of Madras, Revenue Department, stating that exemption from assessment in respect of lands alienated in favour of the University could not be granted so long as the accounts of the University showed a credit balance, together with a note on the same by the Registrar.

Resolved that the Government be requested once more to exempt the lands from assessment as the clause as it stands would penalise prudence on the part of the University Authorities and that the Engineer take up immediately the work of survey of the whole of Annamalaiagar with a view to fixing finally the purpose to which the areas acquired should be put.

## V. EXAMINATIONS

Considered the reports received from Chairmen, Boards of Examiners, on the examinations of March 1932.

Resolved that copies of the remarks be sent to the Heads of Departments for information and guidance, and that the recommendation of the English Board *re* percentage of marks for distinction and first class be referred to the Boards of Studies and the Faculties for early report.

Considered also a D. O. letter from the Director of Public Instruction on the results of the Examinations.

Resolved that the suggestion contained in the letter be borne in mind and the results of subsequent examinations be carefully watched.

### MINUTES

#### I. SENATE

The Registrar submitted for approval the minutes of the meeting of the Senate held on the 27th October, 1932, and reported that action had been taken and His Excellency the Chancellor had been pleased to accord his assent to resolutions requiring his assent.

Resolved that the minutes be approved and the action taken be confirmed.

Considered the following resolution passed by the Senate at its meeting held in October last.

“That it be a recommendation to the Syndicate that the Academic Gown prescribed by the Madras University to the recipients of Oriental Titles be adopted by the Annamalai University.”

*Extract from the Laws of the Madras University.*

“Recipients of Oriental Titles shall wear a robe made of grey stuff with prescribed border reaching down well below the knee and of a prescribed pattern and either a white, red or black turban which may have a gold border or a Fez.”

Resolved that M. R. Ry. Rao Bahadur R. Krishna Rao Bhonsle Avl. be requested to send a sample gown for inspection with a view to suitable action being taken.

## II. ACADEMIC COUNCIL

Considered again the resolution of Mr. E. S. Sunda withdrawn at the March meeting of the Academic Council on the assurance given *re* the institution of Technological Courses:

together with the report of the special committee appointed by the Syndicate.

“That this Council resolves to recommend that in accordance with one of the main statutory purposes of the University some beginnings at least should be made to offer instruction in some branches of technology as optionals in the Intermediate and B.A. Science Courses.”

The Vice-Chancellor informed the Syndicate that the Director of Industries had agreed to send a full report at an early date. The Committee had recommended the starting of a course in Sugar Technology as one-third of the sugarcane in the whole of India was grown in the south central districts and as the protection given to indigenous sugar by Government promised a big future for the industry. Courses in leather technology might be added later on. The Committee estimated that at an initial cost of two lakhs for buildings and equipment and a recurring one of Rs. 50,000/- every year, the Department of Technology could be run with about 30 students on the rolls. The Syndicate *resolved* that the report of the Committee be awaited.

Considered again the following motion passed by the Academic Council at its meeting held in August last *re* institution of a course in Fine Arts.

"That this Council recommends to the Syndicate that steps be taken to institute a Diploma Course in Fine Arts at an early date in this University."

Replies from the other Indian Universities, a scheme drawn up by Mr. E. S. Sunda, the opinions of experts like Mr. Roy Chaudhary on the scheme had been received.

Resolved that a Committee consisting of the Vice-Chancellor Messrs. S. Satyamurti, N. R. Balakrishna Mudaliar, G. Nagaratnam Ayyar, E. S. Sunda and D. P. Roy Chaudhari be appointed to consider and report on the details of the scheme.

**N.B.**—Application for admission to this Examination together with the Examination fee must be forwarded so as to reach the Registrar not later than the 15th January immediately preceding the Examination.

Late applications and fees will be accepted up to a maximum limit of five days after the prescribed date, provided an additional payment of one Rupee is sent by each candidate so as to be received by the Registrar within the period of extension (five days) specified above. In no circumstances will any application and fee be received thereafter.

Enquiries from candidates, as to the receipt of their applications in the Office of the Registrar will not receive attention. Each application, if accompanied by an addressed post card, will, however, be acknowledged by the return of post card with the University Stamp duly impressed thereon. The fee, Rupees Forty, may be paid in the University Office or may be remitted in a Government Treasury and the Chalan may be sent with the application. No application will be registered unless the prescribed fee has been paid. The fee, once paid, will, in no circumstances, be returned or held over for a subsequent Examination.

The candidate must write his name and that of his father or guardian in full, and if an Indian, in his Vernacular language as well as in English. Candidates are warned that their names are registered for University purposes as written in this application and that they should be careful to insert their full names, correctly spelt, in the first column. If a change in the name has been recognised by the University, the name under which he has already been enrolled in the University records should also be given.

Candidates must be careful in entering their age. Those who can give the exact date of their birth should enter the day of the month on which and the year in which they were born, as well as their actual age on the date of application. Those who are unable to give this information, must enter the number of years and the number of calendar months they completed on the date of application. Candidates giving their age and date of birth in the Malayalam Era should also state the corresponding year and date in the Christian Era.

Candidates are requested to give such a complete address as would ensure any communication by post reaching them without delay.

Candidates must obtain their hall tickets from the Registrar's Office three days before the commencement of the Examination.

### INSTRUCTIONS TO EXAMINERS

---

Question Paper Setters, Chairmen of Boards of Examiners and Examiners are requested to endeavour, to the best of their ability, to secure compliance with the following rules so far as they relate to the discharge of their respective duties:—

#### I. General

1. The proceedings of the Boards of Question Paper Setters and Examiners should be treated as *strictly confidential*.
2. All Examiners are requested to keep the marks obtained by candidates *strictly confidential*.

#### II. Question Paper Setters

1. It will be the duty of Chairmen of Question Paper Setters to give such information, assistance and advice to Question Paper Setters as may be necessary for determining the precise character of the question papers required in each subject and examination; also to arrange for the modification of such question papers as do not strictly conform to the Regulations or to any directions issued thereon.

Chairmen of  
Question  
Paper  
Setters

**Rules for  
setting and  
passing  
Question  
Papers**

2. (i) Unless specially ordered by the Syndicate, Boards of Question Paper Setters shall meet to consider and pass the question papers set by the members or by paper setters attached to their Boards, and shall forward to the Registrar *at one time*, as far as possible, all the question papers in the subjects required for the examinations of the year. Travelling and halting allowances at rates detailed in Section VII will be paid to the members of the Board of Paper Setters for attending the meetings of the Boards convened for passing question papers. No allowances for more than one such meeting will be paid.

(ii) Question Paper Setters shall forward their question papers to the Chairman so as to reach him *eight* clear days before the date fixed for the meeting; and

(iii) Question Paper Setters shall submit a scheme of marks for each question paper for consideration by Boards of Examiners appointed to conduct the examinations.

The scheme of marks for each paper should be a separate document or statement, and should be so framed as to give no indication of the nature of the questions set.

**Printing of  
Question  
Papers**

3. Chairmen of Question Paper Setters shall be responsible for the safe transmission of the papers set as above direct to the Registrar for printing. (*Vide* Section III, 5.) The Registrar may

require Question Paper Setters or their Chairman to correct proofs of all papers set by them in which case they shall return the corrected proofs and the original manuscripts promptly in sealed covers in accordance with the instructions in Section III, 5 of these instructions.

4. The attention of Question Paper Setters is directed to the rules relating to travelling allowances set out in Section VII *infra*.

5. It is an instruction to all Question Paper Setters that candidates should be allowed a wide choice of questions.

### III Question Papers

1. (a) The Question Paper Setters in **Dravidian Languages** the Vernacular languages should set their questions in the vernacular. If the answers of candidates should be written in the language of the examination paper, directions to that effect should appear on the paper.

(b) Questions on prescribed texts **English (Honours)** should be placed first in the question papers on English Literature for the B.A. (Honours) Degree Examination in Branch iv.

2. In all examinations, Question **Chemical Calculations** Paper Setters should avoid taking chemical calculations from old Examination Papers or from published collections of arithmetical chemical problems.

3. In practical examinations the **Practical Examinations** Examiners should avoid, as far as

convenient, setting questions which are mere repetitions of routine exercises already done by students during their practical courses in the University, e.g., substances or materials which are not likely to be recognised by the student from previous acquaintance may be employed. The questions should be to some extent of the nature of 'riders,' but not of course beyond the capacity of a student who is well-prepared.

**General  
instructions  
regarding  
question  
papers**

4. All question papers should be legibly written and should contain as few alterations, additions and erasures as possible.

Question Paper Setters shall preserve the strictest secrecy with regard to copies of text-books or notes or extracts therefrom used in setting question papers, and drafts or copies of question papers should be kept with the same care and secrecy as question papers themselves. These papers should be destroyed as soon as the necessity for their use has ceased. All question papers shall be enclosed in double sealed covers, marked 'Confidential' and those sent by post shall be insured for Rs. 100; papers sent by hand shall be accompanied by a note showing the name of the messenger and the time of despatch. Suitable covers will be supplied on application to the Registrar.

**Special  
instructions  
regarding  
question  
papers**

5. Attention is particularly directed to the following instructions:—

In writing question papers, words or phrases peculiar to India

or otherwise unusual, and proper names shall be clearly re-written on the margin to prevent the possibility of mistake.

Special care must be taken in the delineation of Mathematical signs and symbols.

In the case of Sanskrit papers, the South Indian or Bombay script only shall be used.

Abbreviations of any kind shall be avoided.

*Question papers shall be written on one side of the paper only.*

*Care should be taken to use plain paper only, without printed headings. No signatures or initials or other marks of identification should appear on any question paper.*

The papers shall be headed only with letters such as B.A. (Honours), B. Sc. (Honours) B.A., B.Sc., I.A., etc., respectively, indicating the particular examination, followed by the name of the subject, dates and hours of Examination, and if necessary the optional group.

*For the convenience of Question Paper Setters and Examiners, the Time-tables of all the University Examinations of the ensuing year are forwarded with these instructions.*

**Dates for  
sending in  
papers to  
the Registrar**

6. The papers for the several examinations should be forwarded direct to the Registrar and should reach him not later than the 20th January every year.

#### **IV Chairmen of Boards of Examiners**

**Minutes of  
meetings**

1. Chairmen of Boards of Examiners are required to keep, in the books provided for the purpose, minutes of the meetings held by the Boards, in which the names of the members attending and the resolutions passed are recorded, and to forward the Minute Books to the Registrar when the duties of the Boards have terminated.

**Submission  
of reports on  
examinations**

2. Chairmen of Boards of Examiners are required with respect to the examinations with which they are concerned, to forward to the Registrar a report or reports embodying such information as their respective Boards may consider it desirable to submit to the other authorities concerned.

**Distribution  
of work**

3. It is the duty of Chairmen of Boards of Examiners in Arts and Science to arrange, in consultation with the members of the Boards, for the division of the work of valuing answer-books of candidates and also of conducting the oral and practical examinations. The detailed statements of the distribution of work of valuing the answers, and the approximate number of answer-books proposed to be assigned to each examiner for valuation as determined upon by the Boards, should be

submitted by the Chairmen for the approval of the Syndicate as soon as the distribution has been made. The statement of the probable number of candidates for each examination will be furnished to the Chairmen as soon as possible after receipt of the applications.

4. It shall be the duty of the Chairmen to tabulate in registers provided for the purpose the marks awarded by the Examiners to each candidate in each paper or portion of a paper set by them, and to forward the same to the Registrar, on or before the day fixed, together with a report containing any remarks or suggestions, which they may consider deserving of attention.

**Submission of tabulated marks by Chairmen**

5. The Registers containing the tabulated marks for the various examinations, together with the Mark Books of the several Examiners should be forwarded by the Chairmen to the Registrar, by the dates specified in Section IX of these instructions.

**Dates of submission of marks of examinations to the Registrar**

6. It shall also be the duty of each Chairman, after all the Mark Registers for which he is responsible have been sent in, to report upon the conduct of the examination specifying any arrangements made by the Board under Section IV-4 below.

**Submission of report on the conduct of examinations**

7. The date on which each Mark Book is received by the Chairman should invariably be noted on the Mark Book in the space provided for the purpose.

**Chairman to note dates of receipt of Mark Books**

**Absence of  
Chairman  
from head-  
quarters.**

8. In the event of any Chairman of Examiners wishing to leave head-quarters for a longer period than one week, he should, before leaving, communicate his intention to the Registrar in order that suitable arrangements may be made for the duties of the office being discharged during his absence.

**Detailed  
estimates,  
assistance  
at Practical  
Examinations**

9. (a) Chairmen of Boards of Examiners are required to obtain from the Examiners concerned and to submit for sanction detailed estimates of the assistance required in connection with the Practical Examinations and of the amount of remuneration to be claimed therefor. All such estimates must be submitted before the end of the month preceding that in which the examinations are to be held. The estimates should show the probable number of candidates, the nature of the assistance given (except in the case of ordinary peons and attenders), the name, special qualifications, and ordinary salary of each assistant engaged.

**Claims for pay-  
ments in con-  
nection with  
Practical Ex-  
aminations**

(b) All claims for the remuneration of skilled Assistants, laboratory attenders and peons, whose services have been required at any Practical Examination and all other contingent charges in connection therewith, should be submitted to the Registrar for payment, through the Chairman of the Board of Examiners concerned *immediately after the close of the examination*, together with the certificates of permission required, in the case of Government servants, under Rule 47 of the Fundamental Rules.

(c) (i) Chairmen of Boards of Examiners are directed to arrange as far as possible for the conduct of the Practical Examinations of candidates in the University laboratories and the work at the practical examinations should be prescribed by the two Examiners appointed in consultation.

**Laboratories for the conduct of Practical Examinations**

(ii) There shall be two Examiners to conduct practical examinations in the main subjects in Physical Science subjects.

(iii) *The Viva Voce* examinations for Honours Degree Candidates shall be held as soon as possible after the Examiners have read the written answers of the candidates. No fixed proportion of marks shall be assigned to it; its purpose is to assist the examiners in placing the candidates.

10. In the Vidvan Examinations, the Chairmen of the two Boards of Sanskrit and Tamil shall meet and pass the tabulated marks before despatch to the Registrar.

**Tabulated marks of Vidvan Examinations**

11. The attention of Chairmen of Examiners is directed to the rules relating to travelling allowances set out in Section VII *infra*.

## V. Boards of Examiners

1. (a) Subject to such directions as may be issued from time to time, the Boards of Examiners in any subject or group of subjects shall as a body be responsible for the conduct of the Examinations in their respective subjects

**Board of Examiners in any subject is responsible as a body for all examinations in that subject**

and for the valuation of the answer-books of candidates.

**Duties in General of the members of Boards of Examiners**

2. It shall also be the duty of a Board of Examiners subject to the rules contained in the University Regulations and in these instructions, to make such arrangements as may appear necessary for the efficient conduct of the examination for which it is responsible, *e. g.*, to fix dates for the submission of Mark Books by Examiners to the Chairman to lay down rules *when such rules seem necessary*, for the distribution of marks between different parts of, or subjects treated in, a paper; to devise methods calculated to secure uniformity of standard in the valuation of answer-papers; to fix the date of practical or *viva voce* examinations, etc.

**Physics and Chemistry (Sub.)**

A Board of Examiners appointed to examine in any Branch of the Honours Degree Examination shall arrange for the valuation of the answer-books of candidates in that Examination by two Examiners separately. *The marks awarded by the first of the two valuing Examiners should be communicated by him not to the second examiner but to the Chairman of the Board.*

**Scrutiny and passing of tabulated marks**

3. The tabulated marks of an examination shall be scrutinized and passed by the Board of Examiners at a meeting convened for the purpose before they are forwarded to the Registrar. Should any re-valuation appear necessary they shall arrange for having it done at once.

The Board shall report upon any special feature of the examination or of the valuation work performed by Examiners.

## VI. General Instructions to all Examiners

1. Each Examiner engaged in the valuation of answer-books will be furnished at the commencement of each examination with a statement showing the total number of answer-books assigned to him for valuation: these statements should be very promptly returned to the Registrar, with the register numbers of absentees, the actual number of papers received by him accurately noted therein. *These statements form the basis on which the amount of remuneration to be paid to Examiners is calculated.*

Statement to be furnished by valuing Examiners

2. All Examiners in each subject should do their best to secure uniformity of marking. If an Examiner finds that owing to unexpected or unavoidable causes he will be unable by the due dates to complete the valuation of answer-books assigned to him, he should at once report his inability to the Chairman.

Inability to complete valuation of the books assigned

3. Answer-books of candidates which do not bear the candidates' register numbers are not to be valued by the Examiners until the register number for each of these answer-books has been correctly ascertained from the Registrar.

Answer books of candidates without register numbers.

4. Letters which Examiners may receive from candidates in connection with their answer books should

Letters to Examiners from candidates

not be answered, but should be forwarded at once to the Registrar, who will make any reply that may be necessary. The answer-books of such candidates should be forwarded at the same time to the Registrar, valued or not, as the case may be; the marks, if already awarded, should not be entered in the Mark Register, but if they have been already entered a remark should be made in the appropriate column.

**Address of  
Examiners  
to which answer  
books should be  
sent**

5. Examiners should intimate to the Registrar the nearest Railway Station to which answer-books assigned to them for valuation should be despatched and they should make their own arrangements for the delivery of the parcels of such answer-books.

All Examiners who wish answer-books to be sent to an address different from that already recorded in the office, must notify the same to the Registrar not less than three weeks before the date of examination. They should make their own arrangements with the Postal or Railway authorities concerned if any change of address is thereafter desired.

**Answer-books  
not to be taken  
out of India.**

6. In no circumstances may an Examiner take with him out of India or Ceylon answer-books for valuation.

**Mark Books  
and Memorandum  
of work  
done by an  
Examiner**

7. Mark Books must be forwarded to the Chairman without fail by the date fixed. When the last Mark Book has been duly despatched by an Examiner, he should at once send to the Registrar direct

the memorandum showing the work done by him in printed forms available in the Office of the Registrar.

8. All valued answer-books should be sent by Examiners to the Chairman of the Board and they should be preserved by the Chairman unless otherwise instructed, till the 1st September in the case of March-April Examinations and till the 1st March in the case of September Examinations. After the expiration of that period they *should be destroyed*, unless special instructions are given to the contrary.

**Answer-books to be sent by the Examiners to the Chief Examiners and the period for which they should be preserved**

9. Examiners who have reason to suspect malpractice on the part of any candidate or candidates should forthwith make all possible preliminary investigation and communicate with the Registrar immediately, forwarding all material evidence available. The nature and possibly the justice of punishments inflicted for malpractice will depend largely upon the evidence furnished.

**Malpractice**

## VII. Travelling Allowances

1. The following general rules shall apply in all cases :—

(i) No travelling allowance is admissible to Question Paper Setters, Examiners, who are resident or have their place of business within the radius of ten miles of Annamalainagar, for journeys made by them to attend meetings held within the ten miles limit of the University.

(ii) Travelling allowance will be paid only by the cheapest route.

**Rate of Travelling allowances**

2. To Question Paper Setters and Examiners, travelling expenses will be paid at the following rates:—

For all journeys performed by rail: single second class Railway fare.

For all journeys by established motor-car or steam-boat services open to the public: single first class passenger Fare or at the rate of annas 4 per mile at the option of the claimant.

For all other journeys performed by road, canal, etc.: 8 Annas per mile for a distance of 3 miles and above. No mileage is admissible for journeys within Municipal limits.

For each day or a fraction of a day necessarily spent at the destination for the conduct of University business as certified by the Chairman: Rs. 5.

Additional allowance at Rs. 3 for each 100 miles or part of 100 miles in excess of first 100 miles of each Railway journey.

**Purpose for which travelling allowances to Boards of Examiners will be paid**

3. Travelling expenses will be paid to Examiners for attending meetings for the purpose of passing question papers including practical examinations, for discussing answers to questions, for giving or receiving instructions *re* valuing answers, for conducting practical or oral examinations, and for considering and passing results.

4. (a) Travelling and Distance allowances will be paid only from the place of business. No travelling and halting allowances will be paid to any Examiner in respect of journeys for the conduct of University business at a station where he has his place of business. In the case, however, of a member of a Board of Examiners who, while on leave, or during the period of the midsummer or Michaelmas or Dasara vacation of the institution to which he is attached, is away from his usual place of business and who has to travel to a station, which may or may not be his usual place of business, or residence in order to attend a meeting of the Board of Examiners, he will be paid his travelling expenses. In the case of Examiners who are to conduct practical examinations, travelling allowance will be admissible from their vacation address, if any, reported previously to the Registrar.

Rules  
regarding  
payments of  
travelling  
allowances

(b) An Examiner may return to any station after the transaction of his business and may draw travelling allowance for the return journey, but such allowance shall not exceed the amount he would have drawn if he had returned to the place from which he came and if a report of his change of address been made previously to the Registrar.

(c) Exclusive of the payment of travelling allowances for attending meetings held to pass examination results, a member of a Board of Examiners shall be paid travelling allowance for one journey

only each way on Examination business during an examination period (March-April and September.)

(d) Travelling allowances can be claimed only after the journey is completed. For this purpose, a margin of one month from the date of the meeting will be allowed between the journeys to and fro.

(e) An Examiner shall inform the Registrar sufficiently early of his vacation address if any; only one place can be recognised at a time. Should he desire, during the period of his vacation, to change his vacation address from that already notified to the Registrar, previous intimation should be given to the Registrar. Mere mention of the places in the travelling allowance bill will not be recognised as change of address for the purposes of this rule.

**How travelling bills should be submitted**

5. Bills for travelling expenses should be submitted through the Chairman or the Chief Examiner in the prescribed form, which may be obtained from the Registrar on application.

**Journeys for which Travelling allowance will not be paid**

6. Travelling allowances will *not* be granted to Examiners for attending meetings held for the purpose of *distributing work*.

## APPENDIX A.

### Questions asked by the members of the Senate and answers thereto by the Syndicate

---

*By Mr. S. Totadri Ayyangar*

**1. Q.** Ref: Page 13, para 35 of the Annual Report:

Will the Syndicate be pleased to state when the final report of the expert Committee on technological courses of study is expected to come into its hands?

A. It is hoped that before the end of March, 1933, the report will be received.

**2. Q.** Ref: Page 2 of the Annual Report:

In view of the fact that instruction in Technology is one of the main statutory purposes of the University, will the Syndicate be pleased to state when, if not in the 'near future', it will be possible for it 'to embark on any new scheme of expansion' in this direction?

A. It is too soon to express an opinion on this matter.

**3. Q.** Page 19—Para 52 (c) of the Annual Report:

In regard to the text-book on Logic in Tamil, will the Syndicate be pleased to state

(a) Whether any time limit has been fixed for the special Board of Judges to send in their report?

(b) When the report is expected?

(c) Whether the publication of the approved work is likely in the course of the current year (1933)?

A. (a) and (b) The report has already been received.

(c) Yes.

4. Q. With reference to paras 54 and 55 (Pages 19 and 20) of the Annual Report, will the Syndicate be pleased to give information on the following points:

(a) What are the expenses actually incurred in connection with the special lectures delivered during 1932 on invitation by the Syndicate?

(b) How many of the courses of special lectures sanctioned for the year 1932-33 have already been delivered?

(c) in re: to (b) what are the amounts paid by way of travelling allowances and remuneration to the lecturers concerned?

(d) whether there is a standard rate of remuneration for each 'special lecture' or whether the rates are fixed in each individual case on its merits?

(e) whether there is any arrangement for the publication of these lectures in the University Journal or in book form?

(f) what is the object underlying 'extension lectures by members of the teaching staff of the University itself'?

A. (a) and (c) A statement is placed on the table.

(b) All the four.

(d) The rates vary from Rs. 150/- to Rs. 300/- and are fixed in each individual case on its merits.

(e) If found suitable, the whole matter or a compressed form of it will be published either as a book or in the University Journal.

(f) The dissemination of knowledge.

**5. Q.** Will the syndicate be pleased to consider the desirability of framing statutes with a view to regularising the practice of arranging for special lectures from year to year?

A. The suggestion will be considered.

*By Mr. K. R. R. Sastri.*

**6. Q. (a)** Why was the resolution of the senate not followed in the fixing of the starting salary of Mr. D. V. Bhushanam Naidu, Electrical Engineer?

(b) What were the special reasons, if any which influenced the unauthorised starting scale?

A. (a) His services could not be had for anything less than the start actually offered.

(b) His salary at the Madras Corporation and the prospects he had there.

**7. Q. (a)** Under what authority were the Registrar, the Librarian, and the Warden granted concessions re: free quarters etc?

(b) Were there any special circumstances which necessitated such a grant of concessions without getting the requisite sanction from the Senate?

A (a) Under the authority vested in the Vice-Chancellor in Section 45 (1) of the Act, he sanctioned the concession in the case of the Registrar and the Warden. The Syndicate sanctioned the concession in the case of the Librarian at its meeting held on 6-9-1930.

(b) The Syndicate felt that the nature of their duties required these concessions. The sanction of the Senate was not thought necessary.

**8. Q. (a)** When is the report of the special Committee on the starting of technological courses expected?

(b) Will the Syndicate take immediate action on the receipt of the report?

A. (a) Please see answer to question 1 by Mr. S. Totadri Ayyangar.

(b) Please see answer to question 2 by Mr. S. Totadri Ayyangar.

*By Mr. C. Vedachalam*

9. Q. Is it not a fact that one of the principal objects of the Annamalai University is 'to nurture a centre of learning to give to the world the value of Tamil learning, literature and culture'?

A. The objects of the University are mentioned in the preamble to the Act.

10. Q. If the reply to interpellation No. 9 be in the affirmative, will the Vice-Chancellor kindly state what the University authorities have done so far in that direction and what special facilities have been provided or arrangements made in the University for fulfilling that object?

A. The question does not arise.

11. Q. Is it not a fact that the Senate of the University has resolved at one of its early meetings to adopt the Tamil language as the medium of instruction in the University at a future date, and with that end in view, to have suitable text-books in all subjects prepared in Tamil?

A. A copy of the resolution of the Senate to which the member presumably refers is placed on the table.

**12. Q.** If the answer to interpellation No. 11 be in the affirmative, will the Vice-Chancellor kindly state,

(a) what steps have been taken by the University authorities up to date beyond offering a prize for a text-book in Logic;

(b) if the authorities have drawn up a programme for giving effect to that resolution within any definite period?

A. (a) A special Committee is considering the question of the publication of text-books on Indian Music.

(b) No.

**13. Q.** Will the Vice-Chancellor kindly place on the table the replies to the audit report of the University for the year 1931-32 and, in future, annex a copy of the replies to the copy of the report sent to the members of the Senate?

A. A copy of the Audit Report with the replies thereto is being sent to the members of the Senate. The audit of the accounts of 1931-1932 was finished on 24-12-1932 and the report and objections were received on 14-2-33; the draft replies were considered at the meeting of the Syndicate on the 4th March, 1933.

**14. Q.** Will the Vice-Chancellor kindly state,

(a) the qualifications of the University Civil Engineer;

(b) whether his explanation regarding the irregularities pointed out in the Audit Report was obtained, and

(c) if so, how the explanation has been finally disposed of?

A. (a) B.A., A.C.E.

(b) and (c) The explanations received from the Engineer were considered by the Syndicate and have been taken into account in the answers to the Audit Report relating to works.

**15.** Q. Will the Vice-Chancellor kindly state if he has arranged for important estimates being scrutinised and approved by the Superintending Engineer, and if necessary, the Chief Engineer of the Public Works Department, as suggested by the Audit Department?

A. Please see Syndicate's reply to paragraph 5 of the Audit Report.

### **MINUTES**

#### **I. SENATE**

The Registrar placed for information the minutes of the meeting of the Senate held on the 30th March, 1933, and reported that action had been taken on the resolutions of the Senate requiring the assent of His Excellency the Chancellor.

Resolved that the report be recorded.

Considered the report submitted by the *Ad Hoc* Committee and their recommendations.

Resolved that the recommendations be approved as modified. (*Vide* Appendix).

Considered also the motion passed by the Senate referring back to the Syndicate the recommendations re: provision for revised grades for the Librarian and the Assistant Librarian.

Resolved that the grade recommended by the *Ad Hoc* Committee for the Librarian be accepted.

Considered the following recommendation of the Syndicate placed before the Senate but not considered in view of the decision of the Academic Council referring it back to the Syndicate along with the two amendments thereto moved at the Meeting of the Council:

“That provision be made for a Professor of Economics, that the Readership be suspended and the present lectureship be continued on a temporary basis till 31-3-1934”.

### Amendments

“That the present arrangements in the Economics Department viz., the suspension of the Professorship and the substitution of a Lectureship be continued on a temporary basis till 31st March, 1934”

“That provision be made for a Reader in Tamil.”

Resolved that the present arrangement for a Reader and a Lecturer in Economics be continued till a decision is reached by the authorities on the recommendations of the *Ad Hoc* Committee.

Resolved that provision be made for an additional lecturer in Tamil in the new scale recommended by the *Ad Hoc* Committee.

In pursuance of the following motion adopted by the Senate, the Registrar submitted for consideration draft amendments to the Statutes governing elections to University Authorities.

"That Statutes 26 to 28 in Chapter VII of the Laws of the University be so amended as to ensure more effectively the secrecy of the ballot, by directing the Registrar to send to each elector, along with the declaration paper and voting paper, two envelopes—a smaller one specially for enclosing the voting paper alone, and a bigger one for enclosing the voting paper cover and the declaration paper."

Resolved that the draft amendments to the Statutes be approved and placed before the Senate at its next meeting.

## II. ACADEMIC COUNCIL

Considered the following resolutions passed by the Academic Council at its meeting held in March last.

- i. "This Council resolves to recommend to the Syndicate that steps be taken to include Elements of Economics as one of the optionals in Part III of the Intermediate in Arts and Science courses of our University."
- ii. "This Council recommends to the Syndicate that 'Hindi' be included as one of the Languages to be taken at the option of the candidate in Part II of the Intermediate in Arts and Science Courses."
- i. Resolved that the recommendation be referred to the Board of Studies in Economics for consideration and report.
- ii. Resolved that Hindi be included as one of the languages under Part II of the Intermediate Course under Regulation 4 (ii) (c) of Chapter XXXI of the Laws of the University (Page 180 of the Calendar for 1931-32).

## III. GENERAL UNIVERSITY BUSINESS

Considered again letter dated 27th February, 1933, from Prof. Swami Vipulanandaji, Convener of the Committees on Music Text-books, forwarding the minutes of the joint meeting of the Committees appointed

for considering the details of the scheme for the preparation of Music text-books in Tamil, recommending the appointment of new Committees to undertake the responsibility of editing and publishing the text-books on the basis of the outlines approved by them and also suggesting that a suitable honorarium be paid to the members on the completion of the publication of the text-books.

Resolved that Mr. T. V. Subba Rao be requested to collect the necessary information and carry on the work of the preparation of Music Text-books in Tamil.

The Registrar submitted for consideration again draft amendments to the Regulations and the Standing Orders dealing with the scale of remuneration to Paper-setters and Examiners and of Travelling Allowances to persons engaged in University business;

together with the suggestions thereon of the Deans of Faculties.

Resolved that the draft amendments to the Regulations and Standing Orders be approved and that the rates of remuneration for paper-setting for internal examiners be half the rates for external ones for the examinations in September, 1933 and March-April, 1934 only and that skilled assistants for the practical examinations in Science subjects be paid at the rate of 6 annas per candidate.

Considered the question of the appointment of a stock verifier for the Library for the year 1932-33.

Resolved that Mr. T. P. Navanitakrishnan, Lecturer in Physics, be appointed to verify the stock of the Library on a remuneration of Rs. 75.

The Registrar submitted for approval the following resolution passed by the Faculty of Science.

i. 'That the Faculty was of opinion that III Hons. Class in Physics be started from 1933' together with the remarks by the Vice-Chancellor.

Resolved that the resolution be approved and the III Hons. Class in Physics be started from July, 1933.

Considered a memorial from the Muslim citizens of South Arcot District requesting that in the circum-

stances stated, provision be made for teaching Hindustani by appointing Munshis.

Read letter dated 16-4-1933 from Mr. S. M. K. Beybani requesting in the circumstances stated, that provision be made for teaching of Urdu in the University.

Resolved that the Registrar be requested to address the Headmasters of High Schools in the South Arcot, Tanjore, Trichinopoly and Salem Districts with a view to finding what demand there is likely to be for instruction in Hindustani in the Intermediate classes of the University.

The Registrar reported that Rev. W. Græfe had resigned his membership on the Board of Studies in Modern European Languages other than English.

Resolved that the resignation be accepted and the Rev. Dr. Græfe be thanked for his valuable services to the Board.

The Registrar reported that the Librarian had been permitted to be absent from the University on other duty from the 8th to the 21st April, 1933, in connection with the All India Educational Conference at Lahore.

Resolved that permission be granted.

Read letter dated 2nd April, 1933 from the Publisher of the Bulletin of the Inter-University Board, Mysore, to the Editor, University Journal, suggesting the publication of each other's advertisements free of cost ;

together with the recommendations of the Vice-Chancellor.

Resolved that the proposal be approved.

In pursuance of the resolution of the Syndicate at its meeting held in March last, the Registrar submitted for approval a draft regulation to insist on a whole term's fee for issue of a Transfer Certificate in the middle of a term.

Resolved that the draft regulation be approved and placed before the Academic Council at its next meeting.

Considered the report of the Law Committee of the Syndicate on the following references made :

(a) Delegation of financial powers to the Vice-Chancellor and the Registrar.

(b) Letter from the Secretary, Salem District Urban Bank Ltd., Salem, re: transfer of Mr. A. Ramanatha Ayyar's shares.

(a) Resolved that the Senate be moved to pass a Statute enabling the Vice-Chancellor to incur expenditure according to Rule 52 of the Standing Orders relating to Accounts.

(b) Resolved that a copy of the letter be sent to Mr. A. Ramanatha Ayyar and that he be requested to cash the shares and transfer the cash to the University for investment.

Read letter from the Secretary, S. S. L. C. Board, forwarding extracts from the proceedings of the meeting of the S. S. L. C. Board held on the 27th March, 1933, re: revision of the scheme and syllabuses for the S.S.L.C Public Examination.

Resolved that a Committee consisting of Dr. S. N. Chakravarti, (Convener,) Prof. C. S. Srinivasachariar, and Dr. B. V. Narayanaswami Naidu be requested to consider the revised scheme and make their report at the next meeting of the Syndicate.

Resolved also that the University prescribe the subjects under-group (C) which alone would qualify for admission to the Intermediate Class of this University.

Read letter dated 31-3-1933 from the Vice-Chancellor, University of London, inviting to send a representative of this University on the occasion of the laying of the foundation stone of the new University Building.

Resolved that the Hon'ble Diwan Bahadur A. Ramaswami Mudaliar be requested to represent the University on the occasion.

Read letter dated 19-4-1933 from the Electrical Engineer on the reference made re: maintenance of accounts in respect of electricity on a commercial basis.

Resolved that consumption of electrical energy by the Hostel be metered and that the total consumption of all streets and the other

buildings be paid for by the University at the rate per unit prescribed already, and that necessary provision for monies be made under the respective budget heads.

Read endorsement by Mr. K. Rama Pisharoti, recommending the application from Mr. E. Raghava Warier, B.A. (Hons.), for being registered as a candidate for the M. Litt. Degree, and also endorsement by Prof. C. S. Srinivasachariar recommending a similar application from Mr. B. V. Ramanujam.

Resolved that the applications from Mr. E. Raghava Warier and Mr. B. V. Ramanujan be registered, it being understood that in the latter case a thesis other than the one embodying the results of his work as a research student of the University should be submitted.

Read letter dated 13-3-1933 from Mr. N. Srinivasan, B.A. (Hons.) an old student of this University, requesting that arrangements be made with the Madras University with a view to the privileges of loan of books from the Madras University Library being extended to the graduates of this University permanently resident in Madras for purposes of higher studies and research;

together with the endorsement by Mr. A. Narasinga Rao, Head of the Department of Mathematics.

Resolved that the request be forwarded to the Madras University for favourable consideration.

notes and sketch of authorities) Major Evans Bell's Empire in India.

Resolved that permission be given.

## VI. MISCELLANEOUS

Read letter dated 31st March, 1933, from Dr. M. O. Thomas, Librarian, requesting that he might be allowed to avail himself of the vacation leave of a month and a half from the 24th April to the 8th June.

Considered in this connection the reply to the audit objection No. 109 re: grant of leave to the Librarian outside India, in 1931.

Resolved that Dr. Thomas be permitted to avail himself of the vacation of 1½ months for this year from the 22nd April to the 6th June.

Resolved that the leave granted to the Librarian for 9 months 18 days was for purposes of study and that the same had been granted by virtue of Rule 37 of the Standing Orders relating to grant of leave.

The Registrar reported that Mr. V. Rajagopalachari, attender, the University Library, had been permitted to undertake private tuition work on a monthly remuneration of Rs. 5.

Resolved that the permission be granted.

Read letter dated 5-4-1933 from the Secretary Board of High School and Intermediate Education Rajaputana, Ajmere, requesting that a copy of the latest University Calendar be supplied free in exchange for the publications of the Board and to include its name in the free mailing list of the publications of this University.

Resolved that a copy of the Calendar be supplied free in exchange.

The Registrar reported that the Hon'ble Rajah Sahab had permitted the use of two rooms by the University for storing paddy in his building in the South Main Street now tenanted by the Co-operative Society and that consequently the Music College had

to hold its classes in the Oriental Block in the mornings and in the September Block in the evenings.

Resolved that the report be recorded and the arrangement be made.

## VII. BUILDINGS

Considered again the tenders received for the construction of the Library and Administrative Buildings ;

together with the Final report of Mr. Dorairaja Ayyar on the revised estimates, tenders, calculations and specifications.

Resolved that Mr. N. Durairaja Ayyar be thanked for his services to the University in respect of the tenders, plans and calculations and that Mr. A. Rajabather Mudaliar's tender be accepted and the draft agreement be carefully drawn up and placed before the Syndicate for approval preliminary to its being executed.

Considered again the purposes to which the areas acquired and purchased should be put ;

together with the schedule of lands and the map with the contours of the area.

Resolved that a plan drawn to scale roughly indicating the location of the buildings proposed to be constructed and the purposes for which the other areas would be used be prepared and placed before the next meeting of the Syndicate.

Considered the estimates received from the University Engineer in connection with the Annual Repairs for 1933-34.

Resolved that the Vice-Chancellor be requested to decide on the tenders.

Considered the question of giving a start to the Boating Scheme and the acquisition of 17.90 acres needed for the same ;

together with the recommendations of the Vice-Chancellor.

Resolved that the lands be acquired and the scheme proceeded with immediately.

### VIII. ACCOUNTS

Considered the statement of accounts for the month of March, 1933;

Also the Annual accounts for the year 1932-33.

Resolved that the statements be approved and the annual accounts be placed before the Examiner of Local Fund Accounts for verification.

The Registrar reported that during the year 1932-33, the Vice-Chancellor had exempted the following students who had discontinued in the middle of their course from paying the second instalment of tuition fees and requested confirmation of the action taken.

- i. L. S. Venkatesan—II instalment of I term fees ;
- ii. C. Vasudevan Nayar—II instalment of II term fees ;

## The Report of the Ad Hoc Committee

---

The Ad Hoc Committee appointed by the Syndicate of the Annamalai University to enquire into the financial position of the University submits the following report :—

The Syndicate's terms of reference to the Committee were " to examine the financial position of the University and to suggest retrenchment of expenditure wherever possible, so that the resources of the University might be employed in the most economical and advantageous manner. The Committee will, in this connection, consider the question of the courses of study for which provision should continue to be made, the standard of instruction in the several subjects, the strength of the staff needed for teaching and research, the number of hours of work of the members of the teaching staff and the grades of their salaries and formulate a programme of work for the next few years keeping in view the distinctive features which the University should seek to develop."

The Committee held four sittings in all when the following members were present :

The Hon'ble Dr. Rajah Sir S. R. M. Annamalai Chettiar, Kt. of Chettinad, LL.D., Founder Pro—Chancellor.

Sir K. Ramunni Menon, Kt., M.A., I.E.S.

M.R.Ry Rao Bahadur A. Lakshmanaswami Mudaliar Avl., B.A., M.D., F.C.O.G.

M.R.Ry S. Satyamurthi Avl., B.A., B.L.

M.R.Ry Rao Bahadur S. E. Runganadhan Avl., M.A., I.E.S., Vice-Chancellor (Convener)

The sittings commenced at 3 P.M. on the 4th, 11 A.M. on the 5th, 12 noon on the 6th and 11 A.M. on the 9th April, 1933. Mr. W. E. Smith, Director of Public Instruction, who had been appointed a member of the Committee could not attend any of the four meetings as he was called away to Delhi on urgent Governmental business.

In making its recommendations regarding the courses of study and the number of staff necessary for the several departments, the Committee gave consideration to the following points:—

1. The subjects for the study of which every University should make provision and those for which this University in particular should make special provision;
  2. The amount of work which may be expected from the teachers in the various grades and the number of teaching hours necessary for covering the prescribed course of study in each subject;
  3. The need for adequate facilities to be given to teachers to carry on original research;
- and 4. The obligations of the University to the existing members of the staff.

The Committee recommends that provision be made for instruction in the following subjects up to the Honours standard:—(i) English, (ii) Courses of study History, (iii) Economics, (iv) Mathematics, (v) Physics, (vi) Chemistry, (vii) Tamil and (viii) Sanskrit. In the opinion of the Committee the subjects for which this University should make special provision are South Indian History and Archæology, Tamil, Sanskrit and South Indian Music.

The Committee recommends that provision should be made for instruction in Natural Science upto the Intermediate standard.

In regard to Philosophy, in view of the provision for the study of Eastern Philosophy in the Oriental Faculty and of the paucity of students taking it up as a subject of study, the Committee recommends that the B.A. Pass course in Philosophy be discontinued from July, 1933 and that the Honours course be continued for a period of three years from 1933 with a view to a final decision being reached in regard to its retention or abolition in 1936. It recommends, however, provision being made for Logic in the Intermediate course.

On the Oriental side, the Committee recommends that admissions to the Nyaya and Mimamsa courses be made only in alternate years.

The Committee is in favour of the continuance of all the other courses for the Siromani and Vidwan Titles examinations, for the Sangitha Bushana Title examinations and for the Pandits Training Certificate examination. The Committee recommends that the course for Pandits Training be taken up by the Tamil and Sanskrit departments as part of their work and that the services of part-time men from the local High Schools be utilised for teaching Pedagogy and Drawing.

The Committee recommends that provision for instruction in Telugu under Part II of the B.A. and B.Sc. courses need not be made unless a sufficient number of students offer this language and that French need not be taught under Part II of the Intermediate and B.A. and B.Sc. Degree courses.

In recommending the omission of the provision for the teaching of Telugu for the B.A. and B.Sc. courses and of Modern European Languages, the Committee does not intend to debar any student from studying these languages. It may be possible for these languages to be offered for examination without teaching provision being made at the University. Special

instruction at the hands of a competent teacher may be recognised for purposes of attendance and qualification for appearance at the examinations.

The Committee considered the recommendations of the Faculty of Oriental Studies *re* the question of re-organisation of the Oriental courses and the introduction of courses in Tamil, parallel to the courses of Sahitya, Vedanta, Nyaya etc. in Sanskrit and does not recommend the proposals.

The Committee considered the references from the Senate and the Academic Council and its considered decisions have been embodied in the recommendations under the various Departments of Study.

The Committee is of opinion that 14 hours of lecturing and tutorial work may be fixed as an average for each teacher per week. Hours of Work. Correction of composition work and of laboratory note-books may well be done outside these hours.

The Committee is not in favour of the combination of classes generally. Such combinations may, however, be permitted in special cases if the Head of the Department concerned, the Dean of the Faculty and the Vice-Chancellor are satisfied that they may be adopted without detriment to academic efficiency.

The Committee recommends that there be four grades of teachers in the University, Professors, Lecturers, Pandits (junior and senior) and Demonstrators. Each department shall be staffed by a Professor and lecturers and, where necessary, by demonstrators or pandits except where the courses form parts or sections of other departments, as for example, Natural Science, Telugu, Malayalam, Pandits Training, and South Indian Music. Philosophy need not be constituted into a

department so long as the Honours course, as already recommended, is retained on a provisional basis.

The Committee feels that in view of the general fall in prices and of the revision of scales accepted by Government in respect of their employees in the Educational, Administrative and other services, the following scales may be considered reasonable in view of the financial resources of the University :—

Salaries of teachers. The scale for Professors shall be Rs. 200-10-400-10-500. It is the recommendation of the Committee that the present cadre of Readers and Professors be absorbed into this new scale at as early a date as possible. The grade Rs. 400-10-500 of the above scale shall be regarded as a special grade; the maximum number in the special grade shall at no time exceed three and these places shall be filled up entirely at the discretion of the Board of Selection and it shall be competent for the University to recruit a Professor directly to the grade as Head of the Department. It shall not be obligatory to fill any or all of these three places in this special grade.

The scale for lecturers shall be Rs. 100 to Rs. 200 with biennial increments of Rs. 10/-. In this grade may be absorbed the present assistant lecturers and lecturers.

The scale for senior pandits shall be Rs. 75 to Rs. 100 with biennial increments of Rs. 5 and for junior pandits from Rs. 50 to Rs. 75 with biennial increments of Rs 5.

The scale for demonstrators shall be Rs. 50 to Rs. 60 with annual increments of Rs. 5. It is the intention of the Committee that demonstrators may be permitted to remain in the service of the University, for a maximum period of three years.

In fixing the existing members of the staff in the new grades, the Committee recommends that, wherever

the terms of the contract make the retention of the present teachers in the service of the University obligatory, they should be placed in the new grades, without any reduction in their present salaries. They will, in other words, be given the new grade pay with the balance of their old salaries, if any, as a personal allowance till the present contract ceases.

The Committee has made no provision for leave allowances as it is of opinion that the cost, if any, of acting arrangements should be met out of the savings under 'salaries' of the teachers or other members of the staff going on leave.

do. sanitation contingencies			„ 500
do. bulls	...	...	„ 100

## 16. Contribution to Provident Fund „ 11,000

## 17. Electricity: The present provision may continue so long as the present system of power production and supply continues.

The programme of building work to be taken on hand as early as possible is set out in the annexure.

The Committee feels that as no more than Rs. 4.25 lakhs can be safely expected as the normal income, no better salaries than those recommended above can be sanctioned for ten years to come; with the present resources no new department can be opened, no new grades can be sanctioned and no new items

of building work attempted except those indicated in the programme given in the annexure. As all the available resources are needed for the schemes and courses outlined under the Buildings and General Funds, such savings as are effected out of the General Fund should be transferred from year to year to the Building Fund as has been hitherto done.

The Committee urges the adoption of its recommendations as early as possible.

## APPENDIX

*Resolutions passed by the Syndicate on the recommendations of the Ad Hoc Committee Report.*

1. The Syndicate resolved that instruction in Philosophy for B. A. (Pass) course be also given if the same be possible with the staff of three lecturers on the new scale recommended by the *Ad Hoc Committee*.

2. The Syndicate resolved that with the sanctioned strength of 9 teachers for Sanskrit as recommended by the *Ad Hoc Committee*, not less than 3 out of the 5 branches of the Siromani course be offered every year on the oriental side.

3. The Syndicate resolved that the Vice-Chancellor be requested to arrange for the co-operation of the three Universities in the Presidency in order to avoid overlapping of courses.

4. The Syndicate resolved that the recommendations of the Committee re: hours of work, combination of classes and strength of the staff of the Departments of Study be referred to the Faculties for consideration by them at their meetings in July and report as to whether the work could not be done with the staff recommended by the *Ad Hoc Committee* and that the Vice-Chancellor be requested to preside over a joint meeting of the Faculties with a view to explaining the recommendations of the *Ad Hoc Committee*.

5. The Syndicate resolved that there be 5 grades of teachers in the University: viz. Professors on Rs. 400-10-500; Readers on Rs. 200-10-400; Lecturers on Rs. 100-10/2-200; Pandits (Junior and Senior) on Rs. 50-5/2-75 and Rs. 75-5/2-100 and Demonstrators on Rs. 50-5-70.

Resolved that the scale for Professors be Rs. 400-10-500 and the scale for Readers be Rs. 200-10-400.

6. The Syndicate resolved that the lines 17 and 18 on page 182 and the lines 14 and 15 on page 183 be deleted.

7. The Syndicate resolved that the maximum period of service for demonstrators be 5 years.

8. The Syndicate resolved also that persons already in service receiving salaries higher than the maxima of the new grades proposed by the *Ad Hoc* Committee be offered the maximum of the new grades.

9. The Syndicate resolved that the Manager of the University Office be allowed to continue in his present scale and that the new scale of Rs. 75-5/2-125 be adopted only for new entrants.

10. Resolved that the three temporary clerks in the Library be given a month's notice and their services terminated on the 1st June, 1933.

11. The Syndicate resolved that the recommendations of the *Ad Hoc* Committee regarding the abolition of the posts of one senior clerk, the attender and the water-man be accepted and that the Vice-Chancellor be requested to make the necessary arrangements to give early effect to the decision of the Syndicate.

12. The Syndicate resolved that it does not consider it practicable to pay Travelling Allowances only for one meeting of the Senate as two meetings are statutorily required and would accordingly request the Vice-Chancellor to so arrange the business of the Syndicate that there be only 7 meetings of the Syndicate.

13. The Syndicate resolved that consequent on the abolition of posts by the Senate, arrangements be made to terminate the services of (i) an assistant Lecturer in Economics, (ii) an assistant Lecturer in Mathematics, and (iv) an assistant lecturer in Sanskrit.

Resolved that the Vice-Chancellor be requested to consult the Heads of Departments and report on the action taken by way of termination of services.

14. The Syndicate resolved that Mr. T. Balakrishnan Nayar be appointed Lecturer in History on Rs. 200 for 6 months from 1st April, 1933 and that a report of this appointment be made to the Board of Selection.

15. The Syndicate resolved that the allowances to Dr. B. V. Narayanaswami Naidu, Head of the Department of Economics, and Mr. R. Ramanujachariar, officiating Reader in Philosophy be continued till the Senate takes a decision on the question of the constitution of the departmental staff.

Resolved also that the personal allowance to Mr. K. Ponniah Pillai be continued so long as he is in service at the University.

16. The Syndicate resolved that for the year 1933-34 where the Senate's sanctions and the *Ad Hoc* Committee's sanctions differ in amount, the following be taken as the sanctions in modification of the budget sanction for the year made by the Senate:—

	Rs.
1. Equipment .. ...	...
2. Printing and Binding .. ...	7,000

8. Examinations ... ..	25,000
9. Subscriptions and Donations ... ..	1,050
10. Scholarships and Stipends ... ..	19,200

(With a view to giving effect to the recommendations of the *Ad Hoc* Committee as early as possible, the rates of stipends for Vidwans and Siromanis be

revised to Rs. 10 per month for 9 months in all years of the course and that with due regard to previous commitments in respect of Scholarships and Stipends the recommendations of the *Ad Hoc* Committee be worked out in the course of this year and the next.)
